emotional and behavioural needs of young children

Genre-Based Strategies to Promote Critical Literacy in Grades 4–8 2019-10-21

critical literacy investigates how forms of knowledge and the power they bring are created in language and taken up by those who use texts it asks how language might be put to different more equitable uses and how texts might be recreated in a way that would tell a different story this book is a carefully documented and critically analysed example of the growing emphasis on critical literacy in syllabuses government reports and the like it bridges the gap between academics theorizing and teachers work describes how secondary teachers have planned and implemented critical literacy curricula on a range of topics from shakespeare to the workplace listens to teachers reflecting on their teaching and analyses classroom talk extrapolates from present practice to a future critical literacy in a digitised hypermedia world teachers and students of education critical literacy advocates and theorists of literacy and schooling can learn much more from this book which shows how critical literacy teachers and their students are contributing to the ongoing reinvention of english education as critical literacy

Emotional Literacy in the Early Years 2010-09-21

this is an account of how 30 african american children from a poor area of detroit were enrolled in the dewey center community writing program aiming to promote literacy and enable the exploration and interpretation of the children s community the heart of the project lay in storytelling

Critical Literacy in the Classroom 2002-01-04

technology mediated communication cannot help but inform our literacies this book is a reconceptualization of the role of language and pedagogy in what kress 2003 has termed the new media age at the heart of the volume is the notion of transformation a change in discourse practices meaning making technology and as a result literacy acquisition itself the chapters look at language as positioned in a hugely multimodal world communication extends beyond the traditional realms of discourse from the collaborative efforts of wikis to the hybrid speech and text of online messaging these new areas of meaning making are excellent and extremely important avenues to explore for academics interested in applied linguistics language and literature language acquisition and multimodality

Eating on the Street 1993

the daily 5 fostering literacy in the elementary grades second edition retains the core literacy components that made the first edition one of the most widely read books in education and enhances these practices based on years of further experience in classrooms and compelling new brain research the daily 5 provides a way for any teacher to structure literacy and now math time to increase student independence and allow for individualized attention in small groups and one on one teachers and schools implementing the daily 5 will do the following spend less time on classroom management and more time teaching help students develop independence stamina and accountability provide students with abundant time for practicing reading writing and math increase the time teachers spend with students one on one and in small groups improve schoolwide achievement and success in literacy and math the daily 5 second edition gives teachers everything

they need to launch and sustain the daily 5 including materials and setup model behaviors detailed lesson plans specific tips for implementing each component and solutions to common challenges by following this simple and proven structure teachers can move from a harried classroom toward one that hums with productive and engaged learners what's new in the second edition detailed launch plans for the first three weeks full color photos figures and charts increased flexibility regarding when and how to introduce each daily 5 choice new chapter on differentiating instruction by age and stamina ideas about how to integrate the daily 5 with the cafe assessment system new chapter on the math daily 3 structure

Transforming Literacies and Language *2010-11-18*

using a research based approach this book examines the critical connections between writing and reading and it explains how to encourage early literacy in the classroom and library how can teachers and librarians support true literacy in young learners are very young children guided by meaning in constructing their reality and their relationship to the world what is the value of championing writing at the kindergarten level guided by meaning in primary literacy libraries reading writing and learning answers these questions and many more providing best practices in early literacy through explicit lessons in writing and reading and demonstrating how the library can extend learning in deep and powerful ways while some books emphasize reading others emphasize writing and still others focus on library instruction this profound resource brings all of the components of literacy together in a meaningful way throughout the book the authors highlight examples of student writing anecdotes from the real world and connections between theory and what happens in practical application unique in its thoroughness of content for this age group this text is essential reading for all early childhood teachers and librarians working in schools and in public libraries with young children the book also serves trainers working with teachers and librarians to increase their effectiveness in working with young children to promote early literacy
