A Beautiful Anarchy: How to Create Your Own Civilization in the Digital Age 2012

a beautiful anarchy how to create your own civilization in the digital age is jeffrey tucker s rhapsodic hymn to the digital age and a call to use the tools it has granted us to enhance human freedom and reduce and end intellectual dependency on the state it shows that every truly valuable aspect of our lives extends not from politics and the regime but from our own voluntary choices the aims of a beautiful anarchy are 1 to draw attention to the reality that surrounds us but we hardly ever bother to notice much less celebrate 2 to urge a willingness to embrace this new world as a means of improving our lives regardless of what the anachronistic institutions of power wish us to do 3 to elucidate the causes and effects that have created this new world and 4 to urge more of the good institutions that have created this beautiful anarchy this books covers the uses of social media the blessed end of the nation state the way the government is destroying the physical world the role of commerce in saving humanity the depredations of nation state monetary policy the evil of war and the lie of national security and private societies as agents of liberation and it offers a hopeful prognosis for a creative and productive world without central control the book is topical pithy and anecdotal yet points to the big ideas and the larger picture to help frame the great economic and political debates of our time book description amazon com

Digital Video For Dummies 1999-10-26

in this second book in his scratch flat chronicles john hanson mitchell tells how he set out to recreate henry david thoreau's two years at walden pond in a replica of thoreau's cabin mitchell lived off the grid without running water or electricity in a tiny house not half a mile from a major highway and in the shadow of a massive new computer company nevertheless his contact with wildlife the changing seasons and the natural world equaled and even surpassed thoreau's hugely popular with the international community of thoreau followers when it was first published this book will now be essential reading for the growing community of people who are interested in living in a tiny house fully experiencing the natural world or finding self sufficiency in an increasingly plugged in society

Flying Magazine 1976-09

ray sanders is the lawnmower man living out his retirement years cutting grass and drinking sweet tea everyone in town recognizes the good natured old timer on his beat up riding mower ray has little in his life to worry about aside from his wife's grocery bill but nothing can last forever having drawn the attention of the one family in town with nothing to lose ray becomes the target of some trouble lucky to survive a close call ray finds himself hobbling around without a mower or a purpose covered in bandages ray has to learn for himself that there is more to life than mowing lawns looking beyond the growing grass ray is able to see what it should mean to live in a small town with his humorous observations of friends and neighbors ray shows us you are never too old to stop growing
