Corporate Governance

2014-04-11

this book brings together a representative collection of perspectives on the way how corporate governance is being aligned with the social responsibility of an organization and the accountability of its management both in large corporations and in medium sized businesses examples are given from various industries and branches as well as from different countries and regions across the globe all examples are commented and explained in detail written by a group of selected academic teachers this book is suitable for adoption as a resource for a case driven approach to teaching corporate governance courses at an upper undergraduate or graduate level

Corporate Governance and International Business

2005

school governance is a complex and sometimes emotional topic this book helps schools and their boards towards best practice it provides a useful guide for board members administrators and faculty

Governance in International Schools

2006

this book explores the concepts of sustainability and governance in relation to the governance of corporations hence the ubiquity of the term corporate governance and other bodies it examines how these concepts are regularly used by politicians and by the media the two concepts are however largely treated as being separate and discrete and given equal coverage the argument in this book is that the two concepts are inter related and that good governance is a prerequisite for sustainability the focus of the book therefore is different from most as it seeks to integrate these two important issues the approach used in this book is based on the tradition of the social responsibility research network a worldwide body of scholars that over its 20 year history has sought to broaden the discourse and to treat all research as inter related and business relevant the book examines diverse aspects of the changes to corporate and institutional behaviour that have recently manifested by focusing on these two aspects of sustainable development thus the authors explore engagement and partnership between organisations in order to consider the extent to which the focus has changed so much that we need to think about new approaches to our understanding of sustainability and differing effects in practice the international mix of authors makes this an original contribution sharing some of the best ideas from around the world

International Corporate Governance

2020-08-19

the establishment of good governance is a major challenge for the developing world along with the need to sustain the progress resulting from developmental efforts although there are numerous studies on the

office vba macros you can use today over 100 amazing ways to automate word excel powerpoint outlook and access development and governance of emerging nations few volumes make a serious effort to bring together (Download Only) these two critical concepts international development governance combines the two concepts development and governance by examining the issues and problems faced by nations in their attempts to establish sustainable governance this textbook also initiates discussions on the concept of development governance in an international context the book fills the gap in existing literature by drawing upon the experience and expertise of scholars from a broad spectrum of knowledge their views explain the issues and problems with reference to a number of tools that could establish development governance and sustain it the text offers in depth examinations of developmental sectors resulting in a textbook that will inspire future public officials policy makers and consultants to contribute to the betterment of life for citizens of developing countries

Governance and Sustainability

2017-09-25

evolving stories of governance and change are being written into the emerging custom and practice of all kinds of organizations today whether they are global or domestic startup or blue chip corporate or government agency changing ways of doing business are not new nor is globalization of business but the velocity and trajectory of both are rapidly accelerating beyond those seen in previous times there are increasing concerns and challenges for the boards of directors and other governance systems and processes they are intended to ensure good stewardship of the diverse organizations in the period following the global financial crisis responsible governance aims to challenge assumptions and present current debates for readers grounding the critical issues or descriptions in relevant historical and social contexts as well as suggesting ways forward dr tom cockburn obtained his first degree with honors from leicester university england both his mba and doctorate were gained at cardiff university wales tom is associate fellow of the new zealand institute of management and is currently director policy for the center for dynamic leadership models in global business and a senior associate of the leadership alliance inc headquartered in canada

International Development Governance

2015-01-26

featuring a diverse and impressive array of authors this volume is the most comprehensive textbook available for all interested in international organization and global governance organized around a concern with how the world is and could be governed the book offers in depth and accessible coverage of the history and theories of international organization and global governance discussions of the full range of state intergovernmental and nonstate actors and examinations of key issues in all aspects of contemporary global governance the book's 50 chapters are arranged into 7 parts and woven together by a comprehensive introduction to the field separate section introductions designed to guide students and faculty and helpful pointers to further reading international organization and global governance is a self contained resource enabling readers to better comprehend the role of myriad actors in the governance of global life as well as to assemble the many pieces of the contemporary global governance puzzle

Responsible Governance

2016

this book discusses the above mentioned topics from a multidisciplinary perspective

Governance by International Public Administrations?

2013-10-15

thomas clarke s international corporate governance offers a comprehensive guide to corporate governance forms and institutions and examines the recurring crises in corporate governance and the resulting corporate governance reform around the world while the popular structure of the original text has been retained significant changes have been made to take account of the global financial crisis ever changing regulations and worldwide governance developments key topics include the governance failures of international corporations such as enron and lehman brothers diversity in corporate and institutional forms across the world the role of international corporate governance standards digital disruption in capital markets and proposals for rebuilding commitment to long term investing the impact of financialization and corporate governance practices on increasing inequality the links between corporate governance corporate social responsibility and sustainability this textbook contains a wealth of pedagogical material to guide the reader through this complex subject including student questions to help with assessments and a new companion website there are also thirteen forensic case studies which scrutinize the governance failures seen at rbs ubs bp volkswagen and many other international corporations international corporate governance will be an essential text for anybody studying corporate governance at the advanced undergraduate master s or executive level

International Organization and Global Governance

2014-11-14

international corporate governance provides a thorough introduction to the state of the art of corporate governance research and practice it covers a wide range of topics including corporate control regulation behavioural issues and the role of stakeholders in corporate governance the text not only reflects the multidisciplinary nature of corporate governance but it also adopts an international perspective by highlighting the major differences in corporate control and corporate governance practice across the world while rigorous the text avoids needless jargon and uses language that is accessible to a wider audience it also makes a critical assessment of current regulation practice and research findings

bureaucratic bodies of international organizations are receiving ever more scholarly attention however the relevance of international public administrations ipas for global policy making remains neither empirically nor theoretically well understood and yet little systematic knowledge is available about the influence international bureaucracies may have on policy making what makes international bureaucracies influential are the sources of their influence on policy making comparable to that of national public administrations is there a need to reflect on other factors than known from the analysis of national bureaucracies or for re assessing the impact of traditional factors of influence in multilevel constellations is there a systematic link between intra organizational structures and the behavior of the personnel of international bureaucracies and the policy output of their organizations what are the effects of international bureaucracies role for particular policies or policy constellations the different contributions in this volume address these questions from different conceptual perspectives and focus on different tools of administrative governance this book was originally published as a special issue of the journal of european public policy

The Politics of Global Governance

2017-08-04

this book offers a major new theory of global governance explaining both its rise and what many see as its current crisis the author suggests that world politics is now embedded in a normative and institutional structure dominated by hierarchies and power inequalities and therefore inherently creates contestation resistance and distributional struggles within an ambitious and systematic new conceptual framework the theory makes four key contributions firstly it reconstructs global governance as a political system which builds on normative principles and reflexive authorities second it identifies the central legitimation problems of the global governance system with a constitutionalist setting in mind third it explains the rise of state and societal contestation by identifying key endogenous dynamics and probing the causal mechanisms that produced them finally it identifies the conditions under which struggles in the global governance system lead to decline or deepening rich with propositions insights and evidence the book promises to be the most important and comprehensive theoretical argument about world politics of the 21st century

Measuring International Authority

2013-10-31

in this book oran young extends and generalizes his earlier work on international environmental regimes to present a comprehensive account of the current status and future prospects of regime theory as a way of thinking about governance in world affairs young organizes his assessment around two overarching issues the first emphasizes the idea that regimes are dynamic systems an understanding of regime formation is thus a springboard for inquiries into the effectiveness of these arrangements once they become operational and into the processes through which regimes change over time the second stresses the importance of fostering a dialogue between scholars who espouse distinct ways of thinking about international institutions the collective action perspective arising from the fields of economics and public choice and the social practice perspective associated with the fields of sociology and anthropology within this framework the

office vba macros you can use today over 100 amazing ways to automate word excel powerpoint outlook and access book offers cutting edge contributions regarding the tasks institutions perform the effectiveness of regimes (Download Only) institutional change and linkages among distinct regimes

Globalization and Governance in the International Political Economy

2017-03-02

this book is about the relationship between corporate governance regimes and labour management it examines how finance and governance influence employment relationships work organization and industrial relations by means of a comparative analysis of anglo american european and japanese economies the starting point is the distinction widely found in the corporate governance business systems and political economy literature between countries dominated by shareholder value conceptions of corporate governance and those characterized by stakeholder regimes by drawing on a wide range of countries the book is able to demonstrate the complexities of corporate governance arrangements and to present a more precise and nuanced exploration of the linkages between governance and labour management each country based chapter provides an analysis of the evolution and key characteristics of corporate governance and then links this to labour management institutions and practices the chapters cover the united states united kingdom japan australia france germany italy netherlands and spain with each written by a leading academic expert in the field by providing a historical review of the evolution of national systems the contributors provide judicious evaluations of the current state and future direction of national governance and labour relations systems overall the book goes beyond the complementarities between governance and labour management systems identified in recent literature and attempts to identify causal relationships between the two it shows how labour management institutions and practices may influence finance and corporate governance systems as well as vice versa the contributions to this book illuminate current debates about the determinants of corporate governance the convergence of national varieties of capitalism and the impact of corporate governance on managerial behaviour the book highlights the complexities of corporate governance systems and refines the distinction between market outsider and relational insider systems

Governance by International Public Administrations

2018-03-09

this book analyzes the state of global governance in the current geopolitical environment it evaluates the main challenges and discusses potential opportunities for compromise in international cooperation the book s analysis is based on the universal criteria of global political stability and the un framework of sustainable development by examining various global problems including global economic inequality legal and political aspects of access to resources international trade and climate change as well as the attendant global economic and political confrontations between key global actors the book identifies a growing crisis and the pressing need to transform the current system of global governance in turn it discusses various instruments measures and international regulation mechanisms that can foster international cooperation in order to overcome global problems addressing a broad range of topics e g the international environmental regime global financial problems issues in connection with the energy transition and the role of brics countries in global governance the book will appeal to scholars in international relations economics and law as well as policy makers in government offices and international organizations

The Architecture Of Global Governance

2007

this book is based on the findings conclusions and recommendations of the global space governance study commissioned by the 2014 montreal declaration that called upon civil society academics governments the private sector and other stakeholders to undertake an international interdisciplinary study the study took three years to complete it examines the drivers of space regulations and standards key regulatory problems and especially addresses possible improvements in global space governance the world s leading experts led the drafting of chapters with input from academics and knowledgeable professionals in the public and private sectors intergovernmental organizations and nongovernmental organizations from all the regions of

office vba macros you can use today over 100 amazing ways to automate word excel powerpoint outlook and access the world with over 80 total participants this book and areas identified for priority action are to be ^(Download Only) presented to the un committee on the peaceful uses of outer space and it is hoped will be considered directly or indirectly at the unispace 50 event in vienna austria in 2018 the report a collective work of all the contributors includes objective analysis and frank statements expressed without pressure of political national and occupational concerns or interest it is peer reviewed and carefully edited to ensure its accuracy preciseness and readability it is expected that the study and derivative recommendations will form the basis for deliberations and decisions at international conferences and meetings around the world on the theme of global space governance this will hopefully include future discussion at the un committee on the peaceful uses of outer space

Invisible Governance

2003-09-02

this book addresses conflicts involving different normative orders what happens when international law prohibits behavior but the same behavior is nonetheless morally justified or warranted can the actor concerned ignore international law under appeal to morality can soldiers escape legal liability by pointing to honor can accountants do so under reference to professional standards how in other words does law relate to other normative orders the assumption behind this book is that law no longer automatically claims supremacy but that actors can pick and choose which code to follow the novelty resides not so much in identifying conflicts but in exploring if when and how different orders can be used intentionally in doing so the book covers conflicts between legal orders and conflicts involving law and honor self regulation lex mercatoria local social practices bureaucracy religion professional standards and morality
