Living in a Globalized World 2007-05-23 living in a globalizing world explores the origins of globalization the implications of economic globalization and the impact of globalization on lands cultures human rights and quality of life using an inquiry model of analysis and an engaging varied and accessible presentation of content living in a globalized world encourages students to be aware of their capability to effect changes in their communities in canada s pluralistic society and the world components include a studenttext a teacher s resource and an online resource centre

Political Economy in a Globalized World 2007 suitable for upper level undergraduate and postgraduate courses in international economics this book explores various issues including the fortunes of the international stock market the impact of the iraq war and the rise of china and india as economic powers

The World Economy 2015-04-29 in this collection of refreshing and provocative essays the contributors to theorizing foreign policy in a globalized world reflect on the game changing political impact of globalization outlining the situation as it currently stands and suggesting strategies for analyzing foreign policy and global governance

Theorizing Foreign Policy in a Globalized World 2015 how do you gauge the accomplishments of policy and its failures while a number of nations are successful in optimizing a socio economic welfare function others are woefully falling short of the optimal frontier diagnostics for a globalized world proposes a reformulation of the inherited theory of economic and social policy codified in the 1950s by jan tinbergen to find a diagnostic tool in measuring the effectiveness of economic and social policy using a logarithmic adaptation of data envelopment analysis the authors explain how to rank the attainment of nations of multidimensional goals such as those expressed by the un millennium development goals mdgs and upcoming sustainable development goals sdgs

Diagnostics for a Globalized World 2021-12-16 offering a comprehensive analysis of the human right to development and its realistic application in an era of economic globalization daniel aguirre provides a multidisciplinary overview of economic globalization and examines its challenges to the realization of human development he takes this further by engaging with these challenges and highlighting the human rights opportunities presented by economic globalization and the international investment system the volume proposes a triadic system of responsibility for human rights in development to include mapping the overlapping human rights responsibilities of corporations at the micro level of states at the macro level and of the international community at the meso level the scope of the book is broad and the approach to the subject is new it will generate interest across many disciplines including political science international law and economics activists academics and development practitioners in many fields should also read this book

The Human Right to Development in a Globalized World 2007 the beginning of the twenty first century will be remembered friedman argues not for military conflicts or political events but for a whole new age of globalization a flattening of the world the explosion of advanced technologies now means that suddenly knowledge pools and resources have connected all over the planet levelling the playing field as never before so that each of us is potentially an equal and competitor of the other the rules of the game have changed forever but does this death of distance which requires us all to run faster in order to stay in the same place mean the world has got too small and too flat too fast for us to adjust friedman brilliantly demystifies the exciting often bewildering global scene unfolding before our eyes one which we sense but barely yet understand the world is flat is the most timely and essential update on globalization its successes and its discontents powerfully illuminated by a world class writer in his new chapters if it s not happening it s because you re not doing it and what happens when we all have dog s hearing the author explores both the benefits and disadvantages of the very latest developments in global communication the emergent popularity of blogging pod casting youtube and mspace enable the modern world citizen to broadcast their views to a potential audience of billions and the proliferation of internet access to even the poorest communities gives everyone who wants to the tools to address issues of social injustice and inequality on the other hand the technology that seems to improve communication on a global scale causes it to deteriorate on a local scale identifying ours as the age of interruption friedman discusses the annoyance and dangers of blackberrys in meeting rooms hands free kits in conversation and using a phone or ipod whilst driving in an age when we are always connected via email or mobile phone how can we hope to concentrate on one thing without interruption as expected the author has revitalised this new edition of the world is flat with timely insights into the nature of our flat world

The World is Flat 1988 what role does place have in a world marked by increased mobility on a global scale what strategies are there for representing place in the age of globalization what is the relationship between place and the varied mobilities of migrancy tourism travel and nomadism these are some of the questions that run through the ten essays in this collection the combined effect of these essays is to participate in the contemporary project of subjecting the links between place mobility identity representation and practice to critical interdisciplinary scrutiny such notions are not the property of particular disciplines in the era of globalization transnationalism and readily acknowledged cultural hybridity these links are more important than ever they are important because of the taken for grantedness of the universal impact of globalization the receding importance of place and the centrality of mobile identities this taken for grantedness masks the ways place continues to be important and ways in which mobility is differentiated by race gender ethnicity nationality and many other social markers this book is a concerted attempt to stop taking for granted these themes of the age material discussed in the essays include the creation of cultural routes in europe the video s of fiona tan artistic and literary representations of the north african desert the production of indigenous videos in mexico mobile forms of ethnography the film existenz jamaica kincaid s writing on gardens the video representation of sex tourism and ways of imagining the global authors include tim cresswell ginette verstraete ernst van alphen ursula biemann laurel c smith nick couldry isabel hoving renée van de vall inge e boer and kevin hetherington

A Man's World? Changing Men's Practices in a Globalized World 2016-08-15 whether within or beyond the confines of the state digitalization continues to transform politics society and democracy information and communication technologies icts have already considerably affected political systems and structures and no doubt they will continue to do so in the future adopting an international and comparative perspective digital democracy in a globalized world examines the impact of digitalization on democratic political life it offers theoretical analyses as well as case studies to help readers appreciate the changing nature of democracy in the digital age

Mobilizing Place, Placing Mobility 2011-06 this warped travel book remixes three main themes globalization energy wars and the pentagons long war originally packaged as the war on terror youre going to revisit the asymmetrical wars in afghanistan and iraq youre going to crisscross the islamic world youre going to follow a lot of pipelines youll be acquainted with the iran the next war will probably hit youll see how national resistance wars have nothing to do with terrorism youll be confronted over and over again with strategic competitor asiawhere the future of the 21st century is being played out youre going to revisit how where and who profits from economic globalization and especially war corporatism youll see how and where possible new orders are emerging and old orders disintegrating and you will finish the pilgrimage back in the middle of apredictableglobal war of the privileged few against the excluded many

The World is Flat 2017 annotation bound offers a highly readable stimulating and straight forward introduction to one of the key issues of our time globalization scott sernau explores the back ground to our present of interconnectedness asking what trends and practices have brought us to this new global century he relates world issues to our everyday local experiences in a way that will engross both students and the informed general reader

Digital Democracy in a Globalized World 2006 this book is an investigation of the 300 year old model of global journalism used by the western news media it argues that the framework of localization is fragile and unable to cope with the issues events agents and institutions of globalization that exist and that the current model of news gathering and reporting requires rethinking

Globalistan 2000 globalization has essentially come to an end it is already a victorious revolution it has profoundly restructured the relationships between people and the world often recreating them in a new geographical image this book discovers and describes these relationships of new geographies providing a comprehensive spatial guide to the globalized world of the 21st century it considers a number of timely and important themes and insights for the present and future world exploring topics such as population trends and migration development the urban transportation religion our endangered planet wars conflicts and terrorism and disease as such it offers a cross cutting synthesis of the modern world it will be of interest to students and researches in humanities and social sciences including geographers economists political scientists and ir specialists

Bound, Living in the Globalized World 2007-05-07 combining bold theoretical analysis and careful empirical investigation harris provides a critical framework to understand the political and economic underpinnings of globalization in an unique historical approach the book examines how the revolution in information technologies and the break up of the soviet union intertwined to present new global opportunities to reorganize capitalism as a unified world system headed by an emerging transnational capitalist class the book challenges the common view that nation states still define international relations with the united states as hegemonic leader of the world system instead harris offers a more complex analysis of world affairs that sees the current period as one of transition between nationally based industrial capitalism and a global system based on revolutionary methods of production and new class relationships he argues this conflict appears in every country as national economies realigned to fit new patterns of world accumulation creating a host of political tensions within and between nations this analysis is detailed in a distinctive interpretation of the us military industrial complex as well as the contemporary class struggles in germany and the emerging powers of china india and brazil the book concludes by investigating alternative trends which are currently challenging the inequalities of global capitalism unfolding a fresh approach to the relationship between the state market and civil society

All News Is Local 2020-01-10 some places you never forget for amanda stockenberg that place was smugglers inn the seaside inn had been a refuge for amanda when she was sixteen a place to find solace to find herself and to find love she can t think of the inn now without remembering dane cutter the then nineteen year old illegitimate son of the cook had taught her about love she d been ready to give up everything to be with him but at the end of the summer he it seemed was not now ten years later amanda once again finds herself staying at smugglers inn this time for a corporate retreat the event is her last chance to prove herself to her bosses so she doesn t need any complications like finding dane cutter still working at the inn and still as dangerous to her equilibrium as ever because suddenly amanda isn t sure what she wants the window office or the window room of a seaside inn she has one week seven days to choose between achieving all her dreams or reuniting with the man she never stopped loving

□□□□□□□□□□□□ 2021-09-30 since the first trade deal with the us in 1987 canada has insisted on a cultural exemption to ensure that governments were free to protect canadian culture and to restrict foreign ownership and limit foreign content in the media negotiators and government ministers considered the cultural exemption key to reassuring canadians that the deal did not undermine our cultural sovereignty in every trade deal since culture has been a contentious issue media giants and foreign governments have pushed for unlimited access to canada ottawa has worked with cultural industries to maintain the cultural exemption garry neil has been close to every one of these negotiations and has been a key advisor to cultural groups on trade deals he has been part of the international initiative to assert the importance of cultural diversity in the world and to create effective measures to guarantee it this book reflects his experience trying to ensure that the reality matches the rhetoric when it

comes to culture as he sees it in spite of the claims canadian cultural policies and programs have been steadily restricted by successive trade deals he explains how this has happened and what needs to be done for canada to maintain our cultural sovereignty and creative life in the face of multinational corporations and their government supporters who are promoting a world monoculture

New Geographies of the Globalized World 2008-12-11 americans want it both ways they are committed to cultural diversity yet demand an endless variety of cheap consumer goods from a global system that destroys distinct ways of life in this

groundbreaking work david steigerwald argues that americans have papered over this paradox by embracing the rhetoric of diversity and multiculturalism which hides the extent to which they have accepted homogenized ways of working and living

The Dialectics of Globalization 2009-10-15 a panoramic global history of the nineteenth century a monumental history of the nineteenth century the transformation of the world offers a panoramic and multifaceted portrait of a world in transition jürgen osterhammel an eminent scholar who has been called the braudel of the nineteenth century moves beyond conventional eurocentric and chronological accounts of the era presenting instead a truly global history of breathtaking scope and towering erudition he examines the powerful and complex forces that drove global change during the long nineteenth century taking readers from new york to new delhi from the latin american revolutions to the taiping rebellion from the perils and promise of europe s transatlantic labor markets to the hardships endured by nomadic tribal peoples across the planet osterhammel describes a world increasingly networked by the telegraph the steamship and the railways he explores the changing relationship between human beings and nature looks at the importance of cities explains the role slavery and its abolition played in the emergence of new nations challenges the widely held belief that the nineteenth century witnessed the triumph of the nation state and much more this is the highly anticipated english edition of the spectacularly successful and critically acclaimed german book which is also being translated into chinese polish russian and french indispensable for any historian the transformation of the world sheds important new light on this momentous epoch showing how the nineteenth century paved the way for the global catastrophes of the twentieth century yet how it also gave rise to pacifism liberalism the trade union and a host of other crucial developments

War and Nature 2019-04-30 globalization an introduction to the end of the known world surveys the history of globalization from the earliest of ancient texts through contemporary debates and the prospects for anticipating the new worlds to come at the end of the twentieth century debates over the nature of globalization were unable to agree on a simple resolution except to say that globalization is economic political and cultural all at once cultural globalization affects everyone with a smartphone on which global youth from los angeles to jakarta listen to jay z and beyonce states are torn in several directions at once by unsettling economic political and cultural forces lemert concludes with a serious outline of the possible ways of imagining what the still unknown global world will become next ways including optimism caution and skepticism

Canadian Culture in a Globalized World 2011-07 the paradox of a global usa describes the vexed relationship between the united states and globalization on the one hand the u s has vociferously promoted modernization and open markets both central components of the process of globalization on the other hand it appears to be resolutely determined not to live within an institutional framework of globalized authority as the world s only superpower the united states is often perceived as championing its own narrow national sovereignty for example by opposing the kyoto protocol and the international criminal court and by taking action in iraq outside the auspices of the un the book treats the paradox of american exceptionalism and globalization as a local happening within the broader process of globalization these essays analyze the ways in which the usa has both played a role in and reacted against emerging present day globalization examples are drawn from the fields of history political science cultural studies and economics making this collection one of the very few to link together so diverse a group of authors and approaches to the subject of global usa

A Global World? 2004 an ongoing and pervasive phenomenon globalization is redefining the economic social and cultural dynamics of contemporary societies in complex ways the process of globalization is generally considered beneficial but it is also viewed in some quarters as a threat to national sovereignty and indigenous culture although globalization has largely arisen as a result of greater stability and security its key developments can also be deployed towards the opposite end without global integration for example terrorist groups would find it much more difficult to unobtrusively communicate travel and transfer money and materials globalization has also facilitated illegal international trade be it in materials people or money here experts discuss globalization and its economic foundations and manifestations migration and freedom of mobility the social implications of globalization politics in a globalized international system new security threats resulting from globalization and evolving national and commercial global responsibilities globalization in the 21st century is essential for all those interested in international relations politics and change in the twenty first century

Culture's Vanities 2014-04-13 in this text giles gunn asks how human solidarity can be reconceived when its expressions have become increasingly exceptionalist and outmoded and when the pressures of globalization divide as much as they unify drawing on the work of williams and henry james john dewey primo levi richard rorty and others as well as postcolonial writings jewish literature of the holocaust and the cultural and religious experience of african americans in slavery gunn points pragmatism in a transnational direction and shows how it can better account for the consequences of diversity

The Transformation of the World 2016-09-16 drawn from the elite ranks of sociology law international relations political philosophy and history this book cuts through polarized rhetoric to examine the global situation it proposes that the contemporary global network of business politics and culture be viewed from the inter disciplinary perspective of world making

forum that stood as the first real front to global capitalism since the collapse of the soviet union while many activists and intellectuals on the left have since become deeply critical of the forum newer movements such as occupy the arab spring and the indignados have built upon its successes and innovations another world is possible is the original collection of essays and demands from the heart of the movement of movements based on the work of the first two annual meetings of the wsf this classic collection not only set out the initial aims of the movements that came together it also paved the way for the theoretical study of new social movements their multiple and participatory character today as many crises affect all our lives it is time to revisit the original demands of a global solidarity movement united in its determination to fight against the concentration of wealth the proliferation of poverty and inequalities and the destruction of our earth and to reconstitute a global left

Singapore and Asia in a Globalized World 2007 globalization has become a popular buzzword for explaining today s world the expression achieved terminological stardom in the 1990s and was soon embraced by the general public and integrated into numerous languages but is this much discussed phenomenon really an invention of modern times in this work jürgen osterhammel and niels petersson make the case that globalization is not so new after all arguing that the world did not turn global overnight the book traces the emergence of globalization over the past seven or eight centuries in fact the authors write the phenomenon can be traced back to early modern large scale trading for example the silk trade between china and the mediterranean region the shipping routes between the arabian peninsula and india and the more frequently traveled caravan routes of the near east and north africa all conduits for people goods coins artwork and ideas osterhammel and petersson argue that the period from 1750 to 1880 an era characterized by the development of free trade and the long distance impact of the industrial revolution represented an important phase in the globalization phenomenon moreover they demonstrate how globalization in the mid twentieth century opened up the prospect of global destruction through nuclear war and ecological catastrophe in the end the authors write today s globalization is part of a long running transformation and has not ushered in a global age radically different from anything that came before this book will appeal to historians economists and anyone in the social sciences who is interested in the historical emergence of globalization

Trade and Development in a Globalized World 2013-10-01 the definitive text on globalization this book provides an accessible jargon free analysis of how the world economy works and its effects on people and places peter dicken synthesizes the latest ideas and empirical data to blaze a clear path through the thicket of globalization processes and debates the book highlights the dynamic interactions among transnational corporations nations and other key players and their role in shaping the uneven contours of development mapping the changing centers of gravity of the global economy dicken presents in depth case studies of six major industries now in full color throughout the text features 228 figures companion websites for students and instructors offer extensive supplemental resources including author videos applied case studies with questions lecture notes with powerpoint slides discipline specific suggested further reading for each chapter and interactive flashcards ÿ ÿ new to this edition every chapter thoroughly revised and updated all 228 figures now in color are new or redesigned addresses the ongoing fallout from the recent global financial crisis discussions of timely topics tax avoidance and corporate social responsibility global problems of unemployment poverty and inequality environmental degradation the eurozone crisis and more enhanced online resources for instructors and students

Globalisation and the Wealth of Nations 2012-02-01 as one of the most innovative and influential thinkers in international relations for more than three decades robert o keohane s groundbreaking work in institutional theory has redefined our understanding of international political economy consisting of a selection of his most recent essays this absorbing book address such core issues as interdependence institutions the development of international law globalization and global governance the essays are placed in historical and intellectual context by a substantial new introduction outlining the developments in keohane s thought and in an original afterword the author offers a challenging interpretation of the september 11th attacks and their aftermath undoubtedly this book is essential reading for anyone with an interest in international relations
