in the tradition of theodore white s landmark books the definitive look at how donald j trump shocked the world to become president from roger stone a new york times bestselling author longtime political adviser and friend to donald trump and consummate republican strategist comes the first in depth examination of how trump s campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming in the early hours of november 9 2016 one of the most contentious polarizing and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful hillary clinton called donald j trump to concede shocking a nation that had only hours before given little credence to his chances donald trump pulled the greatest upset in american political history despite a torrent of invective and dismissal of the mainstream media stone a long time trump retainer and confidant gives us the inside story of how donald trump almost single handedly harnessed discontent among forgotten americans despite running a guerrilla style grass roots campaign to compete with the smooth running and free spending clinton political machine from the start trump s campaign was unlike any seen on the national stage combative maverick and fearless trump s nomination was the hostile takeover of the republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought america to the brink of financial collapse as well as endangering our national security here stone outlines how donald trump skillfully ran as the anti open borders candidate as well as a supporter of american sovereignty and how he used the globalist trade deals like nafta to win over three of ten bernie sanders supporters the veteran adviser to nixon reagan and trump charts the rise of the alt conservative media and the end of the mainstream media monopoly on voter impacting information dissemination this is an insider s view that includes studying opposition research into bill hillary and chelsea clinton s crimes and the struggle by the republican establishment to stop trump and how they underestimated him stone chronicles trump s triumph in three debates where he skillfully lowered expectation levels but skewered mrs clinton for the corruption of the clinton foundation her mishandling of government email and her incompetence as secretary of state stone gives us the inside word on

julian assange wikileaks clinton campaign chief john podesta huma abedin anthony weiner carlos danger doug band jeffery epstein and the efforts to hide the former first lady s infirmities and health problems stone dissects the phony narrative that trump was in cahoots with russian strongman vladimir putin or that the e mails released by wikileaks came from the russians the making of the president 2016 reveals how trump brilliantly picked at hillary clinton s weaknesses particularly her reputation as a crooked insider and ignited the passions of out of work white men and women from the rust belt and beyond at a time when millions of americans desperately wanted change stone also reveals how and why the mainstream media got it wrong including how the polls were loaded and completely misunderstood who would vote stone s analysis is akin to theodore h white s seminal book the making of the president 1960 it is both a sweeping analysis of the trends that elected trump as well as the war stories of a hard bitten political survivor who donald trump called one tough cookie

these final chapters in the book of genesis describe for us the character and personalities of the twelve sons of jacob i don t think i m being overly dramatic when i say these twelve sons were the future of the world from these twelve sons and their sons and daughters and their sons and daughters and their sons and daughters would come the leaders and sustainers of the jewish nation that nation would fight to survive in a harsh world fall on their faces often love their god and more often than not disobey that same god claim victories limp away from failures and still survive to deliver to all of us the savior of the world and as if that was not enough they also will outlive all the enemies thrown at them in our future and they will be gazing up into the heavenlies eyes full of tears fully forgiven and righteous hearts overflowing with faith and joy when he returns that he may be glorified

the grand western railroad game by robert s farnsworth the grand western railroad game by robert s farnsworth is a fascinatingly detailed story of the historical importance of western railroads it has been meticulously written to educate the reader on the intricacies involved in the

creation and growth of the rock island system over the empire years the railroad s premium passenger train service even inspired the popular song the rock island line is a mighty fine line to quote the author i wrote this book not from just the viewpoint of a rail fan hundreds of whom have diligently photographically documented the railroad s passage through time but from the viewpoint of a former employee and from the insights gained from a broad education in both the university and in the experience of a practiced transportation planner i hope that the reader will learn from the stories told here that the workers tried valiantly to do their jobs that the line s managers were forced to play with the hand that was dealt to them from a less than full deck and that investors expected to get a reasonable return on the often gigantic sums paid into the corporation i hope that the information contained within these covers leads others toward more detailed studies of the railroads and of the conditions in which they survived if not prospered
