I Missed the Spring 2017-03-20 the life of london born kaila is transformed into a roller coaster ride when she is stricken with a mood disorder after her wedding to david whom she met when working on an israeli kibbutz after the six days war she awakens on her bridal bed proclaiming she has conceived the child of peace that she is a prophet and privy to the reality of universal peace after months in a psychiatric hospital suffering from extreme mood swings david takes his bride home to israel a broken vessel on mind numbing medication to treat manic depression attempted suicides physical symptoms of depression and delusions of grandeur plague her early years as a new immigrant she fantasizes that she is destined to become a world famous writer and usher in the new era during therapy for depression kaila becomes aware of suppressed years of childhood spent apart from her parents in the care of hired help a monster seen as amalek arch enemy of israel tortured and abused her stamping her innocence into the dust by immigrating to israel far from her family the trauma of childhood separation is perpetuated and kaila is unable to heal over the years visits from her parents and their consequent departures trigger repeated hospitalizations a therapeutic relationship in the local mental health clinic leads to transference and counter transference with resultant complications when david is called up during the yom kippur war kaila then at the beginning of her pregnancy decides that he has been killed and spends months in the psychiatric ward mourning him after a slow recovery her son is born the day david is released from army duty after six months at the front intermittent healthy productive periods follow for a while kaila works as secretary to an export manager then takes a job as assistant to a literary agent with her love for creative writing it is a dream position however kaila becomes pressured by the delusion that a tidal wave of books from all over the world is breaking on israel s shore and that she has sole responsibility to ensure they all are translated into hebrew she becomes depressed succumbs again to her prophetic vision and is forced to quit the job she loves the arrival in israel of the egyptian president on a peace mission coincides with the departure of kaila s mother after a short visit when the heads of state stand to attention for the national anthems of the two combatant countries kaila senses she is personally involved that she has a role to play in the unfolding drama she is propelled into an unrivalled bout of mania seeing herself responsible for the middle east peace process and the dawning of a new era once more kaila experiences the tribulations of a psychiatric hospital finally her symptoms are diagnosed as bipolar disorder kaila fears that the medication prescribed to control her condition will ultimately suppress her gift for poetry her anxiety proves justified for twenty five years medications dull her mind and sap her vitality she does not write one word then miraculously kaila experiences a reawakening that she likens to a kiss from a prince her son shai provides her with a stepping stone to a creative future and thus restores the springtime of her life over the next decade kaila becomes a prolific poet and tells her story in verse in a book of poems entitled back from beyond about her bipolar disorder the reawakening and her new found joy in life in her loving partner and in nature she writes a journal documenting her daily life and creative work it soon becomes a means of self analysis uncovering the horrors of her early years and provides the material for her memoir i missed the spring

Ride at Your Own Risk 2008-06 from the author of trapped on a runaway roller coaster poetry from an unstable mind comes a hard look at life with bipolar disorder from a sufferer's perspective ride at your own risk is a collection of personal experiences

combined with an informative message about the disorder as well as the roller coaster that is pregnancy this book is filled to the brim with a hopeful message wrapped up in the comedy and tragedy that only real life can bring you all smile laugh and maybe even cry a little most of all you all gain some understanding of a little discussed subject in a world where information is the key to healthy living for all

Bipolar and the Art of Roller-coaster Riding 2005 life can hold rich possibilities even for those with a mental illness learning to live with a mood disorder is something people do gradually as life unfolds bit by bit they begin to recognise the symptoms gradually they begin to manage their illness marja bergen is one of those people over the 30 years that she has had manic depression she has gradually adopted a lifestyle that makes it possible not only to cope but to live a full and productive life in riding the roller coaster she shares some very practical tips including escaping the blues before they grab you what to do when you don't feel like doing anything and keeping life stable but there are obstacles there is a social stigma attached to mental illness marja bergen believes that this stigma can be overcome it is a matter of accepting mental illness as an illness like any other it is a matter of attitude the attitude of individuals with a mental illness toward themselves toward their illness and toward their potential makes a great deal of difference to become really well a person must work hard to improve their own life taking control and making things happen is far better than waiting for something to happen and marja bergen writes with warmth and eloquence about how to do exactly that

Riding the Roller Coaster 1999 what does a person do when life suddenly changes and not for the better phyllis elliott didn't expect racing thoughts lack of concentration and sleep deprivation followed by extreme sluggishness at forty four she planned to enter graduate school for social work when her life was upended by a diagnosis of bipolar disorder with the everyday demands of life family and career elliott felt overwhelmed one day she was a wife mother and student and the next a patient things that used to be effortless now took more energy than she could summon in thriving on the bipolar roller coaster elliott courageously shares her journey from patient back to her former roles as she discusses medication and coping skills education and advocacy recovery and hope special tools for the families of children and teens the knowledge that elliott gained allowed her to achieve her goals and to live a full life once again for patients their loved ones and the professionals treating them thriving on the bipolar roller coaster is an essential guide to finding hope managing symptoms and thriving in the midst of bipolar challenges *Thriving on the Bipolar Roller Coaster* 2007-06 madeleine kelly developed manic depression in her final year of medicine when finally diagnosed she set about learning as much as she could about her illness to help herself and others this book is a funny challenging and practical book to help sufferers and their families lead fulfilled lives manic depression and its more common cousin depression are painful patterns of exaggerated mood and altered behaviour and thinking that can be devastating and fatal however as madeleine kelly shows sufferers can learn to rebuild their lives and prevent the disastrous consequences of future episodes madeleine kelly presents detailed easy to understand medical information and practical advice on recovering from crisis getting the best and avoiding the worst treatment protecting your well being work education relationships and money using your brakes to stop mood shifts before it's too late and discover how to enjoy the ride

Life on a Roller-coaster 2000 panic stations along the bi polar express continues the roller coaster ride of mania depression panic and anxiety with mother and daughter panic stations natasha s ride from a break down to a break up from the city to the mountains from mental illness to physical ailments from friend to friend from hospital to hospital from dreaming of death to loving life and back again from moments of sheer panic to moments of pure joy from snow to fire from hope to despair from book 1 to book 2 from dreading change to embracing it from there to here to now panic stations ela s ride finally we have the correct diagnosis for our different daughter but this is not enough to stop the bi polar roller coaster i am still along for the ride as we navigate through drugs medications boyfriends girlfriends holidays mania depression panic anxiety doctors hospitals stress emotional landmines and physical complications belatedly i discover a few home truths about myself
