the commonwealth secretariat has found that there is a need throughout the developing world for a book describing the setting up and operation of rural learning resource centres on behalf of the secretariat and using her own practical experience shirley giggey has drawn up this comprehensive training guide she first provides a complete description of the best method for setting up a rural resource centre right from the initial idea and planning taking local circumstances into account through to financial and staffing arrangements she covers suitable designs for the buildings to be used and their interior layout with much detailed advice the practical day to day running of the centre is dealt with clearly simply and thoroughly the need for methodical arrangements in acquiring and storing materials and how and even whether to lend them out are covered at length duplicating and other services are examined such matters as keeping of accounts keeping records of the centre s activities filing stock taking insurance maintenance and repair are amply explained samples of form letters and accounts pages are included there is a list of organisations that provide useful materials the main business of the centre the gathering and selecting of materials and making them available is given pride of place but the many other possible services that can be offered are suggested and described the effective use of resources is the aim throughout an a fund raising is shown to have a continuing importance suggestions are given on all relevant topics this guide offers workable solid thorough advice and information for anyone in the developing countries who is either working in this field already or who wishes to do so it is written for anyone living in or working with rural communities community leaders teachers extension workers women s group leaders youth group leaders etc and who feel their community could benefit from having informational and learning resources it is written as clearly and simply as possible and uses examples from various parts of the world there are ample illustrations and checklists

Being and Becoming Teachers of Writing 2024-04-16

in see america first marguerite shaffer chronicles the birth of modern american tourism between 1880 and 1940 linking tourism to the simultaneous growth of national transportation systems print media a national market and a middle class with money and time to spend on leisure focusing on the see america

first slogan and idea employed at different times by railroads guidebook publishers western boosters and good roads advocates she describes both the modern marketing strategies used to promote tourism and the messages of patriotism and loyalty embedded in the tourist experience she shows how tourists as consumers participated in the search for a national identity that could assuage their anxieties about american society and culture generously illustrated with images from advertisements guidebooks and travelogues see america first demonstrates that the promotion of tourist landscapes and the consumption of tourist experiences were central to the development of an american identity

Organizational Cultures 2002-09-11

this book presents a comprehensive neuropsychodynamic strategy for treating psychiatric disorders rather than pursuing an exclusively biological psychological or psychodynamic approach it offers a methodology that links all three aspects in a unifying integrative model central to this approach is the view of the brain as a bio psychosocial organ in a neuro ecological model rather than the purely neuronal model often presupposed in current neuroscience and psychiatry moreover the book views psychopathological symptoms as spatiotemporal disorders of the altered spatiotemporal structure spanning the brain and its surrounding world the relation between one of the core symptoms and altered neuronal activity calls for the development of integrated circular neuropsychodynamic models of psychopathological symptoms in severe psychiatric disorders and their treatment

The Students' Journal, and Hospital Gazette 1885

an essential reference book in every rubber factory the brma code of practice has been fully upb306d by rapra and the brma the book provides a guide to the safe use of rubber chemicals several hundred chemicals are examined including fillers accelerators and retarders vulcanising agents antidegradants peroxide process oils and waxes peptisers plasticisers blowing agents bonding agents latex auxiliaries pigments tackifiers and solvents more than 30 new chemicals have been added since the last edition
