Sense and senselessness 2009 this book is our century's most comprehensive and wise treatment of nihilism in all of its guises comparing favorably with Rosen Cavell and indeed with Spengler Crosby argues that our culture is genuinely haunted by nihilism expressing itself in the fideism of fundamentalism as well as in the debilitating alienation from all orientation this results from a one-sided development of western culture unlike most writers on this topic Crosby acknowledges many sources colluding to frame the culture of nihilism including the death of God the objectification of nature the meaninglessness of suffering in a mechanical universe the ephemerality of time in a world where value does not accumulate the arbitrariness of historicized reason the reduction of value to will and the alienation of the Cartesian ego these sources are reviewed in the first two parts of the book with the result that the phenomenon of nihilism becomes understandable in its third and fourth parts Crosby provides a critical analysis of the religious and philosophical forces leading to nihilism by discussing authors from the early modern period through Dostoyevsky Sartre Russell and Derrida he shows that these forces are skewed and impoverished and should not be allowed to determine our situation the comprehensive attention to detail and the multi-perspectival interpretation demonstrates as well as asserts the richness of the culture that puts nihilism in its place part five finally rephrases the criticism of the sources of nihilism in positive ways part four in particular is a tour de force of philosophical argument its richness of nuance plurality of views examined and adroitness of critical interpretation provide cumulatively a powerful non-nihilistic reading of the philosophic tradition the force of the argument derives from its comprehensive cumulative character Crosby distinguishes and relates five areas of nihilism political moral epistemological cosmic and existential throughout the book he illustrates and examines these as they are expressed in literature and art in daily life and practical affairs and in philosophy the book is richly erudite in its marshalling of consciousness from so many domains

The Specter of the Absurd 2016-03-22 the western philosophical tradition shows a marked fondness for tragedy from Plato and Aristotle through German idealism to contemporary reflections on the murderous violence of the twentieth century philosophy has often looked to tragedy for resources to make suffering grief and death thinkable but what if showing a preference for tragedy philosophical thought has unwittingly and unknowingly aligned itself with a form of thinking that accepts injustice without protest this collection explores possibilities for philosophical thinking that refuses the tragic model of thought and turns

instead to its often overlooked companion comedy comprising of a series of experiments ranging across the philosophical tradition the essays in this volume propose to break or at least suspend the use of tragedy as an index of truth and philosophical worth instead they explore new conceptions of solidarity sympathy critique and justice in addition the essays collected here provide ample reason to believe that philosophical thinking aligned with comedy is capable of important and original insights discoveries and creations the prejudicial acceptance of tragic seriousness only impoverishes the life of thought it can be rejuvenated and renewed by laughter and the comic this book was originally published as a special issue of *angelaki*

Why So Serious: On Philosophy and Comedy 2018-12-07 written in clear non technical language nothing so absurd is a succinct and accessible introduction to topics in the history of western philosophy in seven concise chapters the author introduces the reader to the central topics within the discipline in some cases such as metaphysics and epistemology he adopts a historical approach while in others such as ethics and philosophy of religion the focus is as much on contemporary issues as it is on historical developments in each area he presents material of great intrinsic interest in a fashion that also provides a sense of the broad sweep of the discipline this book provides a fair minded exposition of a wide range of viewpoints throughout and dwells in its final chapter on the virtues of philosophical realism thus presenting the reader with the opportunity to engage with a direct philosophical argument a guide to further reading will assist readers new to philosophy

Nothing So Absurd 2003-09-02 using the character as a central element this volume provides insights into the theatre of the absurd highlighting its specific key characteristics adopting both semiotic structuralist and mathematical approaches its analysis of the absurdist character introduces new models of investigation including a possible algebraic model operating on the scenic dramatic and paradigmatic level of a play not only exploring the relations configurations confrontations functions and situations but also providing necessary information for a possible geometric model the book also takes into consideration the relations established among the most important units of a dramatic work character cue décor and régie re configuring the basic pattern it will be useful for any reader interested in analyzing staging or writing a play starting from a single character

History of the Arguments for the Existence of God 1885 rebuttal to frequent court and legal profession false arguments about the nonresident alien position

Re-Thinking Character in the Theatre of the Absurd 2020-09-23 the psychoanalysis of the absurd offers an interdisciplinary study of existentialism and phenomenology and their importance to the clinical work of contemporary psychotherapy and psychoanalysis the concept of absurdity developed by camus has never been applied to the therapeutic situation or directly contrasted with its antithesis the search for personal meaning the book begins with narrative accounts of the historical development of psychoanalysis existentialism and phenomenology in 20th century europe the focus here is on fin de siècle vienna and paris between the wars as the principal incubators of the two disciplines accompanied by composite case illustrations leffert then explores his own development of the psychoanalysis of the absurd drawing on the work of camus heidegger and sartre absurdity is first discussed in relation to the bio psycho social self and dasein is posited as a bridge concept with personal meaning as the antithesis to absurdity before being discussed in relation to the world and how it impinges on self a final chapter attempts to tie together particular issues raised by the book subjective well being meaning thrownness absurdity death and death anxiety and how we have become technologically enhanced human beings existential psychotherapy and psychoanalysis have until now largely gone their own way the goal of this book is to fold them back into contemporary psychoanalysis establishing that the concept of absurdity is of singular clinical importance to both diagnosis and therapeutic action this book will be of great interest to clinicians philosophers and interdisciplinary scientists

Muntakhab-ut-tāwarikh 1898 against the backdrop of a puritan theocracy threatened by change in a population terrified not only of eternal damnation but of the earthly dangers of indian massacres and recurrent smallpox epidemics a small group of girls denounces a black slave and others as worshipers of satan within two years twenty men and women are hanged or pressed to death and over a hundred others imprisoned and impoverished in the salem witch trials reader frances hill provides and astutely comments upon the actual documents from the trial examinations of suspected witches eyewitness accounts of satanic influence as well as the testimony of those who retained their reason and defied the madness always drawing on firsthand documents she illustrates the historical background to the witchhunt and shows how the trials have been represented and sometimes distorted by historians and how they have fired the imaginations of poets playwrights and novelists for those fascinated by the salem witch trials this is compelling reading and the sourcebook

Rebutted False Arguments About the Nonresident Alien Position When Used by American Nationals,

Form #08.031 2023-10-27 what is the literary absurd what are its key textual features how can it be analysed how do different readers respond to absurdist literature taking the theories and methodologies of stylistics as its underlying analytical framework reading the absurd tackles each of these questions selected key works in english literature are examined in depth to reveal significant aspects of absurd style its analytical approach combines stylistic inquiry with a cognitive perspective on language literature and reading which sheds new light on the human experience of literary reading by exploring the literary absurd as a linguistic and experiential phenomena while at the same time reflecting upon its essential historical and cultural situation joanna gavins brings a new perspective to the absurd aesthetic

The Works of the Reverend William Law, M.A.: Remarks upon ... "The fable of the bees". The case of reason, or natural religion, fairly and fully stated. The absolute unlawfulness of stage entertainments fully demonstrated 1892 this edited volume represents the best of the scholarship presented at the 18th national communication association american forensic association conference on argumentation this biennial conference brings together a lively group of argumentation scholars from a range of disciplinary approaches and a variety of countries disturbing argument contains selected works that speak both to the disturbing prevalence of violence in the contemporary world and to the potential of argument itself to disturb the very relations of power that enable that violence scholars essays analyze a range of argument forms including body and visual argument interpersonal and group argument argument in electoral politics public argument argument in social protest scientific and technical argument and argument and debate pedagogy contributors study argument using a range of methodological approaches from social scientifically informed studies of interpersonal group and political argument to humanistic examinations of argument theory political discourse and social protest to creatively informed considerations of argument practices that truly disturb the boundaries of what we consider argument

The Salem Witch Trials Reader 2009-06-16 in the seven volumes of proofs which accompany the
case of the united states and in the four volumes which hold a like relation to the case of
great britain are collected with much else that is pertinent and important the documents of
the diplomatic treatment of the specific controversy from the commencement of the american
rebellion to the conclusion of the treaty exhibiting in the most authentic form the real
nature of the differences between the two nations as they showed themselves in the immediate
presence of the events which gave rise to them

Reading the Absurd 2013-07-30 the five volumes furnish a collection of the debates and
proceedings which took place in the different states on the adoption of the federal
constitution as submitted by the general convention on the 17th of september 1787 in the
compilation care has been taken to search into contemporary publications in order to make the
work as perfect as possible still however the sentiments they contain may in some instances
have been inaccurately taken down and in others probably too faintly sketched fully to gratify
the inquisitive politician but they nevertheless disclose the opinions of many of the most
distinguished revolutionary patriots and statesmen in relation to the powers intended to be
granted to the congress of the united states under the constitution and certainly may form an
excellent guide in expounding many doubtful points in that instrument in forming a history of
the constitution the materials they furnish must be also considered of the greatest importance

the lights too which they throw on the character and the men of those extraordinary times will always give them a sufficient interest in the eyes of an intelligent community to confer a peculiar value on their publication rescued from the ephemeral prints of that day

Survey of China Mainland Press 1976-02 this book challenges the widely held belief that hong kong s political culture is one of indifference the term political indifference is used to suggest the apathy naivete passivity and utilitarianism of hong kong s people toward political life taking a broad historical look at political participation in the former colony wai man lam argues that this is not a valid view and demonstrates hong kong s significant political activism in thirteen selected case studies covering 1949 through the present through in depth analysis of these cases she provides a new understanding of the nature of hong kong politics which can be described as a combination of political activism and a culture of depoliticization

The Argument, a Priori, for the Being and the Attributes of the Lord God, the Absolute One, and First Cause 1872 this book provides the first comprehensive legal analysis of the twelve war crimes trials held in the american zone of occupation between 1946 and 1949 collectively known as the nuremberg military tribunals nmt the judgments these tribunals produced have played a critical role in the development of international criminal law particularly in terms of how courts currently understand genocide crimes against humanity and the crime of aggression the trials are of tremendous historical importance because they provide a far more comprehensive picture of nazi atrocities than the main nuremberg trial imt the imt focused exclusively on the major war criminals the goerings the hesses the speers the nmt by contrast prosecuted doctors lawyers judges industrialists bankers the private citizens and lower level functionaries whose willingness to take part in the destruction of millions of innocents manifested what hannah arendt famously called the banality of evil this book starts by tracing the history of the nmt it then discusses the law and procedure applied by the nmt with a focus on the important differences between control council law no 10 and the nuremberg charter and on the protection of the defendants right to a fair trial the third section the heart of the book provides a systematic analysis of the nmt s jurisprudence it covers law no 10 s core crimes crimes against peace war crimes and crimes against humanity as well as the crimes of conspiracy and membership of a criminal organization this section also analyzes the general principles of liability that the tribunals applied and on the defenses they did and did not recognize the final section of the book deals with the aftermath of the trials and their

historical legacy

The absurd hypothesis, that Eusebius of Cæsarea ... was an editor or corrupter of the holy Scriptures, exposed, [in reply to Remarks on a passage in Eusebius's Ecclesiastical history, by F. Nolan] in a second part of The case of Eusebius, by the author of the first; with an appendix on the eighth of the author's Bampton lectures 1823 a celebration of the importance and significance of the myth of sisyphus this collection of essays from some of the world s leading camus scholars examines the impact on philosophy that camus s the myth has had in the past 80 years

The Greatest Works of G. K. Chesterton 2023-12-09 barack obama s shocking plan to take over the government the elections the economy the american consciousness and even our personal freedoms from noted conservative leader ken blackwell and washington d c based constitutional attorney and journalist ken klukowski comes an urgently needed book about president barack obama s blueprint to centralize power in the white house subvert the constitution and transform the united states of america into a militant secular welfare state dominated by an overbearing central government the authors identify and discuss more than twenty tactics being taken by the obama administration to restructure the country and ensure perpetual liberal rule such as changing voting laws politicizing the census coercing corporations into adopting its policies planning to destroy talk radio and seeking to make millions of illegal aliens into voting citizens by means both sharp and subtle president obama aims to change americans views about government liberty and even god czars the authors show how obama is installing a shadow government of radical appointees not subject to senate confirmation and answerable to no one but him courts the authors have insider knowledge of how obama will pack the supreme court and lower courts with activist judges who will overstep their constitutional authority when lawmaking becomes lawbreaking the authors reveal the ways obama is consolidating lawmaking power in the white house in direct violation of our nation s separation of powers changing the american identity the authors show how obama is using unconstitutional tactics to change how we conduct commerce how we vote our right to bear arms and the free speech rights of opposition voices

The Argument at Geneva 1873 this book is an attempt to read the totality of camus s oeuvre as a voyage in which camus approaches the fundamental questions of human existence what is the meaning of life can ultimate values be grounded without metaphysical presuppositions can the pain of the other penetrate the thick shield of human narcissism and self interest solipsism and solidarity are among the destinations camus reaches in the course of this journey this book is a new reading of one of the towering humanists of the twentieth century and sheds new

light on his spiritual world

The Debates in the several State Conventions on the Adoption of the Federal Constitution, Vol. 2 2015-06-03 hilal elver offers an in depth study of the escalating controversy over the right of muslim women to wear headscarves examining legal and political debates in turkey several european countries including france and germany and the united states elver shows the troubling exclusion of pious muslim women from the public sphere in the name of secularism democracy liberalism and women s rights after evaluating political actions and court decisions from the national level of individual governments to the international sphere of the european court of human rights elver concludes that judges and legislators are increasingly influenced by social pressures concerning immigration and multiculturalism and by issues such as islamophobia the war on terror and security concerns she shows how these influences have resulted in a failure on the part of many western governments to recognize and protect essential individual freedoms employing a critical legal theory perspective to the headscarf controversy elver argues that law can be used to change underlying social conditions shaping the role of religion and also the position of women in modern society the headscarf controversy demonstrates how changes in law across nations can be used to restore state commitments to human rights

Understanding the Political Culture of Hong Kong: The Paradox of Activism and Depoliticization

2011-06-23 what distinguishes clarissa from samuel richardson s other novels is richardson s unique awareness of how his plot would end in the inevitability of its conclusion in its engagement with virtually every category of human experience and in its author s desire to communicate religious truth e derek taylor suggests clarissa truly is the paradise lost of the eighteenth century arguing that clarissa s cohesiveness and intellectual rigor have suffered from the limitations of the lockean model frequently applied to the novel taylor turns to the writings of john norris a well known disciple of the theosophy of nicolas malebranche allusions to this first of locke s philosophical critics appear in each of the novel s installments and taylor persuasively documents how norris s ideas provided richardson with a usefully un lockean rhetorical grounding for clarissa further the writings of early feminists like norris s intellectual ally mary astell who viewed her arguments on behalf of women as compatible with her conservative and deeply held religious and political views provide richardson with the combination of progressive feminism and conservative theology that animate the novel in a convincing twist taylor offers a closely argued analysis of lovelace s oft

stated declaration that he will not be out norris d or out plotted by clarissa showing how the plot of the novel and the plot of all humans exist in the context of richardson s grand theological experiment within through and by a concurrence of divine energy

The Nuremberg Military Tribunals and the Origins of International Criminal Law 1883 available for the first time in paperback this classic study of the relationship between paternal and political authority identifies patriachalism as a leitmotif of western social and political thought since the time of plato and aristotle gordon schochet shows that patriarchal doctrines can be found in the writings of all major political theorists form plato to bodin and that almost every significant political thinker in the seventeenth century england acknowledged and addressed patriarchalism in the stuart period patriarchalism was the primary alternative to social contract and populist justifications of political authority moreover patriarchal power was a major presupposition of those very doctrines that were offered in opposition to it the author demonstrates that the ideological social structural and philosophic roots of the patriarchal tradition are deeply embedded in the political consciousness and practices of western europe in earlier political thought familial doctrines provided anthropological accounts of the origins of political order whereas in the stuart period patriarchalism was primarily a justification of political obligation analyzing these essential differences professor schochet offers a number of sociological and virtual disappearance of patriarchal conceptions of obligations during the seventeenth century untangling the patriarchal theory he shows that it comported well with the implicit ideology and everyday life of the masses and was fully consistent with the level of historical awareness of the early modern period the final chapter traces the ultimate demise of patriarchalism in the eighteenth century and its transformation back into a theory of political origins in addition the author discusses a number of important questions about the nature of political theory how its historical documents may be analyzed and the resort to symbols in political discourse

An Introduction to the Study of English Literature and Literary Criticism 1832 gospel of the absurd is a project that originates in the anarchic experiences of a crack cocaine addict who was knocked off his high horse by an experience of jesus having spent years as an enemy of the faith r scot miller came back to faith with the passion of a new convert infused with a subversive s heart for turning the world upside down in the process of stumbling every bit as much as he learned to walk in the light miller begins to understand that the subversive claims of the gospel of jesus as the christ are not only the most meaningful response to the

absurdity of the world but that such absurdity demands a community of action that makes the subversive christ the credible response to a culture and christendom run amok with power and greed gospel of the absurd is about an ethic informed by an absurd claim that being the claim that voluntary sacrifice of privilege is the proper response to human brokenness and the systems of domination that have lured the church into apostasy miller then explores whether the church by prioritizing care ethics over legislative or coercive justice is the salvific experience jesus is calling us to engage in
