national security law and counterterrorism law 2022 2023 supplement national security law and counterterrorism law 2023 2024 supplement this book offers a comparative analysis of counter terrorism law and practice in the east african community including compliance with international human rights and humanitarian law bailey offers legal reform recommendations to achieve better compliance with international legal obligations counterterrorism law Ša deep and thoughtful exploration of counter terrorism written by leading commentators from around the globe this book poses critical questions about the definition of terrorism the role of human rights and the push by many governments for more secu this book provides a systematic overview of counter terrorism laws in twenty two jurisdictions representing the americas asia africa europe and australia national security law sixth edition and counterterrorism law third edition 2021 2022 supplement this book considers the increasing trend towards a culture of control in democratic countries the post 9 11 counter terrorism laws in nations such as the usa the uk canada and australia provide a stark demonstration of this trend these laws share a focus on the pre emption of crime restrictions on the right to liberty of non suspects limited public access to information and increased community surveillance the laws derogate in many respects from the ordinary principles of the criminal justice system and fundamental human rights while also harnessing public institutions in the broader project of prevention and control distinctively the contributors to this volume focus on the impact of these laws outside of the counter terrorism context the book draws together a range of experts in both public and criminal law from australia and overseas to examine the effect of counter terrorism laws on public institutions within democracies more broadly issues considered include changes to the role and functions of the courts the expansion of executive discretion the seepage of extraordinary powers and pre emptive measures into other areas of the criminal law and the interaction and overlap between intelligence and law enforcement agencies counter terrorism and beyond the culture of law and justice after 9 11 will be of interest to students and scholars of criminal law criminology comparative criminal justice terrorism and national security public law human rights governance and public policy national security law counterterrorism law 2012 2013 supplement to ensure that you have the most up to date and complete materials for your national security law or counterterrorism law class be sure to use national security law and counterterrorism law 2009 2010 supplement new to this edition attorney general s guidelines for domestic fbi investigations oct 2008 ashcroft v iqbal s ct may 18 2009 al maqaleh v gates d d c apr 2 2009 office of the attorney general the freedom of information act foia mar 19 2009 gates v syrian arab republic d d c sept 26 2008 boim v holy land found for relief and dev boim iii 7th cir en banc dec 3 2008 republic of iraq v beaty s ct june 8 2009 in re directives redacted text pursuant to section 105b of the foreign intelligence surveillance act fisa ct rev aug 22 2008 john doe v mukasey doe v 2d cir dec 15 2008 in re terrorist bombings of u s embassies in east africa fourth amendment challenges 2d cir nov 24 2008 boumediene v bush d d c nov 20 2008 the obama executive orders of jan 22 2009 al marri v spagone s ct mar 6 2009 doj memo re detention authority mar 19 2009 senate armed services committee inquiry into the treatment of detainees in u s custody executive summary dec 11 2008 olc memo authority for the use of force within the united states oct 6 2008 eu counter terrorism law pre emption and the rule of law is a detailed study of eu action to combat terrorism since 11 september 2001 and the implications that action has had for the eu legal order it critically examines eu counter terrorism measures to ascertain how rule of law principles have been affected in the war on terror the book opens with a critical examination of the rule of law in the eu legal order it then provides an overview of the war on terror before analysing five

key facets of eu counter terrorism the common european definition of terrorism along with related offences contained in the framework decision on combating terrorism the eu s anti money laundering and counter terrorist finance laws un and eu targeted asset freezing sanctions eu data retention measures such as the data retention directive and the passenger name records agreements and the european arrest warrant and european evidence warrant the book argues that eu counter terrorism is weakening the rule of law and bypassing safeguards in favour of a system emphasising coercive control over individual autonomy it concludes by examining the prospects for the future as the eu becomes a more powerful security actor following the lisbon treaty and the adoption of the stockholm programme an impressively accurate and alarming analysis ms sophia in t veld mep and vice chair of the european parliament committee on civil liberties justice and home affairs 2nd prize winner of the society of legal scholars peter birks prize for outstanding legal scholarship 2013 terrorism law and legal practice has been politically and socially controversial to a degree beyond almost any other legal issue during the past few years and this analytical text contains extensive analysis of these controversies terrorism and the law offers a thoughtful and up to date discussion of all the key materials on terrorism law it provides comprehensive coverage of all the major domestic european and international laws and their impact on the uk it also contains an extensive examination of the implementation of these terrorism laws and of the practical issues they raise the book contains three parts part i focuses on meanings of terrorism in law and political science it provides the reader with an understanding of the phenomenon and the legal concept including its statutory definitions which is essential to the book s assessment of the strategies and tactics adopted in the codes of laws it also covers normative constraints such as human rights part ii focuses on the united kingdom law it provides extensive coverage of the major uk terrorism legislation such as the terrorism act 2000 the anti terrorism crime and security act 2001 the prevention of terrorism act 2005 the terrorism act 2006 the terrorism northern ireland act 2006 the justice and security northern ireland act 2007 and the counter terrorism act 2008 it also examines the key laws and rules relating to terrorism policing and legal processes it discusses the meaning of these legislative materials as well as their implementation and includes reference to case law and practice statements from the police and courts part iii reflects the impact of european international and transnational laws and practices covering international transnational cooperation and extradition key european union law measures against terrorism other international law measures against terrorist activities and international human rights and terrorism government responses to terrorism can conflict with the protection of human rights and the rule of law by comprehensively looking at all aspects of counter terrorism measures from a comparative perspective this book identifies best practices and makes clear recommendations for the future national security law and counterterrorism law supplement this casebook in a logical and student friendly format presents the challenges that terrorism poses to the law the decisions of congress the president and the courts are organized around various counterterrorism strategies and processes strategies used in the united states are compared with those of other nations the cases and notes explore fascinating issues seldom found elsewhere in law schools such as crimes punishing speech warrantless searches and seizures data mining foreign intelligence surveillance extraordinary rendition state secrets lengthy military detention enhanced interrogation techniques unusual trial forums and processes targeted killings immigration sweeps and compensation barriers illustrations include boundary blurring between criminal and military law reconsideration of traditional detention and interrogation practices mingling of investigation and intelligence gathering exceptions to constitutional protections of individual rights new fault lines between courts the executive and congress modifications to the law of armed conflict revisions to immigration law unique aspects of compensation systems related to terrorism the book is structured into the following chapters and topics chapter i provides a broad brush introduction primarily non legal to terrorism and counterterrorism a short substitute for an undergraduate overview of this field chapters ii and iii explore antiterrorism criminal law including punishments and criminal procedures related to finding terrorists chapter iv then

examines in detail a specific investigatory tool foreign intelligence surveillance chapters v vii present the legal battles over civilian and military detention and interrogation of alleged terrorists and the processes mainly habeas corpus for ending detention trial processes concerning defendants c since 9 11 terrorism has been at the forefront of global politics and international relations this new edition has been thoroughly updated and provides a comprehensive compilation of international law documents relating to terrorism covering the main instruments passed by the united nations regional organizations and the state practice of the us and the uk on the issue of combating terrorism in one handy volume it covers the most recent instruments in the field of combating terrorism such as the international convention for the suppression of the financing of terrorism the financial action task force revised forty recommendations on money laundering the special recommendations on money laundering the special recommendations on terrorist financing the collection is introduced by the authors with an explanation of the salient issues relating to terrorism and proposals on how it can be combated international law documents relating to terrorism provides in a single text all the basic documents in international law relating to terrorism paying particular attention to the lockertie bombing case and the developments since 9 11 the articles and essays in this volume consider the problem of international terrorism from an international legal perspective the articles address a range of issues starting with the dilemma of how to reach agreement on what constitutes terrorism and how to encapsulate this in a legitimate definition the essays move on to examine the varied responses to terrorism by states and international organisations these responses range from the suppression conventions of the cold war which were directed at criminalising and punishing various manifestations of terrorism to more coercive executive led responses finally the articles consider the role of the security council in developing legal regimes to combat terrorism for example by the use of targeted sanctions or by general legislative measures an evaluation of the contribution of the sum of these measures to the goals of peace and security as embodied in the un charter is central to this collection to ensure that you have the most up to date and complete materials for your national security law or counterterrorism law class be sure to use national security law and counterterrorism law 2009 2010 supplement new to this edition attorney general s guidelines for domestic fbi investigations oct 2008 ashcroft v iqbal s ct may 18 2009 al maqaleh v gates d d c apr 2 2009 office of the attorney general the freedom of information act foia mar 19 2009 gates v syrian arab republic d d c sept 26 2008 boim v holy land found for relief and dev boim iii 7th cir en banc dec 3 2008 republic of iraq v beatty s ct june 8 2009 in re directives redacted text pursuant to section 105b of the foreign intelligence surveillance act fisa ct rev aug 22 2008 john doe v mukasey doe v 2d cir dec 15 2008 in re terrorist bombings of u s embassies in east africa fourth amendment challenges 2d cir nov 24 2008 boumediene v bush d d c nov 20 2008 the obama executive orders of jan 22 2009 al marri v spagone s ct mar 6 2009 doj memo re detention authority mar 19 2009 senate armed services committee inquiry into the treatment of detainees in u s custody executive summary dec 11 2008 olc memo authority for the use of force within the united states oct 6 2008 the increasingly transnational nature of terrorist activities compels the international community to strengthen the legal framework in which counter terrorism activities should occur at every level including that of intergovernmental organizations this unique timely and carefully researched monograph examines one such important yet generally under researched and poorly understood intergovernmental organization the organization of islamic cooperation oic formerly the organization of the islamic conference in particular it analyses in depth its institutional counter terrorism law making practice and the relationship between resultant oic law and comparable un norms in furtherance of un global counter terrorism strategy goals furthermore it explores two common mis assumptions regarding the oic namely whether its internal institutional weaknesses mean that its law making practice is inconsequential at the intergovernmental level and whether its self declared islamic objectives and nature are irrelevant to its institutional practice or are instead reflected within oic law where significant normative tensions are discerned between oic law and un law the monograph explores not only whether these may be explicable

at least in part by the oic s islamic nature and objectives but also whether their corresponding institutional legal orders are conflicting or cooperative in nature and the resultant implications of these findings for international counter terrorism law and policy making this monograph is expected to appeal especially to national and intergovernmental counter terrorism practitioners and policy makers as well as to scholars concerned with the interaction between international and islamic law norms from the foreword by professor ben saul the university of sydney dr samuels book must be commended as an original and insightful contribution to international legal scholarship on the oic islamic law international law and counter terrorism it fills significant gaps in legal knowledge about the vast investment of international and regional effort that has gone into the global counter terrorism enterprise over many decades and which accelerated markedly after 9 11 the scope of the book is ambitious its subject matter is complex and its sources are many and diverse dr samuel has deployed an appropriate theoretical and empirical methodology harnessed an intricate knowledge of the field and brought a balanced judgement to bear to bring these issues to life this book presents a definition of terrorism that is broad and descriptive and much needed to prevent misunderstanding the book identifies the features that make terrorism wrong including coerciveness the violation of rights and undermining of trust next it evaluates reasons given for terrorism such as the protection of human rights and the liberation of oppressed groups as not normally justified following this the book identifies and evaluates international responses to terrorism taking into account general assembly and security council resolutions united nations conventions and criminalization in international law it also looks at national responses which often take the shape of surveillance detention interrogation trials targeted killings intrusion and invasion finally the book discusses how if at all the moral norms of personal morality apply to the actions of nation states national security law sixth edition and counterterrorism law third edition 2018 2019 case supplement this book considers the impact of post 9 11 counter terrorism laws outside of the counter terrorism context a process described here as contagion it does so via a detailed empirical examination of the impact of counter terrorism measures on the criminal justice systems of three selected eu countries with varying histories and experience of terrorism namely the uk france and poland in particular the book explores the synergistic relationship between counter terrorism measures and control measures aimed at ordinary crimes and asks what the implications are for the direction of travel of the criminal law in general it probes the hegemonic power of terrorism and the securitisation agenda more broadly and discusses the implications for criminology as a discipline does it for example have a role in social contestation of contagion this book will be suitable for academics and students interested in political violence terrorism and counterterrorism as well as practitioners and experts working in the area a must read and a breakthrough work the book makes clear the importance of comparing learning from and adapting legal systems to the ever changing world while maintaining the integrity of the constitution the subtlety of the book shows deep understanding of these legal regimes something most legal analysts and policy makers from both systems sorely lack a most timely and valuable analysis prof christopher l blakesley university of nevada las vegas and author of terrorism and anti terrorism a normative and practical assessment a careful and authoritative account of the controversial practice of investigative detention as a tool for responding to terrorism in a post september 11th world informed by an impressive knowledge of american british and french law stigall s book reflects a distinctive comparative perspective it deserves to be read not only by scholars and students in the field but also by policy makers on both sides of the atlantic prof stuart p green rutgers school of law newark dan stigall s analysis highlights the danger of dismissing a comparative approach for he has most effectively used the british and french experience in discussing detention while no regime has the answer an illusion at best democratic nations can well learn from each other s successes and failures precisely for that reason policy makers jurists and the concerned public owe dan a collective thanks in addressing the extraordinarily complicated issue of detention from a comparative perspective he has truly bitten off a very large bite of a problematic apple that he has done so is to our benefit that he has done so successfully is to his

credit while we shall continue to struggle with the limits of detention and what legal paradigm is the correct one we are the richer for dan s book it can serve as an effective guide as we continue to traverse the never ending field of terrorism and counterterrorism amos n guiora professor of law s j quinney college of law university of utah the book provides one of the first accounts of aml cft legislation in australia sets the international policy context and outlines key international legal obligations it assesses its effectiveness and its contribution to the erosion of democracy national security law and counterterrorism law 2017 2018 supplement international counterterrorism law is the first book to consider national terrorism legislation in every one of the 197 states worldwide it explains how international counterterrorism law has become a distinct branch of international law and what the different components are in both peacetime and armed conflict the relevance and contribution of international humanitarian law international criminal law national criminal law and international human rights law are examined in combination with global sectoral terrorism treaties and regional instruments to provide a thorough yet manageable account of the law s application real life examples are used to inform the material from ukraine to syria to iran and the unlawful actions of the global war on terror so that the reader can understand how domestic and international terrorism has historically been treated by prosecutors and the courts in the years since 9 11 counter terrorism law and policy has proliferated across the world this book sets out a comprehensive survey of how the law has been deployed in all aspects of counter terrorism the handbook provides an authoritative and critical analysis of how laws are and ought to be invoked in domestic jurisdictions against terrorism with a comparative approach the focus is on those jurisdictions which have produced legal innovations with a sizeable impact primarily the usa the uk australia canada france germany and the european union the never before published contributions to the book are written by experts in the field of terrorism law and policy allowing for discussion of a wide range of regulatory responses and strategies of governance the book is divided into four parts the boundaries and strategies of national counter terrorism laws the pursuit of terrorists through national criminal process and executive measures protective security and preventive measures the chapters engage with areas of traditional interest to lawyers such as policing and special powers criminal offences and the courts and prison regimes but also tackle emerging subjects including preventing radicalisation and protective preparative security in this way the handbook reflects the elements of counter terrorism laws which are more transformative of mass movements and transactions alongside prosecutions or orders aimed at particular individuals national security law fifth edition and counterterrorism law second edition 2015 2016 case supplement it is an increasingly herculean task to stay abreast of developments in our field given their dizzying pace and substantive breadth even with new editions of national security law and counterterrorism law slated for publication in spring 2020 the 2019 2020 supplement will help students and teachers stay up to date during the coming academic year by including the most important recent cases legislation and executive branch actions the new supplement also underscores the critical work that lawyers do to keep this nation both safe and free available in august recent developments addressed in the 2019 2020 supplement fallout from the mueller report u s mexico border wall emergencies and related issues russian interference in u s elections congressional access to executive branch information the next generation of guantánamo litigation much more the increasingly transnational nature of terrorist activities compels the international community to strengthen the legal framework in which counter terrorist activities should occur including at the intergovernmental level this monograph examines one such important intergovernmental organisation the organisation of islamic cooperation the threat of personal harm and destruction from terrorist attacks is nowhere near as great as in arab nations however are counter terrorism laws in the arab world formulated and enforced to protect or oppress colonialism neo colonialism and anti terrorism law in the arab world examines the relationship between western influence and counter terrorism law focusing on the arab world which is on the one hand a hostile producer of terrorist organizations and on the other a leader in countering terrorism with case studies of egypt and tunisia alzubairi traces the colonial roots of the

use of coercion and extra legal measures to protect the ruling order which are now justified in both the west and the arab world in the name of counter terrorism colonialism neo colonialism and anti terrorism law in the arab world provides important lessons for counter terrorism not just in these countries but also elsewhere in the world this is the 2013 2014 case supplement to accompany national security law fifth edition and counterterrorism law second edition table of contents preface teacher s guide for national security law 5th edition teacher s guide for counterterrorism law 2d edition table of cases remarks of the president at the national defense university may 23 2013 clapper v amnesty international usa s ct feb 26 2013 kiobel v royal dutch petroleum co s ct apr 17 2013 note on united states v hamdan hamdan ii d c 36 cir oct 16 2012 leon panetta secretary of defense remarks to the business executives for national security oct 11 2012 harold hongju koh international law in cyberspace sept 18 2012 presidential policy directive pppd 20 u s cyber operations policy n d remarks by the president at the national defense university may 23 2013 targeting u s policy standards and procedures for the use of force in counterterrorism operations outside the united states and areas of active hostilities may 22 2013 department of justice white paper lawfulness of a lethal operation directed against a u s citizen who is a senior operational leader of al qa ida or an associated force draft nov 8 2011 note on gang of four notifications office of the director of national intelligence intelligence community directive no 112 congressional notification nov 16 2011 introduction the fourth amendment and national security note on united states v jones s ct jan 23 2012 note updating fisa reporting data notes and questions on nsa s stellarwind program office of the inspector general national security agency central security service 1109 0002 working draft mar 24 2009 note on fisa amendments act renewal notes and questions on the snowden leaks and prism attorney general eric h holder jr exhibit a procedures used by the national security agency for targeting non united states persons reasonably believed to be located outside the united states to acquire foreign intelligence information pursuant to section 702 of the foreign intelligence surveillance act july 28 2009 attorney general eric h holder jr exhibit b minimization procedures used by the national security agency in connection with acquisitions of foreign intelligence information pursuant to section 702 of the foreign intelligence surveillance act july 28 2009 note on third party records note on section 215 metadata note on in re national security letter n d cal mar 14 2013 united states v cotterman 9th cir mar 8 2013 ibrahim v department of homeland security 9th cir feb 8 2012 al zahrani v rodriguez d c cir feb 21 2012 note on jurisdiction stripping and bivens claims in re guantanamo bay detainee continued access to counsel d d c sept 6 2012 notes and questions national defense authorization act for fiscal year 2012 1021 1022 this timely edited collection brings together experts in the fields of legal history criminal justice human rights and counter terrorism law to appraise ireland s offences against the state act on the eightieth anniversary of its enactment the origins development invocation and extension of the powers contained in the legislation are analysed and critiqued using a broad range of methodologies the book engages fully with the 1939 act s scope and complexity including consideration of the impact of the act on issues as diverse as trial by jury paramilitary organisations organised crime disclosure the rules of evidence freedom of expression and association parliamentary oversight of legislation and adherence to international human rights norms in addition the interplay of the act with the universal themes of normalcy exceptionalism contagion and due process are explored throughout this book will appeal to an audience beyond those with a particular interest in the act itself it combines historical and contemporary insights with theoretical and practical perspectives that will enrich the reader s understanding of emergency law wherever it arises national security law and counterterrorism law 2022 2023 supplement seals devgru 2011 5 special edition of the federal register containing a codification of documents of general applicability and future effect with ancillaries

this book considers the increasing trend towards a culture of control in democratic countries the post 9 11 counter terrorism laws in nations such as the usa the uk canada and australia provide a stark demonstration of this trend these laws share a focus on the pre emption of crime restrictions on the right to liberty of non suspects limited public access to information and increased community surveillance the laws derogate in many respects from the ordinary principles of the criminal justice system and fundamental human rights while also harnessing public institutions in the broader project of prevention and control distinctively the contributors to this volume focus on the impact of these laws outside of the counter terrorism context the book draws together a range of experts in both public and criminal law from

australia and overseas to examine the effect of counter terrorism laws on public institutions within democracies more broadly issues considered include changes to the role and functions of the courts the expansion of executive discretion the seepage of extraordinary powers and pre emptive measures into other areas of the criminal law and the interaction and overlap between intelligence and law enforcement agencies counter terrorism and beyond the culture of law and justice after 9 11 will be of interest to students and scholars of criminal law criminology comparative criminal justice terrorism and national security public law human rights governance and public policy

National Security Law and Counterterrorism Law 2009–2010 Supplement

2009-08-06

the increasingly transnational nature of terrorist activities compels the international community to strengthen the legal framework in which counter terrorism activities should occur at every level including that of intergovernmental organizations this unique timely and carefully researched monograph examines one such important yet generally under researched and poorly understood intergovernmental organization the organization of islamic cooperation oic formerly the organization of the islamic conference in particular it analyses in depth its institutional counter terrorism law making practice and the relationship between resultant oic law and comparable un norms in furtherance of un global counter terrorism strategy goals furthermore it explores two common mis assumptions regarding the oic namely whether its internal institutional weaknesses mean that its law making practice is inconsequential at the intergovernmental level and whether its self declared islamic objectives and nature are irrelevant to its institutional practice or are instead reflected within oic law where significant normative tensions are discerned between oic law and un law the monograph explores not only whether these may be explicable at least in part by the oic s islamic nature and objectives but also whether their corresponding institutional legal orders are conflicting or cooperative in nature and the resultant implications of these findings for international counter terrorism law and policy making this monograph is expected to appeal especially to national and intergovernmental counter terrorism practitioners and policy makers as well as to scholars concerned with the interaction between international and islamic law norms from the foreword by professor ben saul the university of sydney dr samuels book must be commended as an original and insightful contribution to international legal scholarship on the oic islamic law international law and counter terrorism it fills significant gaps in legal knowledge about the vast investment of international and regional effort that has gone into the global counter terrorism enterprise over many decades and which accelerated markedly after 9 11 the scope of the book is ambitious its subject matter is complex and its sources are many and diverse dr samuel has deployed an appropriate theoretical and empirical methodology harnessed an intricate knowledge of the field and brought a balanced judgement to bear to bring these issues to life

The OIC, the UN, and Counter-Terrorism Law-Making

2014-07-18

this book presents a definition of terrorism that is broad and descriptive and much needed to prevent misunderstanding the book identifies the features that make terrorism wrong including coerciveness the violation of rights and undermining of trust next it evaluates reasons given for terrorism such as the protection of human rights and the liberation of oppressed groups as not normally justified following this the book identifies and evaluates international responses to terrorism taking into account general assembly and security council resolutions united nations conventions and criminalization in international law it also looks at national responses which often take the shape of surveillance detention interrogation trials targeted killings intrusion and invasion finally the book discusses how if at all the moral norms of personal morality apply to the actions of nation states

national security law sixth edition and counterterrorism law third edition 2018 2019 case supplement

National Security Law and Counterterrorism Law

2018-07-30

this book considers the impact of post 9 11 counter terrorism laws outside of the counter terrorism context a process described here as contagion it does so via a detailed empirical examination of the impact of counter terrorism measures on the criminal justice systems of three selected eu countries with varying histories and experience of terrorism namely the uk france and poland in particular the book explores the synergistic relationship between counter terrorism measures and control measures aimed at ordinary crimes and asks what the implications are for the direction of travel of the criminal law in general it probes the hegemonic power of terrorism and the securitisation agenda more broadly and discusses the implications for criminology as a discipline does it for example have a role in social contestation of contagion this book will be suitable for academics and students interested in political violence terrorism and counterterrorism as well as practitioners and experts working in the area

Contagion, Counter-Terrorism and Criminology

2019-08-21

a must read and a breakthrough work the book makes clear the importance of comparing learning from and adapting legal systems to the ever changing world while maintaining the integrity of the constitution the subtlety of the book shows deep understanding of these legal regimes something most legal analysts and policy makers from both systems sorely lack a most timely and valuable analysis prof christopher l blakesley university of nevada las vegas and author of terrorism and anti terrorism a normative and practical assessment a careful and authoritative account of the controversial practice of investigative detention as a tool for responding to terrorism in a post september 11th world informed by an impressive knowledge of american british and french law stigall s book reflects a distinctive comparative perspective it deserves to be read not only by scholars and students in the field but also by policy makers on both sides of the atlantic prof stuart p green rutgers school of law newark dan stigall s analysis highlights the danger of dismissing a comparative approach for he has most effectively used the british and french experience in discussing detention while no regime has the answer an illusion at best democratic nations can well learn from each other s successes and failures precisely for that reason policy makers jurists and the concerned public owe dan a collective thanks in addressing the extraordinarily complicated issue of detention from a comparative perspective he has truly bitten off a very large bite of a problematic apple that he has done so is to our benefit that he has done so successfully is to his credit while we shall continue to struggle with the limits of detention and what legal paradigm is the correct one we are the richer for dan s book it can serve as an effective guide as we continue to traverse the never ending field of terrorism and counterterrorism amos n guiora professor of law s j quinney college of law university of utah

Counterterrorism and the Comparative Law of Investigative Detention

national security law and counterterrorism law 2017 2018 supplement

National Security Law and Counterterrorism Law

2017-08

international counterterrorism law is the first book to consider national terrorism legislation in every one of the 197 states worldwide it explains how international counterterrorism law has become a distinct branch of international law and what the different components are in both peacetime and armed conflict the relevance and contribution of international humanitarian law international criminal law national criminal law and international human rights law are examined in combination with global sectoral terrorism treaties and regional instruments to provide a thorough yet manageable account of the law s application real life examples are used to inform the material from ukraine to syria to iran and the unlawful actions of the global war on terror so that the reader can understand how domestic and international terrorism has historically been treated by prosecutors and the courts

International Counterterrorism Law

2024-07-31

in the years since 9 11 counter terrorism law and policy has proliferated across the world this book sets out a comprehensive survey of how the law has been deployed in all aspects of counter terrorism the handbook provides an authoritative and critical analysis of how laws are and ought to be invoked in domestic jurisdictions against terrorism with a comparative approach the focus is on those jurisdictions which have produced legal innovations with a sizeable impact primarily the usa the uk australia canada france germany and the european union the never before published contributions to the book are written by experts in the field of terrorism law and policy allowing for discussion of a wide range of regulatory responses and strategies of governance the book is divided into four parts the boundaries and strategies of national counter terrorism laws the pursuit of terrorists through national criminal process and executive measures protective security and preventive measures the chapters engage with areas of traditional interest to lawyers such as policing and special powers criminal offences and the courts and prison regimes but also tackle emerging subjects including preventing radicalisation and protective preparative security in this way the handbook reflects the elements of counter terrorism laws which are more transformative of mass movements and transactions alongside prosecutions or orders aimed at particular individuals
