2014-04-24

the nineteenth century was a golden age in british sports not only were sports immensely popular but they began to assume the forms and qualities that still characterise them today moreover the latter part of the century saw a significant participation in sports by women and this book provides the first overall examination of this early development and the social changes that it helped to bring about since women s entry into sports was chiefly a consequence of the campaign for better female education the book begins with an account of sports at the oxbridge women s colleges at the girls public schools and at the new women s physical training colleges it then examines team sports such as hockey lacrosse and cricket and individual sports such as tennis golf and cycling other chapters discuss the medical attitudes and prejudices toward women s participation in sports and the role of sports in changing female dress

one of today s most important national concerns is the projected bankruptcy of social security some time in the next few decades and its consequent inability to pay full benefits on time yet despite two decades of warnings about this nothing is being done the saying that social security is the third rail of american politics touch it

and you die still holds true in social security false consciousness and crisis john attarian argues that the major cause of the current impasse is the misleading manner in which the program has been depicted to the public and the beliefs about social security which prevail as a result
