artwork ever produced in march 2005 the nasa history division and the division of
space history at the national air and space museum brought together a distinguished
group of scholars to consider the state of the discipline of space history this
volume is a collection of essays based on those deliberations the meeting took place
at a time of extraordinary transformation for nasa stemming from the new vision of
space exploration announced by president george w bush in january 204 to go to the
moon mars and beyond this vision in turn stemmed from a deep reevaluation of nasa s
goals in the wake of the space shuttle columbia accident and the recommendations of
