

# Reading free Effective participatory practice family group conferencing in child protection modern applications of social work [PDF]

family group conferencing indicates a large scale shift in assumptions about the way child welfare services are planned and delivered away from models that emphasize pathology and toward those seeking an ecological understanding of the families and social networks involved the contributors also present a wealth of information on related approaches such as community conferences circles and wraparound services the british journal of social work noted that there are issues relating to both process and outcome this book offers some answers that are intelligent and passionate features first person narrative vignettes help to highlight the critical role collaborative relationships play in working effectively with parents and families of children and youth with exceptionalities activities are provided at the end of each chapter to help the reader integrate and apply his her understanding of the material including role play exercises based on case studies presented in the appendices straightforward and functional content that assists educators and related service personnel with knowledge and skill acquisition directly connected to effective collaboration with parents and families of children and youth with exceptionalities integration of effective practice methods and current literature in an easy to understand albeit highly professional resource the primary theme of the fourth edition of working with parents and families of exceptional children and youth is that educators and related service professionals must be involved in helping parents and families to contend with the challenges of raising living with and educating a child who has an exceptionality this text retains its focus on developing critical knowledge and skills for conferencing and collaborating that springs from a strength based approach when working with families to develop responsive practitioners additionally it offers professionals current evidence based methods and related resources for building knowledge and skill sets needed for effective parent and family involvement the text is organized in three sections 1 part 1 begins with an overview of the historical and changing nature of the family it continues with specific strategies to establish trust and effective partnerships with parents and families of various configurations including those with different languages cultural practices lifestyles and values 2 part 2 details methods to address parents concerns during initial conferences to report academic and social effective parent teacher conferences have the potential to be the single most educationally valuable event for the student during the school year with increased parental involvement in the day to day operation of the schools and greater parental awareness of the educational process it becomes apparent that educators need to be prepared to respond to renewed parental interest in the education of their children from both an ethical and a legal perspective communication between parents and teachers is imperative however inappropriate procedures and inadequate skills and knowledge can create greater problems than may have existed before the meeting this publication is intended to help teachers to improve their parent teacher conferencing skills first it examines the historical background and research relating to parent teacher conferences then it suggests effective ways for teachers to improve their communication skills with parents and to involve parents in the educational personal and social development of their children the core elements of effective conferencing listening perceiving attending responding and initiating are identified and discussed a list of 78 references is appended jd successful collaboration between teachers and parents can greatly enhance children s educational growth and development this clearly written book provides teachers with the knowledge and skills needed to conduct effective conferences with parents of children with disabilities readers gain a solid understanding of the challenges that families face as a consequence of childhood disability how family dynamics and roles are affected and issues that are likely to arise in meetings with school professionals reviewing the basic elements of parent teacher conferencing seligman highlights ways to establish rapport with families develop strong listening and responding skills and engage parents who may feel anxious frustrated or angry also addressed are the specific requirements of the legally mandated individualized educational program conference enhancing the book s utility are numerous concrete examples and sample parent teacher dialogues as well as role play scenarios and exercises to build conferencing skills the appendix describes a range of disability related referral sources and publications suitable for recommendation to parents family group conferences are seen as a progressive and influential form of practice in child welfare across the globe this book examines and identifies variations in independent advocacy provision offered to young people and their families in relation to undertaking a fgc and discusses how these can impact the outcomes both positively and negatively for young people involved using critical discourse analysis and an original theoretical framework the outcomes of advocacy provision are examined from participants perspectives prior to during and after the fgc process has been completed the analysis develops themes that are discussed comprehensively and recommendations are made for the enhancement of advocacy provision generally and for young people involved in fgc specifically family group conferences are seen as a progressive and influential form of practice in child welfare across the globe this book examines and identifies variations in independent advocacy provision offered to young people and their families in relation to undertaking a fgc and discusses how these can impact the outcomes both positively and negatively for young people involved using critical discourse analysis and an original theoretical framework the outcomes of advocacy provision are examined from participants perspectives prior to during and after the fgc process has been completed the analysis develops themes that are discussed comprehensively and recommendations are made for the enhancement of advocacy provision generally and for young people involved in fgc specifically although teachers hold many conferences with parents most receive very little training in crucial communication theory and conferencing skills this guide identifies the purposes of parent conferences and demonstrates skills including how to hold an effective conference how to deliver an unwelcome message and how to handle an uncommunicative parent contributed papers this book assesses the principles and practices of family group conferences in the juvenile justice and child protection systems all the chapters emphasise the values which distinguish family group conferences from conventional mechanisms for making decisions about young people who are either in need of care and protection or who commit offences respecting the integrity of the family unit including the extended family strengthening family and community supports sharing power between the state and families creating opportunities for parents to feel responsible for their children and themselves and showing sensitivity and respect for families cultures in children taken seriously leading researchers and

policy makers consider how children can be recognized as social actors rather than passive consumers or victims using children s own views and experiences as a starting point they explore how children can be involved as partners in the decision making processes that affect them in social work education health care and broader social policies chapters on the theoretical background draw parallels between developments in children s and women s rights and discuss communication issues and social and sexual constructions of children other chapters explore issues of policy and practice in a variety of areas from family group conferencing and child protection to child labour and notions of active citizenship highlighting the important role of schools in empowering children the authors discuss children s engagement in and participation in their own education and how children s rights theory influences debates over discipline this accessible and thought provoking book is a rich source of insight and ideas for social workers teachers mental health professionals and anyone working with children excerpt from standards of child health education and social welfare based on recommendations of the white house conference on children in a democracy and conclusions of discussion groups the standards outlined herein are intended to serve as guides for state and community planning and review their use should help to clarify the objectives of state and local groups interested in children for both war and post war periods and should be of special value in relation to post war planning for the needs of children about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works successful conferences between parents and school people grow out of an understanding of factors important in the development of children parents and teachers are mutually concerned about helping the child to learn the knowledge skills and attitudes essential to successful living they are mutually concerned about helping the child to grow up to be a socially and emotionally mature person concerned thus with common purposes the social distance they frequently maintain between them should be reduced to a minimum when fears of either parents or teachers intrude conferences suffer but when common goals of family and school are emphasized and the conference is kept centered on the good of the child much is accomplished to further the development of the child conference report on matters concerning children and youth in the usa includes papers and recommendations relating to the psychological aspects of learning and education the improvement of health services and social services for children etc conference held in washington 1970 december family group conferences fgcs are the primary forum in new zealand for dealing with juvenile crime as well as child welfare issues this third volume in the little books of justice and peacebuilding series is about the juvenile justice system that is built around these conferences since their introduction in new zealand family group conferences have been adopted and adapted in many places throughout the world they have been applied in many arenas including child welfare school discipline and criminal justice both juvenile and adult in fact fgcs have emerged as one of the most promising models of restorative justice this little book describes the basics and rationale for this approach to juvenile justice as well as how an fgc is conducted a title in the little books of justice and peacebuilding series this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work was reproduced from the original artifact and remains as true to the original work as possible therefore
