Acts of Media

2022-11-10

acts of media seeks to consolidate a field of multidisciplinary work around media technologies that intersects with legal scholarship this volume brings together contributions from leading academics lawyers researchers and policy experts about contemporary india and sri lanka the approaches to law and media taken in this volume challenge us to think outside of traditional disciplinary descriptions rather than approaching the law as being outside of and constantly catching up with the media the contributors of this book view law and media as being deeply intertwined the chapters in this volume address the relationship between law and media through different entry points disputes over media and information systems shaping law theories of law that incorporate media forms and law and media co producing trials the multidisciplinary nature of this book has facilitated a rich and productive conversation among legal scholars researchers and lawyers from disciplines such as constitutional law law and technology media and cinema studies legal anthropology and political science

Aarushi

2015-07-05

the murders that gripped the nation seven years ago a teenage girl aarushi talwar was found murdered in her bedroom in noida a middle class suburb of delhi the body of the prime suspect the family servant hemraj was discovered a day later who had committed the double murders and why within weeks aarushi s parents the talwars were accused four years later they went on trial and were convicted but did they do it avirook sen attended the trial accessed important documents and interviewed all the players from aarushi s friends to hemraj s old boss from the investigators to the forensic scientists to write a meticulous and chilling book that reads like a thriller but also tells a story that is horrifyingly true aarushi is the definitive account of a sensational crime and the investigation and trial that followed

Rain drops

2016-08-02

the drug problem in south asia is mounting this work provides an inside story of the pro revenue drug policies pursued both by the british colonial authorities and post independent governments in south asia the dangers of the drug trade in south asia have now become global the author assesses international efforts against drug trafficking

Drugs in South Asia

defying the dire predictions that attended its birth as an independent nation state in 1947 the indian republic is more than seventy five years old and yet it is a place where criticisms of actually existing democracy are intense and strident in recent years the trope of victimized people suffering at the hands of a predatory elite and political dysfunction has reaped rewards the populist language of redemptive outsiders pledging to combat a corrupt system has been harnessed in successful electoral campaigns like the majoritarian regime of narendra modi tracking the shift from postcolonial nation building to democracy rebuilding srirupa roy shows how the political outsider came to be a valorized figure of late twentieth century indian democracy tasked with the urgent mission of curing a broken democratic system what roy terms curative democracy drawing attention to an ambivalent political field that folds together authoritarian and democratic forms and ideas roy argues that the long 1970s were a crucial turning point in indian politics when democracy was suspended by the declaration of a national emergency and then subsequently restored by tracing the crooked line that connects the ideals of curative democracy and the political outsider to the populist antipolitics and strongman authoritarian rule in present times this book revisits democracy from india and asks what the indian experience tells us about the trajectory of global democratic politics

Terrorism in India's North-east

2008

this collection of seminal articles illustrates the reasons for the spiraling nuclear race in the asian subcontinent and introduces the principal debates in the field authors discuss whether the acquisition of nuclear weapons by the south asian powers has raised the likelihood of a nuclear war in the subcontinent or reduced the chance of a conventional war breaking out they examine whether a small nuclear arsenal or a nuclear triad as declared by india is suitable for bringing stability to the region as well as the risk of an accidental nuclear conflagration the first section charts the evolution of nuclear programmes on the basis of realpolitik and the second section analyses nuclear policies on the basis of religious and cultural ethos a few essays turn the spotlight on the role of external powers in accelerating decelerating and mediating the ongoing nuclear tension between india and pakistan

Demography and National Security

2001-08

this 5 volume encyclopaedic study of india s north east is the result of the author s 11 years of service extended over three tenures in the region followed by 6 years of library research after his retirement being the first of its kind given its contents and sheer size over 2 500 pages it is a unique book writing on the north east is not an easy exercise given its diversity ethnic racial religious and linguistic size history and geography if india is microcosmic world the north east is microcosmic india of the 5 653 communities in india 653 are tribal of which the 213 are indigenous to the north east of the 213 111 are found in arunachal pradesh alone illumined by an equally amazing linguistic diversity it is home to 325 of the 1 652 languages spoken in india yet again north east s total population of 3 84 95 089 2001 constitutes 2 69 per cent of india

s 1 02 70 15 247 while its area of 2 55 088 sq km is 7 75 per cent of india s 32 87 263 sq km

Encyclopaedia of North-East India

2007

focusing on concepts that have been central to investigation of the history and politics of marginalized and disenfranchised populations this book asks how discourses of subalternity and difference simultaneously constitute and interrupt each other the authors explore the historical production of conditions of marginality and minority and challenge simplistic notions of difference as emanating from culture rather than politics they return thereby to a question that feminist and other oppositional movements have raised of how modern societies and states take account of and manage social economic and cultural difference the different contributions investigate this question in a variety of historical and political contexts from india and ecuador to britain and the usa the resulting study is of invaluable interest to students and scholars in a wide range of disciplines including history anthropology gender and queer and colonial and postcolonial studies

India's 2004 Elections

2007

using case studies and the results of extensive fieldwork this book considers the nature of state power and legal violence in liberal democracies by focusing on the interaction between law science and policing in india the postcolonial indian police have often been accused of using torture in both routine and exceptional criminal cases but they and forensic psychologists have claimed that lie detectors brain scans and narcoanalysis the use of truth serum sodium pentothal represent a paradigm shift away from physical torture most state high courts in india have upheld this rationale the truth machines examines the emergence and use of these three scientific techniques to analyze two primary themes first the book questions whether existing theoretical frameworks for understanding state power and legal violence are adequate to explain constant innovations of the state second it explores the workings of law science and policing in the everyday context to generate a theory of state power and legal violence challenging the monolithic frameworks about this relationship based on a study of both state and non state actors jinee lokaneeta argues that the attempt to replace physical torture with truth machines in india fails because it relies on a confessional paradigm that is contiguous with torture her work also provides insights into a police institution that is founded and refounded in its everyday interactions between state and non state actors theorizing a concept of contingent state this book demonstrates the disaggregated and decentered nature of state power and legal violence creating possible sites of critique and intervention
