The Family 1981 family theories an introduction by james m white todd f martin and new co author kari adamsons provides an incisive thorough primer to current theories of the family that balances the diversity and richness of a broad scope of scholarly work in a concise manner this best selling text draws upon eight major theoretical frameworks developed by key social scientists to explain variation in family life these frameworks include social exchange and choice symbolic interaction family life course development systems conflict feminist ecological and functional theories this new fifth edition includes suggestions for integrating theory to guide a research program and more applications for those going on to careers in the helping professions with an increased focus on both classical theories as well as contemporary and emerging theories this text challenges students to think about how families and family theories have changed over the last 70 years as well as where family scholarship is headed

A Modern Introduction to the Family 1960 originally published in 1969 this introduction to the social study of the family was designed both for students of sociology and for students of related subjects requiring familiarity with a similar approach it is therefore written in language as simple as possible technical terms are only introduced when indispensable and are always defined while the book is focused on european and american family systems the author believed these are intelligible only when placed in a wider context and so the first part is concerned with kinship marriage and the family in general he does not attempt to provide a descriptive account of all the empirical studies available but concentrates on what he considers the chief theoretical problems in consequence this book is argumentative and critical in approach and never strays far from the central issues of sociological theory it is therefore of value to both students of sociology and to others interested in the perspective which the discipline can give to the study of the family

Family Theories 2018-12-20 an introduction to family social work international edition provides a strong foundation in the concepts and skills students need to succeed as future social work professionals designed for students who will work with families but not necessarily continue with advanced family therapy training the text features engaging case studies end of chapter exercises illustrations and graphics to help students master the material

The Family 1969 family life is exciting and interesting many of us want to know how to make our own families stronger and how to assist other families as they struggle with life s difficulties often the lives of families are at the center of national news political campaigns movies and heated congressional debates we care about how families raise their children spend money decide where to live and how they contribute to the

economy much of the discussion about family life focuses on who people choose to marry how many children they decide to have and whether or not they divorce or stay married or get remarried examining the family this text s basic premise is that we can do a better job of understanding families when we know more about the inner life of families this book is an attempt to gather what is known about what goes on behind closed doors in families the intent is to introduce the reader to family processes strategies and daily sequences of behavior used by family members to achieve goals some time is spent discussing who families are but the bulk of this text is concerned with what families do that is how does their communication style help or hinder their efforts to achieve what they believe to be important in addition the book addresses how families make decisions allocate resources design and execute rituals and cope with stress and crises

An Introduction to Family Social Work 2010 written for undergraduate level courses on family processes family studies introduction to the family family communication and dynamics of the family this thoroughly class tested new edition examines what is known about what goes on behind closed doors in families introduction to family processes 4 e introduces the reader to the family processes approach strategies and daily sequences of behavior used by family members to achieve goals the family processes approach focuses on how families work think and interact the inner family and the dynamics among its members features of this fourth edition include textbook and student workbook in one volume introduction to family processes fourth edition is filled with writing activities and designed with enough space to complete the activities directly on the page chapter activities help reinforce concepts learned before moving on to the next concept these activities are short essay responses to reinforce writing practice and critical thinking skills journal activities strengthen the students connection to the material

covered as they reflect record and revisit their own thoughts and opinions on guided journal exercises spotlight on research these boxed features highlight valuable research studies once research is presented students are then asked to reflect and respond principle boxes highlight specific principles relevant to chapter material and can be used as a study reference or to launch class activities discussions real families presented in case studies make the data and research come to life each chapter opens with chapter outlines and concludes with chapter summary study questions and a key terms list

Introduction to Family Processes 2002-01 i don t know how often i ve wished for an introductory text on family life which encompassed critical contemporary sociological thinking alongside the basic information students need and have only found fossilised thinking on a stodgy subject but now all that has changed mckie and callan have achieved what i thought was almost impossible in understanding families a textbook which provides unrivalled foundations for a critical understanding of contemporary families and relationships carol smart the morgan centre university of manchester this excellent innovative comprehensive and easy to read text should be essential reading for everyone keen to understand families across the globe it will make an outstanding contribution to family studies and is highly recommended janet walker newcastle university easy to read text which debates current thinking surrounding modern families case studies and questions for the reader throughout the text help traslate theory into practice justine gallagher northumbria university families are the core building blocks of society our experience of them affects many aspects of our everyday lives shaping our expectations and future plans written by experts in family studies and family policy this clear engaging book adopts a global perspective to usefully examine how modern families can be explored and understood in research policy and practice packed with critical pedagogy including case studies think points key words and a glossary it guides students through topics such as relationships sexualities and paid and unpaid work continually returning to its central themes of process and structure the book also applies key social theories to contemporary analysis examines key studies on researching families and family life explores the role of government policies and practices this comprehensive introduction to the study of families and relationships is a timely resource for students and lecturers working across the social sciences particularly students of family studies the sociology of the family family policy and social work and the family linda mckie is professor of sociology glasgow caledonian university samantha callan is based at the centre for social justice they are both affiliated to the centre for research on families and relationships at the university of edinburgh

Boys, Girls, and the Myths of Literacies and Learning 2008 more than a broad and general overview introduction to family development provides an excellent introduction to numerous distinct relationship topics the text incorporates thought provoking reading selections that address demographic transitions marriage remarriage and cohabitation it also addresses culture social processes in the construction of gender stepfamilies love family communication child abuse intimate partner violence health and stress two readings are devoted exclusively to theory and theoretical perspectives but many of the readings clearly specify the theoretical framework guiding the ideas this gives students the opportunity to learn how a given theory can be applied to more than one topic introducing students to primary research literature promotes discussions about how data are gathered and how findings tables and figures are interpreted this textbook is appropriate for introductory and midlevel courses it can also be used as a supplement to more traditional textbooks comprehensive in scope but manageable for first year students introduction to family development addresses family family development and family functioning from the perspectives of scholars in the fields of sociology psychology and family studies the book serves as a foundational text that prepares students for later more content specific courses on family issues chalandra m bryant earned her ph d in child development and family relationships in 1996 at the university of texas at austin dr bryant is currently a professor of human development and family science at the university of georgia where she teaches courses in family development intimate relationships and family theories dr bryant has served on the editorial board of the journal of family theory and review and her work has been published in the journal of marriage and family journal of family psychology and personal relationships she earned the outstanding young professional award presented by the university of texas texas exes alumni association *A Modern Introduction to the Family* 1960 introduction to family processes diverse families common ties serves to provide an explanation of the complex workings of inner family life the text primarily focuses on family processes and dynamics the inside of families as opposed to sociological trends political topics or the individual psychological approach the text further presents the research underlying these processes and effectively presents ways to increase the positive aspects of family life

Introduction to Human Development and Family Studies 2017-03-31 the sociology of the family is deceptively hard to study unlike say physics the topic is familiar a word whose very root is latin for family because virtually everyone grows up in families therefore it can seem easy to study the family because students can bring to bear their personal knowledge of the subject some textbooks play to this familiarity by

mainly providing students with an opportunity to better understand their private lives the authors never stray too far from the individual experiences of the readers focusing on personal choices such as whether to marry and whether to have children to be sure giving students insight into the social forces that shape their personal decisions about family life is a worthwhile objective nevertheless the challenge of writing about the sociology of the family is also to help students understand that the significance of families extends beyond personal experience today as in the past the family is the site of not only private decisions but also activities that matter to our society as a whole

Introduction to Family Processes 2002-12-18 appropriate for 1 semester courses in marriage and the family and sociology of the family focuses on applications and theory for one semester courses several overarching themes help organize the material an emphasis on processes interaction communication cooperation and empathy found in all families rather than on the specific forms of the family the fact that the family is becoming more rather than less important the constant tension between families schools and work and historical changes and cross national comparisons with a new chapter on family dynamics

Understanding Families 2011-12-15 first published in 1997 routledge is an imprint of taylor francis an informa company

ISE PUBLIC & PRIVATE FAMILIES: INTRO 2019-11-17 this book provides both an introduction to the main categories and sources of family law and a context enabling the student to see linkages between different aspects of the subject and its relationship with other areas the law and with other disciplines

Introduction to Family Development 2016-12-30 now in its third edition family matters offers an enriched discussion on a variety of substantive factors affecting canadian families across a life course adopting a feminist sociological approach throughout this popular textbook explores family structures and functions through a critical gendered lens and individually examines how issues related to gender social change social policy and poverty influence family life a leading name in sociology barbara a mitchell takes a closer look at lat partnerships and polyamorous relationships and features additional material on skipped generation families disability in families participatory research methods parent child relationships and the impact of communication technologies approachable and concise family matters is the perfect resource for students enrolled in half year introductory or advanced level courses in family sociology and gender studies

The Family 1985 this is the first multidisciplinary text to address the growing scholarly connection between religion and family life the latest literature from family studies psychology sociology and religion is reviewed along with narratives drawn from interviews with 200 racially

religiously and regionally diverse families which bring the concepts to life written in a thought provoking accessible and sometimes humorous style by two of the leading researchers in the field the book reflects the authors firsthand experience in teaching today s students about religion s impact on families prior to writing the book the authors read the sacred texts of many faiths interviewed religious leaders and attended religious services for a wide array of faiths the result is an accurate and engaging account of why and how families are impacted by their religion the pedagogical features of the text include boldfaced key terms defined in the glossary text boxes chapter conclusions summary points and review questions religion and families examines several denominations within christianity judaism and islam reviews findings from racially and ethnically diverse families from traditional and diverse family forms and examines gender and life course issues addresses the impact of one s religious involvement on longevity divorce rates and parenting styles considers demographic family couple and individual level data that relate to prayer and other sacred practices presents a balanced treatment of the latest research and a new model for studying family and religion explores the whys hows and processes at work in the religion family connection the book opens with a discussion of why religion and family connections matter chapter 2 defines religion and presents a new conceptualization of religion empirical research connections between religion and marriage divorce family and parent child relationships are explored in chapters 3 through 6 the interface between religion and the family in christianity judaism and islam are reviewed in chapters 7 8 and 9 chapter 10 explores the unique challenges that religion presents for diverse family forms prayer as a coping mechanism for life s challenges such as death and disability are explored in chapter 11 chapter 12 examines forgiveness in the context of marriages and families the book concludes with a review of the book s most important themes and findings intended as a text for undergraduate courses in family and religion the psychology or sociology of the family the psychology or sociology of religion pastoral biblical counseling or family and youth ministry taught in human development and family studies psychology sociology religion social work pastoral counseling and sometimes philosophy this book also appeals to family therapists and counselors

Introduction to Family Processes 2022 students and researchers in family studies family policy and the sociology of the family

Public & Private Families 2021 introduction to family counseling a case study approach presents basic knowledge about family counseling and applies various theoretical models to a case example looking at one nuclear family along with its extended family members that readers follow throughout the text judy esposito and abbi hattem, multi

generational family is constructed from their experiences as professors and family therapists to exemplify the concepts and theories of family counseling beyond the theories of family counseling students learn about the family life cycle and various tools for assessing families as well as the history of family counseling ethical issues relevant to family counseling are also included along with transcripts from hypothetical family counseling sessions throughout the book in addition the book focuses on working with diverse families and takes special care to emphasize multicultural issues
