the need to be rescued is somewhat about personal incompleteness and mostly about god who desires to have loving communion with creation spiritual rescue follows a simple pattern messiah is lovingly sent to rescue each has a tendency to fight against the rescuer personal humility is a statement of faithful surrender and the key to being found the greatest journey of rescue is jesus messiah s upper room to empty tomb victory over sin and death now rescued the individual s only responsibility is to bear the christ who bears our wounds such is the journey to rescue in the humility of being found a journey to rescue kevin b cain writes please acknowledge deep within every soul there is division from and longing for communion with the one larger than ourselves and with brothers and sisters in the struggle of life every division requires rescue and the eternal estrangement of people from the god who loves them necessitates the greatest of rescues and so whether we realize or not each of us sets out on a journey to discover rescue thousands of years ago messiah did the same god descended into a journey not to be rescued but to offer rescue the apostle paul says messiah s journey to rescue each of us can be summed up in three words death burial and resurrection whether the individual s journey to be rescued is active or passive jesus journey of death burial and resurrection has brought rescue to all you are now being invited to enter thirty six hours from my personal journal in the pages that follow you will read my chronicling of jesus upper room to empty tomb journey of rescue and my attempt through vigil to journey alongside creation s rescuer in the written testimony of my journey to be rescued and my stumbling over the messianic leaf of god s rescue that follows perhaps you too will stumble welcome rescue and rise

this is the story of how one man cruised through life dealing with ups and downs in his christian faith it s much more than just a biographical description though as that would probably be pretty boring there were a number of questions and issues that had to be dealt with during this journey and they all had an influence on his faith an understanding of each of these and a description of how they impacted his life is a primary part of the book the positions that were developed allowed his faith to be fortified and strengthened his relationship with god topics that are covered include sin evil death judgmental behavior creation forgiveness the second coming of jesus christ and several potentially confusing topics such as baptism communion and the trinity it is certain that everyone won t be in full agreement with the positions given but they work for him god has led him to these positions to strengthen his faith and bring him closer they certainly don t make him perfect as he is still a sinner but they do show that he can be forgiven through the sacrifice of jesus christ god can lead other folks to a very different understanding of these issues and these differences should not cause serious conflicts between individuals no one is perfect or has complete knowledge of god s plan for his universe you can look for and find your own understanding of these same or similar questions with the help of the holy spirit when your faith is fortified and you feel closer to god you ll know you ve got it the information in this book may help you think about what s right for you as you read this remember there are two great commandments love god and love your neighbor as yourself keeping these forefront in your mind is the best way to live your life in a god pleasing way
