index to the shepard s federal practice series manual of federal practice 4th ed manual of federal practice forms motions in federal court 2nd ed federal appeals jurisdiction and practice 2nd ed discovery proceedings in federal court 2nd ed february issue includes appendix entitled directory of united states government periodicals and subscription publications september issue includes list of depository libraries june and december issues include semiannual index this timely valuable and thought provoking contribution to our understanding of the vibrant new subject that is international criminal law is a great addition to the literature and to our understanding professor bart brown deserves real appreciation for bringing it together philippe sands qc university college london and matrix chambers uk the research handbook is a comprehensive up to date guide to one of the youngest yet most dynamic areas of international law it tackles the pertinent challenges and opportunities starting with the classical issues like categories of international crimes and complementarity going on to address the problems ahead including the guantánamo regime crimes against women and the status of private security contractors the handbook will be a valuable source for both general and advanced international criminal law research james crawford cambridge university uk this carefully regarded and well structured handbook covers the broad range of norms practices policies processes and institutional mechanisms of international criminal law exploring how they operate and continue to develop in a variety of contexts leading scholars in the field and experienced practitioners have brought together their expertise and perspectives in a clear and concise fashion to create an authoritative resource which will be useful and accessible even to those without legal training the research handbook on international criminal law will appeal to practitioners who may want to defend or prosecute international criminal law cases and academics researching and writing on international criminal law graduate students studying international criminal law international human rights or international humanitarian law as well as those studying international justice international politics international organization or public policy analysis will also find this book invaluable the aba journal serves the legal profession qualified recipients are lawyers and judges law students law librarians and associate members of the american bar association the purpose of this book is to critically examine the activities of the international criminal court icc on the eve of its 20th year of existence with a focus on its relationship to the rohingya crisis this book is unique in that it identifies the potential and contemporary challenges of the icc while focusing on the relationship between the rohingya issue and the icc the relationship between the rohingya crisis and the icc is an issue that is fraught with contemporary challenges and worth dealing with the relationship between the icc and non state parties and the relationship between the icc and high government officials are the examples of these challenges its novelty is to address the relationship between the rohingya crisis and the icc by staying current of information the human rights situation of the rohingya is of high international concern with a case pending at the international court of justice icj not only individual criminal responsibility but also state responsibility may be sought for the most serious human rights violations the rohingya crisis itself is of great international concern and it is expected that the issues will be discussed from the perspective of international human rights law international humanitarian law and international criminal law therefore the structure of this book is as follows first it explains the history of the rohingya crisis secondly it touches on the relationship between the rohingya crisis and the icc thirdly the book discusses the relationship between the ongoing case of gambia v myanmar at the icj and the proceedings of the icc finally the book concludes with an assessment of the legitimacy effectiveness and efficiency of the icc in recent years this volume brings together articles on the law of armed conflict and the use of force from the max planck encyclopedia of public international law the definitive reference work on international law it provides an invaluable resources for scholars students and practitioners of international humanitarian law giving an accessible thorough overview of all aspects of the field each article contains cross references to related articles and includes a carefully selected bibliography of the most important writings and primary materials as a guide to further reading the encyclopedia can be used by a wide range of readers experienced scholars and practitioners will find a wealth of information on areas that they do not already know well as well as in depth treatments on every aspect of their specialist topics articles can also be set as readings for students on taught courses vol 4 contains cumulative table of cases reported and citator given the centrality of hague law to the lawful prosecution of warfare the relative paucity of dedicated works is surprising the general formulation of hague law rules is largely uncontroversial but

this clarity stands in stark contrast to their interpretation and practical application how precisely for instance the fundamental rules of distinction and proportionality in attack are to dictate and constrain the planning and practice of warfare continues to be highly uncertain this important new publication fills the gap in the literature offering a comprehensive assessment of hague law it explores questions of definitions and accountability and navigates the substantive rules and their application to different types of warfare a complete restatement of the entire american law as developed by all reported cases issues of defence politics and policy have long been at the forefront of political agendas and defining of international affairs however the dramatic changes to the global system that have taken place since the end of the cold war and particularly since the terror attacks on the usa on 11 september 2001 have amplified the world s attention toward political and policy issues of national regional and global security the focus of this volume is on examining the fundamental causes of and defence policy responses to this new post 9 11 security environment edited by isaiah ike wilson iii and james j f forest of the us military academy west point usa this volume is international in scope with pieces written by experts in the field offering a collection of up to date and balanced insights on key contemporary issues of concern to defence policymakers the book will be an invaluable reference tool for academics and students researchers in international relations policymakers media professionals and government officials the high civilian death toll in modern protracted conflicts such as those in syria or iraq indicate the limits of international law in offering protections to civilians at risk a recent conference of states convened by the international committee of the red cross referred to an institutional vacuum in the area of international humanitarian law implementation yet both international humanitarian law and the law of human rights establish a series of rights intended to protect civilians but which law or laws apply in a particular situation and what are the obstacles to their implementation how can the law offer greater protections to civilians caught up in new methods of warfare such as drone strikes or targeted by new forms of military organisation such as transnational armed groups can the implementation gap be filled by the growing use of human rights courts to remedy violations of the laws of armed conflict or are new instruments or mechanisms of civilian legal protection needed this volume brings together contributions from leading academic authorities and legal practitioners on the situation of civilians in the grey zone between human rights and the laws of war the chapters in part 1 address key contested or boundary issues in defining the rights of civilians or non combatants in today s conflicts those in part 2 examine remedies and current mechanisms for redress both at the international and national level and those in part 3 assess prospects for the development of new mechanisms for addressing violations as military intervention to protect civilians remains contested this volume looks at the potential for developing alternative approaches to the protection of civilians and their rights a fifth edition introduction to the law and practice of the international criminal court since it became fully operational an authoritative and engaging work combining straightforward exposition with extensive footnotes for further research comprehensively examining all aspects of the law of targeting in military operations the book assesses controversies in the rules governing targeting including the use of human shields the level of care required in a bombing campaign and in the determination of whether someone is directly participating in hostilities fully revised updated and extended the fifth edition of hollywood s america provides an important compilation of interpretive essays and primary documents that allows students to read films as cultural artifacts within the contexts of actual past events a new edition of this classic textbook which ties movies into the broader narrative of us and film history this fifth edition contains nine new chapters with a greater overall emphasis on recent film history and new primary source documents which are unavailable online entries range from the first experiments with motion pictures all the way to the present day well organized within a chronological framework with thematic treatments to provide a valuable resource for students of the history of american film
