## **A Guide to Salat (Prayer) in Islam 2015-04-13**

there are many books dealing with the subject of salat in both arabic and urdu many of these books are well written and provide an informative and comprehensive view of how salat should be performed according to the teachings of prophet muhammad s w s unfortunately there are very few books in english which deal with the subject in the same informative and comprehensive way because of these weaknesses in existing literature in english we felt that the need

existed to produce a medium sized book on salat which would approach the subject according to the teachings of the prophet muhammad s w s the prophet himself said pray as you have seen me praying during our research we sometimes found that differences occurred between established practices in various prayer books in these circumstances we referred to authentic hadiths of the prophet muhammad s w s so that the points could be clarified as much as possible this was because for a true muslim there is no greater proof for settling arguments than authentic hadiths and practices of prophet muhammad s w s we hope that allah will accept this humble attempt because without his support and help we would never have been able to do this work finally we ask all our muslim brothers and sisters to study the text and to strive to pray according to it as you ll not aware that many sites are asking for money in i have made this book free to all countries and in return i m asking for you to remember me in your prayer it was also mentioned by dr zakir naik in one of his speech that the best book to recommend is this book watch in video youtube com watch v l xtrig2xee thanks to all for downloading and making better use of this book it gives immense pleasure to announce that a guide to salat prayer in islam is downloaded in most of country presenting name of top 3 countries where this book is downloaded the most sg singapore 5755 us united states 2112 gb united kingdom 1026 thanks to all remember me and an author in your prayers

## **As-Salah 2019-02-07**

as salah is not only the 2nd pillar but also the main pillar of islam and on the day of judgment the first question will be about salah the holy qur an does not only repeat the order of allah swt about establishing the salah numerous times but also states that salah and zakah had been obligatory in the shari ah of all prior prophets and is a must for our success in this life and in the life hereafter we noticed brothers sisters missing the pillars of salah without which salah is invalidated and salah has to be repeated to complete it we also noticed that brothers sisters getting into hot arguments and start labeling each other as wahaabi ahl e hadith brailvi dewbandi etc for those parts of salah the performing or missing of which does not make any difference in completing the salah in this booklet we have tabulated the pillar fardh obligatory wajib and sunnah parts of salah as a quick reference the difference between a pillar and obligatory part is that a pillar cannot be waived whether one omits it deliberately or by mistake salah has to be repeated if one forgets any obligatory part of salah it can be compensated by doing the prostrations of forgetfulness sujood al sahw the sunnah s of salah both in words and in actions missing of any does not require repeating salah or doing the prostrations of forgetfulness sujood al sahw then we have stated how rasool allah pbuh offered his salah based on authentic ahadith rasool allah pbuh said salah is the mi raj of a believer therefore it should be performed as such it start with takbeer e tahrima which means after pronouncing this takbeer we are supposed to cut off from this world be in the court of allah swt and start our meeting with him we should know what we are saying how we are glorifying him and what we are asking him when the meeting with him is concluded we come back to this world with tasleem on both sides as if to deliver the message of peace to all turning our face to right side and then left side may allah swt bless us and provide us the right guidance we request that if you find any mistake or have any suggestion to improve this booklet please do let us know
