Shrimp to Whale A Concise History of Korea

A New History of Korea 1988-03-15 the first english language history of korea to appear in more than a decade this translation offers western readers a distillation of the latest and best scholarship on korean history and culture from the earliest times to the student revolution of 1960 the most widely read and respected general history a new history of korea han guksa sillon was first published in 1961 and has undergone two major revisions and updatings translated twice into japanese and currently being translated into chinese as well ki baik lee s work presents a new periodization of his country s history based on a fresh analysis of the changing composition of the leadership elite the book is noteworthy too for its full and integrated discussion of major currents in korea s cultural history the translation three years in preparation has been done by specialists in the field

Brief History 2009 written by one of the leading experts on korea a brief history of korea covers the history of korea from the origins of the korean people in prehistoric times to the economic and political situation in north and south korea today providing a detailed overview of the cultural and historical influences that have shaped korean society the author discusses the major periods of korean history three kingdoms koryo dynasty and chosun dynasty the foreign invasions korea has endured the post world war ii situation that led to the country s division and the korean war and developments in north and south korea from the end of the korean war up through the present

**A History of Korea** 2010-10-16 in this comprehensive yet compact book michael j seth surveys korean history from neolithic times to the present he explores the origins and development of korean society politics and still little known cultural heritage showing how this ancient culturally and ethnically homogeneous society was wrenched into the modern world ultimately to be arbitrarily divided into two opposed halves after world war ii tracing the six decades since seth explains how the two koreas with their deeply different political and social systems and geopolitical orientations evolved into sharply contrasting societies throughout he adds a rich dimension by placing korean history into broader global perspective and by including primary readings from each era all readers looking for a balanced knowledgeable history will be richly rewarded with this clear and concise book

**History Of Korea** 2012-11-12 go with me to a land whose life for ages has been a mystery wrote a 19th century visitor to korea a land which from time unknown has kept aloof whose people might have been the denizens of another planet he may not have known that in the 4th century ad they had controlled much of north east asia and in the 8th their ships had dominated the trade of the yellow sea nor did he guess the astonishing transformation that lay ahead of korea in the 20th century all of which are chronicled here this is the first full length general history of the country to be published in britain and incorporates in its early chapters chinese and korean material not previously published in any western language beginning with the prehistoric era the book provides a uniquely detailed treatment of the earlier periods in korea s evolution the work progresses through the era of the three kingdoms silla koguryo and paekche the koryo period 918 1392 ad which saw the war with the khitan the coming of the mongols and the invasion of japan and the rule of the yi dynasty from 1392 to 1910 which saw the flowering of korean confucianism the invasion of hideyoshi the manchu invasion long periods of isolation and then the opening of the country to the west following this came the decades 1910 1945 when korea was under japanese rule the period of the sino japanese war the russo japanese war and asian co prosperity moving towards the present day the work concludes with the story of the two koreas and the drawing of the line between them south korea s economic successes and the adoption of a new constitution in 1987 full and accurate records of all the significant persons and dates are provided including events in china and japan in so far as they involved korea richly descriptive with an emphasis on skilfull accounts of the major occurrences battles and court scandals of the times this lucidly written history makes absorbing reading and should be welcomed by the general reader

**A History of Korea** 1971 the history of korea presents a chronological account of korea from ancient days over 2000 b c to modern 20th century korea hulbert said that korea and japan have the same two racial types but japan is mostly malay and korea is mostly manchu korean he claimed that korea is physically mostly of the northern type but also said that the nation being physically mostly of the northern type did not disprove hulbert s claim that the malay element developed korea s first civilization although not necessarily originating korea s first civilization and the malay element imposed its language in its main features in the entire peninsula

**The History of Korea** 2022-11-13 the korean nation was formed over a long period as ethnic groups migrated and interacted with each other in and around manchuria and the korean peninsula this is why koreans constitute one of the oldest people in asia and pride themselves of a long tradition and rich cultural heritage as a peninsular state korea has both continental and oceanic characteristics its culture is a unique amalgamation of foreign influences as its geographical location constantly exposed it to contacts with not only china but with countries to the north south and west of china as well in ancient times korea was a power in east asia and once ruled much of manchuria the kingdom of goguryeo was successful in repelling the aggression of china s sui dynasty and tang dynasty while the kingdom of balhae ruled over a vast territory extending to the north as far as siberia russian maritime territory throughout history korea not only developed a culture that is unique and distinguished from that of china but also transmitted many elements of its culture to japan

A Brief History of Korea 2005-01-01 the history of korea presents a chronological account of korea from ancient days over 2000 b c to modern 20th century

korea hulbert said that korea and japan have the same two racial types but japan is mostly malay and korea is mostly manchu korean he claimed that korea is physically mostly of the northern type but also said that the nation being physically mostly of the northern type did not disprove hulbert's claim that the malay element developed korea's first civilization although not necessarily originating korea's first civilization and the malay element imposed its language in its main features in the entire peninsula

The History of Korea (Vol.1&2) 2023-12-13 the purpose of this book is to present the history and culture of korea to meet the needs of the general reader while providing essential historical and cultural background of the korean people emphasis is given to the process of transformation of the ancient korean society into an aristocratic feudalistic state first and then into a modern nation unlike other korean history books this includes various aspects of radical changes that took place under the communist rule after 1945 in the northern half of korea as for the southern half the aspects of struggle for democracy economic and cultural development and social modernization have been given particular attention

*Introduction to Korean History and Culture* 1993 dynamic and meticulously researched a history of korea continues to be one of the leading introductory textbooks on korean history assuming no prior knowledge hwang guides readers from early state formation and the dynastic eras to the modern experience in both north and south korea structured around episodic accounts each chapter begins by discussing a defining moment in korean history in context with an extensive examination of how the events and themes under consideration have been viewed up to the present day by engaging with recurring themes such as collective identity external influence social hierarchy family and gender the author introduces the major historical events patterns and debates that have shaped both north and south korea over the past 1500 years this textbook is essential reading for undergraduate and postgraduate students of korean or asian history the first half of the book covers pre 20th century history and the second half the modern era making it ideal for survey courses

*A History of Korea* 2021-11-30 now in english this important new contribution from a distinguished korean historian on the history of twentieth century korea covers first the japanese colonial period including detailed accounts of the anti-japanese independence movements followed by the liberation of korea the korean war and political developments up to the late 1980s

*Introduction to Korean History and Culture* 1993 a survey history of korea

*A History of Contemporary Korea* 2019-11-26 now in a fully revised and updated edition including new primary sources and illustrations this comprehensive book surveys korean history from neolithic times to the present michael j seth explores the origins and development of korean society politics and still little known cultural heritage from their inception to the two korean states of today telling the remarkable story of the origins and evolution of a society that borrowed and adopted from abroad seth describes how various tribal peoples in the peninsula came together to form one of the world's most distinctive communities he shows how this ancient culturally and ethnically homogeneous society was wrenched into the world of late nineteenth century imperialism fell victim to japanese expansionism and then became arbitrarily divided into two opposed halves north and south after world war ii tracing the post-war years since 1945 the book explains how the two koreas with their deeply different political and social systems and geopolitical orientations evolved into sharply contrasting societies south korea after an unpromising start became one of the few postcolonial developing states to enter the ranks of the first world with a globally competitive economy a democratic political system and a cosmopolitan and dynamic culture north korea by contrast became one of the world's most totalitarian and isolated societies a nuclear power with an impoverished and famine-stricken population seth describes and analyzes the radically different and historically unprecedented trajectories of the two koreas formerly one tight-knit society throughout he adds a rare dimension by placing korean history into broader global perspective all readers looking for a balanced knowledgeable history will be richly rewarded with this clear and concise book

A Brief History of Korea 2010 contemporary north and south korea are nations of radical contrasts one a bellicose totalitarian state with a failing economy the other a peaceful democracy with a strong economy yet their people share a common history that extends back more than 3 000 years in this comprehensive new history of korea from the prehistoric era to the present day jinwung kim recounts the rich and fascinating story of the political social cultural economic and diplomatic developments in korea's long march to the present he provides a detailed account of the origins of the korean people and language and the founding of the first walled town states along with the advanced civilization that existed in the ancient land of unified silla clarifying the often complex history of the three kingdoms period kim chronicles the five century long history of the choson dynasty which left a deep impression on korean culture from the beginning china has loomed large in the history of korea from the earliest times when the tribes that would eventually make up the korean nation roamed the vast plains of manchuria and against whom korea would soon define itself japan too has played an important role in korean history particularly in the 20th century kim tells this story as well including the conflicts that led to the current divided state the first detailed overview of korean history in nearly a quarter century this volume will enlighten a new generation of students eager to understand this contested region of asia

**A New History of Korea** 1984 this revised edition examines north and south korea's political socio-economic and cultural history from the neolithic period

to the early 21st century including issues of recent political unrest and preparations for the 2018 winter olympics korea continues to be featured in the news especially after the succession of kim jong un as leader of north korea and his threats of nuclear attack yet the reported instability of the north is contrasted by the rapid modernization revolution of the south author djun kil kim analyzes how tragic experiences in the regions collective history particularly japanese colonial rule and the division of the country have contributed to the dichotomous state of affairs in the koreas this comprehensive overview traces the development of two contradistinctive nations north and south korea with communism in the north and democracy and industrialization in the south transforming the geopolitical and geo economic condition of each area author kim explores specific doctrines that revolutionized korea buddhism and neo confucianism in the mid 7th and the late 14th centuries and communism and american functionalism in the 20th century the second edition includes an updated timeline new biographical sketches of notable people and an additional chapter covering the events of 2004 through the present day

**A Concise History of Korea** 2019-11-19 this detailed scholarly history of korea is a comprehensive political and socioeconomic history from 57 b c to modern times including north and south korea specializing in korean industrial structure economic planning and administration the author presents a concise yet readable historical approach to a greater understanding of korea s position in east asia the author a political scholar and experienced linguist bases his text on primary korean and japanese sources thus providing much information previously unavailable to english speaking people ancient korea is covered in the first chapter the three kingdoms and also in the six subsequent chapters dealing with feudalism land reform and early korean social structure the thirteen succeeding chapters bring the history to modern times they include a valuable account of japanese colonial policy and the struggle for independence of the korean people the korean war its development offensives and counteroffensives factionalism the politics of syngman rhee and his twelve years of one man rule the background of the student revolutions foreign relations nationalism and neutrality and the important comparative studies concerning communism and the governments of north and south korea the concluding chapter deals with the future of korea and its role in rapidly changing east asia

**A History of Korea** 2012-11-05 exploring korean history from its ancient roots to the present day a brief history of korea is the story of a people with a rich and united culture that has become two koreas in modern times one isolated and secretive and the other among the world s most successful economies korean culture developed on a 600 mile long peninsula bordered on the north by mountains and three sides by the sea set apart from the asian mainland korea was one of the last countries in asia to be visited by westerners and its borders have remained largely unchanged since it was unified in the seventh century though it is one of the world s oldest and most ethnically homogeneous states korea was not born in a vacuum geographically isolated the country was heavily influenced by powerful china and was often used as a bridge to the mainland by japan calling themselves as a shrimp among whales koreans borrowed elements of government culture and religion all the while fiercely fighting to maintain independence from powerful neighbors this fascinating book tells the story of korean domestic dynasties empires and states as well as foreign conquest occupation and division today the two koreas are starkly different north korea a nation closed to the world and south korea an economic powerhouse and center of asian democracy chronicling significant events right up through 2018 s singapore summit author michael j seth presents a relevant interesting and important history of korea within a larger global context korea s history is a turbulent one but ultimately the story of a resistant and resourceful people in search of lasting peace

**The History of Korea** 2014-05-30 a product of a particular moment in south korean social and political history published in the aftermath of the popular resistance movements of the late 1980s that brought an end to military dictatorship and ushered in direct elections for the presidency of south korea a history of korea is a product of a particular moment in south korean social and political history published in the aftermath of the popular resistance movements of the late 1980s that brought an end to military dictatorship and ushered in direct elections for the presidency of south korea the historians of the korean historical research association who compiled the volume were not dispassionate recorders of those events but rather active participants in the democracy movements of the time who understood their scholarship as a contribution to popular resistance against military rule and as a tool for the democratisation and unification of korea these historians were writing against previous understandings of korean history that they perceived as legitimising political and economic oppression from both korean elites and foreign powers as they stood in opposition to previous histories and their political underpinnings they proposed their own visions of past present and future korean societies in so doing they helped move the popular struggle for the democratisation of south korea towards the centre of the national narrative a history of korea is a manifesto a conscious call for a particular interpretation of korean history for deployment in the democratisation unification and class liberation movements of the period about the korean historical research association the korean historical research association hanguk yeoksa yeonguhoe was founded in 1988 as the ultimate result of several years of organisational work by historians who participated in the korean social reform movements of the 1980s the association began as a mass organisation of korea historians that according to its founding mission statement sought to actively participate in the creation of a truly democratic and independent korean society by joining together with a new determination to establish and continuously implement a scientific historiography based upon the correct worldview the korean historical research association thus took up the goal of contributing to the independence and democratisation of

korean society through the establishment of a scientific and practical historiography the association engages in joint research projects spreading the results of historical research to the masses and publishing and distributing academic journals and popular history texts the korean historical research association now has more than 700 members and has created an efficient organisation that publishes and disseminates papers books and bulletins

**Korea A History** 2012-09-04 a history of korea is a translation of professor hatada takashi s chosenshi undoubtedly the best known survey history of korea ever written for almost two decades this work which surveys developments on the korean peninsula from the prehistoric period to the outbreak of the korean war in 1950 has been standard reading for students of korean history throughout the world the translators remark that they were attracted to hatada s work by the skill with which the author revealed the interrelationship between political history and social and economic development p vi the focus of hatada s work on selected aspects of korean socio economic history an area in which he has made major contributions through his publications is at once strength and a weakness hatada s concentration upon the socio economic position of the korean peasantry and outcaste groups and the control of the agricultural foundations of the state by the korean elite led him to ignore the entire cultural dimension the book s most serious flaw and to deemphasize other economic factors such as international trade and domestic commerce at the same time this socio economic emphasis proved to be the book s greatest strength so much so that despite weaknesses e g the sketchy and often erroneous character of the final chapter covering post 1945 events which would have led to the early demise of a lesser work the book has gone through sixteen printings since it first appeared in late 1950s a second strength of hatada s work regrettably but understandably omitted in the translation was provided by the bibliographies appended to each of the book s fifty eight sections and the selected bibliography at the end which together provided an overview of japanese scholarship on korean history from jstor org june 13 2011

A Brief History of Korea 2019-11-12 a concise beautifully illustrated historical atlas of korean history specifically designed for english speaking students of korean and east asian history

**A History of Korea** 2005 most korean history books written by mainstream korean historians including a new history of korea published by harvard university press have led the readers to face or accept an erroneous or wrong interpretation of korean history for instance mainstream korean historians maintain that silla unified the three kingdoms silla goguryeo and baekje by enlisting military help from tang china however historical evidence suggests that silla s unification of korea was an eventual outcome of the chinese foreign policy in the korean peninsula it also suggests that silla unified the three hans mahan jinhan and byeonhan not three kingdoms according to samguksagi or the history of three kingdoms in 676 when the seven year war with tang ended silla was allowed to occupy the land south of the imjin deokwon line which is roughly equivalent to the 38th parallel and the imjin deokwon line formed the northern boundary of the unified silla until 735 when emperor xuanzong of tang granted silla the land south of the pae river daedong river in other words after the unification the unified silla was able to occupy the southern half of the korean peninsula which was almost the same land that the three hans had occupied accordingly the historical event of silla s unification is referred to as the unification of three hans in the history of three kingdoms furthermore every subsequent korean kingdom or dynasty is also referred to as the nation of three hans in several other historical records in fact the 26th king gojong of joseon called his own country the land of three hans in 1897 he even changed the name of his country from joseon to daehan which means the great hans underlining the historical fact that the country continued to expand its territory and thrive ever since goryeo reunited the three hans south koreans still use daehan minguk which means the republic of the great hans as the official name of their country just like the event of silla s unification many other historical events and incidents are still misrepresented or misinterpreted by mainstream korean historians intentionally or not they have obscured distorted ignored or even hid unpalatable or unpleasant historical facts under the pretext of promoting national integration and reconciliation as one single ethnic korean nation or on the patriotic slogan of salvaging national pride as the so called great koreans history has never been written perfectly in terms of objectivity or impartiality even so historical events and incidents should not be interpreted arbitrarily if any historian interpreted them subjectively in his book to serve his academic or political purpose by obscuring distorting or hiding unpalatable historical truths his book would be a storybook not a history book to help readers fully understand the true history of korea we have put reasonably objective interpretations on major historical events and incidents totally based on historical facts and evidence we have also interpreted them from the perspective of conflict and division among the korean ruling elite which mainstream korean historians have never brought to their works or books in this respect this is the first book on the true korean history specifically on the true korean political history ever published

A History of Korea 1969 now in a fully revised and updated edition this history of modern korea explores the social economic and political issues it has faced since being catapulted into the wider world at the end of the nineteenth century placing this formerly insular society in a global context michael j seth describes how this ancient culturally and ethnically homogeneous society first fell victim to japanese imperialist expansionism and then was arbitrarily divided in half after world war ii seth traces the postwar paths of the two koreas with different political and social systems and different geopolitical orientations as they evolved into sharply contrasting societies south korea after an unpromising start became one of the few postcolonial

developing states to enter the ranks of the first world with a globally competitive economy a democratic political system and a cosmopolitan and dynamic culture by contrast north korea became one of the world s most totalitarian and isolated societies a nuclear power with an impoverished and famine stricken population considering the radically different and historically unprecedented trajectories of the two koreas seth assesses the insights they offer for understanding not only modern korea but the broader perspective of world history all readers looking for a balanced knowledgeable history will be richly rewarded with this clear and cogent book

*Korean History in Maps* 2014-12-15 the history of korea vol 1 of 2 is the first part of hulbert s history of the nation

The History of Korea 1901 this is the most reliable and popular history of korea available in english the tumultuous developments of the modern era receive the greatest coverage but the book s balanced treatment of traditional korea emphasizes cultural events as integrally related to the political social and economic evolution of this ancient nation

*The True History of Korea (1)* 2018-09-02 understanding modern korean culture requires more than just a cursory glance for a country steeped in such a long history it is important to go back and look carefully at older times to reach a complete picture of the modern cultural paradigm wanne j joe has done just that in this extensive book that details how korean culture grew and flourished from the joseon dynasty through to the march 1 independence movement in 1919

*A Concise History of Modern Korea* 2016-03-03 throughout its 4 000 year history korea has created a vibrant and unique culture unfortunately many believe it developed solely due to chinas influence thus leaving no room for an independent history and culture this is simply wrong the new history of korean civilization explores the existence of a distinctive korean culture established by the korean people and separate from its chinese and japanese counterparts author chai shin yu distinguished professor of korean studies surveys the history of cultural life in korea and provides a detailed account of this countrys remarkable heritage from the prehistoric age through the rise of the choson dynasty and up to the creation of the republic of korea this concise history traces the development of history politics philosophy religion literature and art chai shin yu shows how korean culture also played a vital role in the formation of japanese culture written for the purpose of introducing the roots of korean culture to westerners and second generation koreans living in the west the new history of korean civilization is a bold addition to the historiography of korea

**history of korea 1** 2016-09-13 the history of korea vol 1 of 2 is the second part of hulbert s history of the nation

*The History of Korea (Vol. 1 Of 2)* 1990 this volume consisting of ten chapters and an introduction treats that period of the history of the korean peninsula characterized by the presence of commanderies first established by the chinese han empire in 108 b c the ten chapters of this volume address such topics as the societies that preceded the commanderies the history and material culture of the commanderies particularly of lelang the political and cultural influence the commanderies exerted upon surrounding regions and the structural character of the commanderies in korea viewed in broad perspective 52 illustrations

**Korea, Old and New** 1996 this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public to ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

**The History of Korea [electronic Resource]**. 1980 while popular trends cuisine and long standing political tension have made korea familiar in some ways to a vast english speaking world its recorded history of some two millennia remains unfamiliar to most korea a history addresses general readers providing an up to date accessible overview of korean history from antiquity to the present eugene y park draws on original language sources and the up to date synthesis of east asian and western language scholarship to provide an insightful account this book expands still limited english language discussions on pre modern korea offering rigorous and compelling analyses of korea s modernization while discussing daily life ethnic minorities lgbtq history and north korean history not always included in korea surveys overall park is able to break new ground on questions and debates that have been central to the field of korean studies since its inception

**The History of Korea** 2000 south korea has a remarkable history born from the ashes of imperial domination partition and a devastating war back in the 1950s there were real doubts about its survival as an independent state yet south korea endures today it is a boisterous democracy a vibrant market economy a tech powerhouse and home to the coolest of cultures in just seventy years this society has grown from a shrimp into a whale what explains this extraordinary transformation for some it was individual south koreans who fought to change their country and still strive to shape it for others it was forward looking political and business leaders with a vision either way it s clear that this is the story of a people who dreamt big and whose dreams

came true shrimp to whale is a lively history of south korea from its millennia old roots through the division of the peninsula dictatorship and economic growth to today s global powerhouse

A Cultural History of Modern Korea 2012-01-09 this engaging text provides a concise history of korea from the beginning of human settlement in the region through the late nineteenth century its thorough chronological narrative equally emphasizes social cultural and political history students will be especially drawn to descriptions of everyday life for both elite and non elite members of society during various historical periods michael seth synthesizes recent scholarship to provide a clear understanding of korean history also addressing some important historiographical issues in an easily comprehended non technical manner five historical maps illustrate the changes in the region over time the annotated bibliography of works in english is a useful addition for students who will find this book to be a clear and comprehensive korean history
