The Fight for English

2006

combining a chronological survey of key influences in the area of usage with discussion of such themes as punctuation spelling and pronunciation tells the story of the battles surrounding english usage

The Fight for Freedom

2012-06-01

in the summer of 1965 an eighteen year old boy filled with frustration and anger at the injustices of the segregated society in his hometown of troy alabama volunteers to help civil rights workers sent to alabama by the southern christian leadership conference as part of a campaign to register black people to vote a few short months later he finds himself in atlanta standing in the sanctuary of ebenezer baptist church being interviewed by dr martin luther king jr for a position on sclcs field staff as a young foot soldier in the civil rights movement author john reynolds was an eyewitness to history in the fight for freedom he shares his experiences in some of the hot spots of that day such as selma birmingham and

mississippi a passionate and dedicated soldier reynolds was jailed more than twenty times and beaten on numerous occasions as he went through some of the toughest battles of the movement and played a role in awakening the national conscience and redeeming the soul of america the revealing relevant coming of age tale of a man and a nation tracing his years in the civil rights movement reynolds offers an insiders view of the people events and tactics that brought the united states closer to the fulfillment of the founders promise that all men are created equal although this account concerns a time now past its nonetheless a timely reminder that citizens should always be ready to fight the good fight excerpt from kirkus reviews

The Fight for the Crown

1898

throughout history and into the modern day people have moved from place to place to flee danger and seek out better lives but immigrants and refugees often meet harsh realities on their journeys learn about immigration and refugee resettlement within the united states and throughout the world follow both historical and recent large migrations understand the challenges of life in a new country and see how activists fight for immigrants and refugees rights read woken books are created in partnership with cicely lewis the read woke

librarian inspired by a belief that knowledge is power read woke books seek to amplify the voices of people of the global majority people who are of african arab asian and latin american descent and identify as not white provide information about groups that have been disenfranchised share perspectives of people who have been underrepresented or oppressed challenge social norms and disrupt the status quo and encourage readers to take action in their community

Immigration, Refugees, and the Fight for a Better Life

with the withdrawal of french forces from south vietnam in 1955 the u s took an ever widening role in defending the country against invasion by north vietnam by 1965 the u s had americanized the war relegating the army of the republic of vietnam arvn to a supporting role while the u s won many tactical victories it had difficulty controlling the territory it fought for as the war grew increasingly unpopular with the american public the north vietnamese launched two large scale invasions in 1968 and 1972 both tactical defeats but strategic victories for the north that precipitated the u s policy of vietnamization the drawdown of american forces that left the arvn to fight alone this book examines the

maturation of the arvn and the major battles it fought from 1963 to its demise in 1975 despite its flaws the arvn was a well organized and disciplined force with an independent spirit and contributed enormously to the war effort had the u s vietnamized the war earlier it might have been won in 1967 1968

historical studies of black youth activism have until now focused almost exclusively on the activities of the congress of racial equality core and the student nonviolent coordinating committee sncc however the naacp youth councils and college chapters predate both of those organizations they initiated grassroots organizing efforts and nonviolent direct action tactics as early as the 1930s and in doing so made significant contributions to the struggle for racial equality in the united states this deeply researched book breaks new ground in an important and compelling area of study thomas bynum carefully examines the activism of the naacp youth and effectively refutes the perception of the naacp as working strictly through the courts his research illuminates the many direct action activities undertaken by the young people of the naacp activities that helped precipitate the breakdown of racial discrimination and segregation in america beginning with the formal organization of the

naacp youth movement under juanita jackson the author traces the group s activities from their early anti lynching demonstrations through their post world war ii withholding patronage campaigns to their participation in the sit in protests of the 1960s he also explores the evolution of the youth councils and college chapters including their sometime rocky relationship with the national office and shows how these groups actually provided a framework for the emergence of youth activism within core and sncc the author provides a comprehensive account of the generational struggle for racial equality capturing the successes failures and challenges the naacp youth groups experienced at the national state and local levels he firmly establishes the vital role they played in the history of the civil rights movement in the united states and in the burgeoning tradition of youth activism in the postwar decades

from the early 1900s liberal protestants grafted social welfare work onto spiritual concerns on both sides of the pacific their goal to forge links between whites and asians that countered anti asian discrimination in the united states their test uprooting racial hatreds

that despite their efforts led to the shameful incarceration of japanese americans in world war ii sarah m griffith draws on the experiences of liberal protestants and the young men s christian association in particular to reveal the intellectual social and political forces that powered this movement engaging a wealth of unexplored primary and secondary sources griffith explores how ymca leaders and their partners in the academy and distinct asian american communities labored to mitigate racism the alliance s early work based in mainstream ideas of assimilation and integration ran aground on the japanese exclusion law of 1924 yet their vision of christian internationalism and interracial cooperation maintained through the world war ii internment trauma as griffith shows liberal protestants emerged from that dark time with a reenergized campaign to reshape asian white relations in the postwar era

the essential road map for understanding and defending your right to privacy in the twenty first century privacy is disappearing from our sex lives to our workout routines the details of our lives once relegated to pen and paper have joined the slipstream of new technology as a macarthur fellow and distinguished professor of law at the university of virginia acclaimed

civil rights advocate danielle citron has spent decades working with lawmakers and stakeholders across the globe to protect what she calls intimate privacy encompassing our bodies health gender and relationships when intimate privacy becomes data corporations know exactly when to flash that ad for a new drug or pregnancy test social and political forces know how to manipulate what you think and who you trust leveraging sensitive secrets and deepfake videos to ruin or silence opponents and as new technologies invite new violations people have power over one another like never before from revenge porn to blackmail attaching life altering risks to growing up dating online or falling in love a masterful new look at privacy in the twenty first century the fight for privacy takes the focus off silicon valley moguls to investigate the price we pay as technology migrates deeper into every aspect of our lives entering our bedrooms and our bathrooms and our midnight texts our relationships with friends family lovers and kids and even our relationship with ourselves drawing on in depth interviews with victims activists and advocates citron brings this headline issue home for readers by weaving together visceral stories about the countless ways that corporate and individual violators exploit privacy loopholes exploring why the law has struggled to keep up she reveals how our current system leaves victims particularly women lgbtq people and marginalized groups shamed and powerless while perpetrators profit warping cultural norms around the world yet there is a solution to our toxic relationship with technology and privacy fighting for intimate privacy as a civil right collectively citron argues citizens lawmakers and corporations have the power to create a

working conditions in new york city factories joining the picket lines was dangerous with thugs and police officers harassing picketers but the protests stirred action many factory owners finally agreed to some of the workers demands and improved conditions but nothing changed for workers at the triangle shirtwaist factory and those workers would pay a high price for the company s dangerous conditions in 1911 a devastating fire swept through the triangle factory killing 146 workers in the months following the tragedy the rights of workers finally gained real traction as the state government formed a safety commission and enacted new safety laws

the fight for women s rights has been going on for as long as the united states has been a nation from the earliest colonial days when women had virtually no rights to the present day where women are corporate executives and presidential candidates females have struggled for equal rights and equal opportunities in society it is a battle that has been fought by many strong and dedicated women the fight will continue as women strive to reach their personal

and professional goals learning from the past and refusing to accept limitations empower your students to take action for themselves and their friends through this essential book

2017-09-04

the most valuable citizen of this or any other country is the man who owns the land from which he makes his living no other man has such a stake in the country no other man lends such steadiness and stability to our national life therefore no other question concerns us more intimately than the question of homes permanent homes for ourselves our children and our nation this is a central problem the policy of national irrigation is of value to the united states in very many ways but the greatest of all is this that national irrigation multiplies the men who own the land from which they make their living

Fight for Your Family

2006-09-26

what if your struggles aren t a barrier to thriving but an invitation into your most vibrant days discover how to live a life of joy and fullness even in the midst of disappointment and broken dreams how can you find a way forward when life throws you sucker punches when you face obstacles that seem to snuff out your faith when you lose someone precious to you it is in the sacred space of pain and promise that we can begin to flourish even in the midst of disappointment and broken dreams it is possible to grow be strong and draw near to god

in the fight to flourish jennie lusko draws on her experiences after the loss of her five year old daughter lenya to show you that the ingredients for a fresh and thriving life are right in front of you jennie s story will help remind you of how much god loves you even when life feels unbearable with grit and grace jennie will help you discover that flourishing is not an impossible destination but a divine revelation of where you are right now find relief from the weight of overwhelming circumstances by resting in the realization that god is fighting for you trust that god is growing you in the gap between your expectations and your experience the word flourish is written all over you and your future discover the ongoing strength that jennie has found and learn to reengage in life with renewed strength and confidence

Drama High: The Fight

1924

it was on the road from neufchateau to la foche where base hospital 117 was located that i first became acquainted with the author of this book he evidently knew how to run a ford camionette even though it was not in just the shape in which it left the factory i remember that i asked him what he did for a living back in the states those service uniforms were great levelers and he said he was a parson but now you are a chauffeur i objected well you see he said when i first came over they asked me to fill out blanks indicating what i could do

and in that statement i admitted that i could run a car i also said i could preach they tried me out as a chauffeur and liked my work so well that they said they would stand pat on that they had never heard me preach

were therefore pure ceremonial and symbolic all the fighting being done by special chinese corps which were raised as neccessity arose the history of the nineteenth century is thus logically enough the history of successive collapses not only did overseas foreigners openly thunder at the gateways of the empire and force an ingress but native rebellions were constant and common leaving minor disturbances out of account there were during this period two huge mahommedan rebellions besides the cataclysmic taiping rising which lasted ten years and is supposed to have destroyed the unbelievable total of one hundred million persons the empire torn by internecine warfare surrendered many of its essential prerogatives to foreigners and by accepting the principle of extraterritoriality prepared the road to ultimate collapse how in such circumstances was it possible to keep alive absolutism the answer is so curious that we must be explicit and exhaustive the simple truth is that save during the period of vigour immediately following each foreign conquest such as the

mongol conquest in the thirteenth century and the manchu in the seventeenth not only has there never been any absolutism properly so called in china but that apart from the most meagre and inefficient tax collecting and some rough and ready policing in and around the cities there has never been any true governing at all save what the people did for themselves or what they demanded of the officials as a protection against one another any one who doubts these statements has no inkling of those facts which are the crown as well as the foundation of the chinese group system and which must be patiently studied in the village life of the country to be

The Fight to Flourish

1917

faith in the fight tells a story of religion soldiering suffering and death in the great war recovering the thoughts and experiences of american troops nurses and aid workers through their letters diaries and memoirs jonathan ebel describes how religion primarily christianity encouraged these young men and women to fight and die sustained them through war s chaos and shaped their responses to the war s aftermath the book reveals the surprising frequency with which americans who fought viewed the war as a religious

challenge that could lead to individual and national redemption believing in a christianity of the sword these americans responded to the war by reasserting their religious faith and proclaiming america god chosen and righteous in its mission and while the war sometimes challenged these beliefs it did not fundamentally alter them revising the conventional view that the war was universally disillusioning faith in the fight argues that the war in fact strengthened the religious beliefs of the americans who fought and that it helped spark a religiously charged revival of many prewar orthodoxies during a postwar period marked by race riots labor wars communist witch hunts and gender struggles for many americans ebel argues the postwar period was actually one of reillusionment demonstrating the deep connections between christianity and americans experience of the first world war faith in the fight encourages us to examine the religious dimensions of america s wars past and present and to work toward a deeper understanding of religion and violence in american history
