It's a Wonderful Life Study Guide 2018-04-12

designed and written for the student new to psychiatry the introductory textbook of
psychiatry sixth edition provides a concise summary of diagnosis and classification
interviewing and assessment the neurobiological basis of psychiatry the various
psychiatric disorders treatment modalities psychotropic medications and much more
all in a dsm 5 compatible format the study guide to this bestselling text is
similarly structured and written to enhance comprehension and consolidation of the
knowledge acquired from the text the format replicates what might be encountered in
specialty certifying exams with each question followed by multiple choice responses
including plausible distractors in the answer guide the question is repeated and the
answer is then provided along with the reasoning for the correct response and why
the other answers are incorrect each question is linked to a page in the textbook
making it easy for the reader to further review the topic as an ancillary resource
the book has much to recommend it although uniquely useful for medical students
beginning psychiatry residents and those studying for board exams the study guide
can be used equally well in a variety of training programs including advanced
practice nursing physician assistant programs social work and psychology the authors
of the text are accomplished writers as well as clinicians and the book is valued
for its engaging writing style and consistent structure the study guide mirrors
these strengths and the resulting volume is accessible easy to use interesting and
highly readable the guide builds on the text s many case vignettes useful clinical
pearls and a multitude of self assessment questions covering everything a student
new to psychiatry needs to know the introductory textbook of psychiatry is designed
to provide medical students beginning residents and others with a solid foundation
and orientation to the field and the study guide is the perfect companion volume to
the classic text reinforcing critical concepts and testing 2006 arctic cat snowmobile
