The History of Oxford University Press 2013 features written by thirteen contributors experts in their fields of history publishing and printing includes almost 200 illustrations contains maps showing the growth and extent of press activity in oxford at different points in the period covered by the volume draws extensively on material from the oxford university archives the story of oxford university press spans five centuries of printing and publishing beginning with the first presses set up in oxford in the fifteenth century and the later establishment of a university printing house it leads through the publication of bibles scholarly works and the oxford english dictionary to a twentieth century expansion that created the largest university press in the world playing a part in research education and language learning in more than 50 countries with access to extensive archives the history of oup traces the impact of long term changes in printing technology and the business of publishing it also considers the effects of wider trends in education reading and scholarship in international trade and the spreading influence of the english language and in cultural and social history both in oxford and through its presence around the world this first volume begins with the successive attempts to establish printing at oxford from 1478 onwards ian gadd and sixteen expert contributors chart the activities of individual university printers the eventual establishment of a university printing house its relationship with the university and influential developments in printing under archbishop laud john fell and william blackstone they explore the range of scholarly and religious works produced together with the growing influence of the university press on the city of oxford and its place in the book trade in general by the late eighteenth century the university press was both printer and publisher this second volume charts its rich and complicated history between 1780 and 1896 when transformations in the way books were printed led in turn to greater expertise in distributing and selling oxford books simon eliot and twelve expert contributors look at the relationship of the press with the wider book trade and with the university and city of oxford they also explore the growing range of books produced including above all the creation and initial publication of the oxford english dictionary readership in the third volume the twentieth century brought new horizons to oxford university press as offices were opened in the usa in 1896 canada australia india pakistan east asia and africa wm roger louis and 22 expert contributors explore the growth of oup s publishing not only in works of scholarship and religion but also in dictionaries reference works and literature for general readers and in publishing for education and english language teaching they trace oup s relationship with the university and city of oxford and its place in london and the international book trade the volume also considers the technological revolution that led to the decline of the printing business in oxford and the new challenges of managing a much larger organization that

were identified by the influential waldock report of 1970 those interested in publishing history company histories book history cultural and industrial history and the history of oxford particularly it will appeal to academics working and teaching in these subjects and also to authors academics and readers connected with oxford or oup publishers note

History of Oxford University Press: Volume I 2013-11 the story of oxford university press spans five centuries of printing and publishing this first volume traces the beginnings of the university press its relationship with the university and developments in printing and the book trade as well as the growing influence of the press on the city of oxford

Oxford University Press 1992 oxford university press is one of the oldest and best known publishing houses in the world this history originally published to mark 500 years of printing in oxford traces the transformation of the press from a lucrative bible house into a great national and international publishing business great names in the early history of the press like laud fell and blackstone laid sound foundations but as late as the 1890s the university was censured for sanctioning the publication of the secular and profane literature of marlowe and shakespeare

The Oxford University Press 1978 the history of oxford university press spans five centuries of printing and publishing this third volume begins with the establishment of the new york office in 1896 it traces the expansion of oup in america australia asia and africa and far reaching changes in the business and technology of publishing up to 1970

History of Oxford University Press: Volume III 2013-11 the history of oxford university press spans five centuries of printing and publishing taking the story from 1780 to 1896 this volume covers developments in publishing technology the output of the university press its relationship with the university and city of oxford and its growing place in the wider book trade

History of Oxford University Press: Volume II 2013-11 the story of oxford university press spans five centuries of printing and publishing beginning with the first presses set up in oxford in the fifteenth century and the later establishment of a university printing house it leads through the publication of bibles scholarly works and the oxford english dictionary to a twentieth century expansion that created the largest university press in the world playing a part in research education and language learning in more than 50 countries with access to extensive archives the four volume history of oup traces the impact of long term changes in printing technology and the business of publishing it also considers the effects of wider trends in education reading and scholarship in international trade and the spreading influence of the english language and in cultural and social history both in oxford and through its presence around the world in.

the decades after 1970 oxford university press met new challenges but also a period of unprecedented growth in this concluding volume keith robbins and 21 expert contributors assess our s changing structure its academic mission and its business operations through years of economic turbulence and continuous technological change the press repositioned itself after 1970 it brought its london business to oxford closed its printing house and rapidly developed new publishing for english language teaching in regions far beyond its traditional markets yet in an increasingly competitive worldwide industry our remained the department of a major british university sharing its commitment to excellence in scholarship and education the resulting opportunities and sometimes tensions are traced here through detailed consideration of our s business decisions the vast range of its publications and the dynamic role of its overseas offices concluding in 2004 with new forms of digital publishing the history of our sheds new light on the cultural educational and business life of the english speaking world in the late twentieth century

The History of Oxford University Press: Volume IV 2017-05-26
This volume covers the period from 1970 to 2004, detailing the press's transition from a traditional printing house to a global publisher of digital content. It explores the challenges of economic and technological change and the opportunities for growth in new markets.

Some Account of the Oxford University Press, 1468-1921 1922
This historical account provides a detailed look at the press's early years, from its founding in 1468 to the early 20th century. It discusses the press's role in education and scholarship during this period.

1996 publishing is one of the oldest and most influential businesses in the world it remains an essential creative and knowledge industry worth over 140 billion a year which continues to shape our education and culture two trends make this a particularly exciting time the first is the revolution in communications technology that has transformed what it means to publish far from resting on their laurels and retreating into tradition publishers are doing as they always have staying on the cutting edge the second is the growing body of academic work that studies publishing in its many forms both mean that there has never been a more important time to examine this essential practice and the current state of knowledge the oxford handbook of publishing marks the coming of age of the scholarship in publishing studies with a comprehensive exploration of current research featuring contributions from both industry professionals and internationally renowned scholars on subjects such as copyright corporate social responsibility globalizing markets and changing technology this authoritative volume looks at the relationship of the book publishing industry with other media and how intellectual property underpins what publishers do it outlines the complex and risky economics of the industry and examines how marketing publicity and sales have become

ever more central aspects of business practice while also exploring different sectors in depth and giving full treatment to the transformational and much discussed impact of digital publishing this handbook is essential reading for anyone interested in publishing literature and the business of media entertainment culture communication and information
