The Law in the Scriptures 2000 white edw j the law in scriptures with explanations of the law terms and legal references in both the old and the new testaments st louis thomas law book company 1935 xxiv 422 pp reprinted 2000 by the lawbook exchange ltd lccn 99 059102 isbn 1 58477 076 7 cloth 80 takes the books of the bible in order each chapter corresponding to a book no lawyer can read this book without having impressed upon him more firmly than ever before the conviction that in a world of changes and turmoil the fundamental principles of justice have remained unaltered down through the ages the great mass of scholarly and useful information that has been collected in this work is a credit to its author any lawyer will find the book of great assistance in tracing the origin of our law kansas city law review 3 94 cited in marke a catalogue of the law collection of new york university 1953 110

Law in Popular Belief 2017 this book looks at the relationship between statute law and legal practice it examines how law is applied in reality and more precisely how law is perceived by the general public in contrast to the legal profession it explores how myths are created about the law and how myths are created by the law The Law in Philosophical Perspectives 1999-06-30 in this age of collections that is ours many volumes of collections are published they contain contributions of several well known authors and their aim is to present a selective overview of a relevant field of study this book has the same purpose its aim is to introduce students scholars and all those interested in current problems of legal theory and legal philosophy to the work of the leading scholars in this field the large number of publications both books and articles that have been produced over recent decades makes it quite difficult however for those who are making their first steps in this domain to find firm guidelines the book is new in its genre because of its method the choice was made not to reprint an example of contributors earlier basic articles or a part of one of their books this would only give a partial view of the rich texture of their work rather the authors were asked to make an original synthesis of their own contributions to the field of legal theory and legal philosophy brought together in this volume they constitute a truly author ised view of their work this book is also new in that each essay is complemented with bibliographical information in order to encourage further research on the author's self selected work this will help the reader rapidly to become familiar with the whole of the published work of the contributors Anatomy of the Law 1976 it s an enduring axiom before there is democracy there is rule of law thomas geoghegan argues here in his lively pamphlet that as the pillars of the american legal system are crumbling so too is the american democracy geoghegan convincingly explains how the 2000 presidential election was only the first sign that justice is now driven by party politics he notes how even lawyers are becoming disillusioned with the law as federal cases are increasingly determined by whether they are heard by a bush appointed judge or a clinton appointed judge geoghegan ultimately contends that the sense of disorder in our legal system has never been greater and we may no longer have the basic civic trust necessary to preserve the rule of law The Law in Shambles 2005 derived from the renowned multi volume international encyclopaedia of laws this practical analysis of the law of property in taiwan deals with the issues related to rights and interests in all kinds of property and assets immovable movable and personal property how property rights are acquired fiduciary mechanisms and security considerations lawyers who handle transnational disputes and other matters concerning property will appreciate the explanation of specific terminology application and procedure an introduction outlining the essential legal cultural and historical considerations affecting property is followed by a discussion of the various types of property further analysis describes how and to what extent legal subjects can have or obtain rights and interests in each type the coverage includes tangible and intangible property varying degrees of interest and the various ways in which property is transferred including the ramifications of appropriation expropriation and insolvency facts are presented in such a way that readers who are unfamiliar with specific terms and concepts in varying contexts will fully grasp their meaning and significance the book includes ample references to doctrine and cases as well as to relevant international treaties and conventions its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable time saving tool for any practitioner faced with a property related matter lawyers representing parties with interests in taiwan will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative property law

Property and Trust Law in Taiwan 2017-09-08 some of the most difficult and wrenching social and political issues in u s society today are about the relationship between strongly held moral values and the laws of the land there is no consensus about whether the law should deal with morality at all and if it is to do so there is no agreement over whose morality is to be reflected in the law in this compact and carefully edited anthology gerald dworkin presents the readings necessary for an understanding of these issues the volume contains classical and contemporary philosophical statements as well as a generous sampling of legal cases and opinions including such topics of current interest as flag burning nude dancing the sale of human organs and sexual behavior the volume represents the best in applied legal and moral philosophy

Morality, Harm, And The Law 1994-03-06 this text is an invaluable tool for students on undergraduate and postgraduate management programmes containing elements of general and international business law the legal dimension in managerial decisions is shown and on line resources provide current material to support the text Business Law in the Global Marketplace 2006 farming and the law is the first publication in ireland in over a decade dealing specifically with legal issues that arise in farming it offers a comprehensive overview of the legal issues of which farmers should be aware in an increasingly complex and regulated environment this book serves to demystify and decipher the often incomprehensible jargon associated with the law as it relates to farming irish farming has changed significantly over the years and it continues to evolve in a short space of time it has become more bureaucratic and regulated specialist knowledge is required to fully appreciate the problems that farmers face today as many decisions carry legal tax and practical implications farmers and landowners who keep abreast of current laws and regulations will be empowered to make better decisions for their farming business this book is designed to be accessible to the layperson including farmers members of the public and anyone interested in the law in relation to farming it also will provide an invaluable reference for legal practitioners advising clients in this particular area of law subject property law irish law farm law Â Â Â Farming and the Law 2016 this third edition reflects the numerous and in some areas profound changes to the law in the last decade the section on family law covers the new children s act and the rights of children and parents when families separate similarly the section on the legal system explains the major changes in legal aid procedures including constructive criticism of what is wrong with the legal system the influence european community legislation has in the united kingdom is explained too in addition there is new material on the legal factors which have to be taken into account by any business venture including a section on insolvency of companies and bankruptcy of individuals all of which have changed since the previous edition The New Penguin Guide to the Law 1993 this sourcebook fully exploits the rich legal material of the imperial period explaining the rights women held under roman law the restrictions to which they were subject and legal regulations on marriage divorce and widowhood

Women and the Law in the Roman Empire 2002 presenting fresh perspectives on a range of contemporary issues in international law this book draws on the work of major contributors to legal and political theory arguing that international law lacks the vocabulary to deal with the collective dimension and therefore perpetuates an individualistic vocabulary the book develops and articulates a more appropriate collective approach for public international law in doing so it reframes longstanding problems such as the conflict between self determination and the integrity of states and the effects and the limits of state sovereignty in an increasingly globalized world International Law as the Law of Collectives 2013 this important new book provides a framework for complementarity between promoting and protecting human rights and combating corruption the book makes three major points regarding the relationship between corruption and human rights law first corruption per se is a human rights violation insofar as it interferes with the right of the people to dispose of their natural wealth and resources and thereby increases poverty and frustrates socio economic development second corruption leads to a multitude of human rights violations third the book demonstrates that human rights mechanisms have the capacity to provide more effective remedies to victims of corruption than can other criminal and civil legal mechanisms the book takes up one of the pervasive problems of governance large scale corruption to examine its impact on human rights and the degree to which a human rights approach to confronting corruption can buttress the traditional criminal law response it examines three major aspects of human rights in practice the importance of governing structures in the implementation and enjoyment of human rights the relationship between corruption poverty and underdevelopment and the threat that systemic poverty poses to the entire human rights edifice the book is a very significant contribution to the literature on good governance human rights and the rule of law in africa endorsements kolawole olaniyan has taken up one of the pervasive problems of governance large scale corruption to examine its impact on human rights and the degree to which a human rights approach to confronting corruption can buttress the traditional criminal law response his focus is africa but the valuable lessons he teaches in this comprehensive study can resonate throughout the world the result is a comprehensive and holistic legal framework for addressing some of the root causes of human rights violations and poverty not only in africa but wherever corruption exists dinah shelton manatt ahn professor of international law emeritus the george washington university law school this book demonstrates the author s mastery of complex jurisprudential and theoretical discourses his review of the existing literature is extensive the doctrinal analysis rigorous and the treatment of the subject innovative dr olaniyan s willingness to introduce fresh eyes to the ways in which doctrine contributes to an understanding of seemingly mundane problems lays the foundation for fertile trajectories from which future scholars can launch exciting inquiries on the relationship between corruption and human rights overall this book makes an important and valuable contribution to the growth and understanding of the corruption human rights discourse as it is presently constructed ndiva kofele

Sovereignty and the Law 2013-11-14 among the most significant legal developments of our time is the emergence of a european private law the european union enacts directives which profoundly affect the practice teaching and study of core areas of classical private law internationally commissions have formulated principles of european trusts contract and commercial law furthermore uniform private law can be found in a number of international conventions this book gathers together fundamental texts from these three sources into one convenient volume its emphasis is on general civil and commercial law particularly on the obligations and property aspects of these fully updated it contains the recent directives in the areas of e commerce electronic signatures and late payments it also makes available for the first time english language versions of a number of texts by international commissions this book is a sister volume to the original german and the subsequent spanish version with full references to the implementation of the directives in denmark eire finland sweden and the united kingdom this book will be a useful resource for practitioners students and teachers working in the field of european private law

The Law Times Reports of Cases Decided in the House of Lords, the Privy Council, the Court of Appeal ... [new Series]. 1897 this book analyses the common law s approach to retroactivity the central claim is that when a court considers whether to develop or change a common law rule the retroactive effect of doing so should explicitly be considered and informed by the common law s approach to statutory construction presumptively be resisted as a platform for this claim a definition of retroactivity is established and a review of the history of retroactivity in the common law is provided it is then argued that certainty particularly in the form of an ability to rely on the law and a conception of negative liberty constitute rationales for a general presumption against retroactivity at a level of abstraction applicable both to the construction of statutes and to developing or changing common law rules the presumption against retroactivity in the construction of statutes is analysed and

one conclusion reached is that the presumption is a principle of the common law independent of legislative intent across private public and criminal law the retroactive effect of judicial decisions that develop or change common law rules is then considered in detail prospective overruling is examined as a potential means to control the retroactive effect of some judicial decisions but it is argued that prospective overruling should be regarded as constitutionally impermissible the book is primarily concerned with english and australian law although cases from other common law jurisdictions particularly canada and new zealand are also discussed the conclusion is that in statutory construction and the adjudication of common law rules there should be a consistently strong presumption against retroactivity motivated by the common law s concern for certainty and liberty and defeasible only to strong reasons ben juratowitch not only gives an account of the operation of the presumption but also teases out the policies which underlie the different rules this is particularly welcome lawyers and judges often seem less than sure footed when confronted by guestions in this field by giving us an insight into the policies the author provides a basis for more satisfactory decision making in the future the author not only discusses the recent cases but examines the question in the light of authority in other commonwealth jurisdictions and with due regard to the more theoretical literature this is a valuable contribution to what is an important current debate in the law happily ben juratowitch has succeeded in making his study not only useful but interesting and enjoyable from the foreword by lord rodger of earlsferry

Roscoe's Digest of the Law of Evidence in Criminal Cases 1874 includes bibliographical references and index

AS Law 2008-07-15 in this classic study alan brudner investigates the basic structure of the common law of transactions for decades that structure has been the subject of intense debate between formalists who say that transactional law is a private law for interacting parties and functionalists who say that it is a public law serving the collective ends of society against both camps brudner proposes a synthesis of formalism and functionalism in which private law is modified by a common good without being subservient to it drawing on hegel s legal philosophy the author exhibits this synthesis in each of transactional law s main divisions property contract unjust enrichment and tort each is a whole composed of private law and public law parts that complement each other and the idea connecting the parts to each other is also latently present in each moreover brudner argues a single narrative thread connects the divisions of transactional law to each other not a row of disconnected fields transactional law is rather a story about the realization in law of the agent's claim to be a dignified end master of its body its acquisitions and the shape of its life transactional law s divisions are stages in the progress toward that goal each generating a potential developed by the next thus contract law fulfils what is incompletely realized in property law negligence law what is germinal in contract law public insurance what is seminal in negligence law and transactional law as a whole what is underdeveloped in public insurance the end point is the limit of what a transactional law can contribute to a life sufficient for dignity reconfigured and expanded with a contribution by jennifer nadler the unity of the common law stands out among contemporary theories of private law in that it depicts private law as purposive without being instrumental and as autonomous without being emptily formal

Business Law Handbook 2016-09-30 this volume is the first in a new series of studies on the frontiers of international law the term frontier is traditionally associated with proximity to a boundary or a demarcation line but it is also a connecting point i e a passage or channel between spaces that are usually considered as separate entities the series aims to explore the visible and imaginary boundaries of scholarship in international law it is designed to test the existing table of contents vocabulary and limits of public international law to investigate lines and linkages between centre and periphery and to re map or re think some of its conceptual boundaries the current volume is written in this spirit it deals with the tension between unity and diversification which has gained a central place in the debate under the label of fragmentation it explores the meaning articulation and risks of this phenomenon in a specific area international criminal justice it brings together established and fresh voices who analyse different sites and contestations of this concept as well as its context and specific manifestations in the interpretation and application of international criminal law the volume thereby connects discourse on fragmentation with broader inquiry on the merits and discontents of legal pluralism in public international law

An Epitome of Some Hindu Law Cases 1876 the irish yearbook of international law is intended to stimulate further research into ireland s practice in international affairs and foreign policy filling a gap in existing legal scholarship and assisting in the dissemination of irish thinking and practice on matters of international law on an annual basis the yearbook presents peer reviewed academic articles and book reviews on general issues of international law designated correspondents provide reports on international law developments in ireland irish practice in international fora and the european union and the practice of joint north south implementation
