The Protestant Ethic and the Spirit of Capitalism

2017-07-06

the german sociologist max weber is considered to be one of the founding fathers of sociology and ranks among the most influential writers of the 20th century his most famous book the protestant ethic and the spirit of capitalism is a masterpiece of sociological analysis whose power is based on the construction of a rigorous and intricately interlinked piece of argumentation weber s object was to examine the relationship between the development of capitalism and the different religious ideologies of europe while many other scholars focused on the material and instrumental causes of capitalism s emergence weber sought to demonstrate that different religious beliefs in fact played a significant role in order to do this he employed his analytical skills to understand the relationship between capitalism and religious ideology carefully considering how far protestant and secular capitalist ethics overlapped and to what extent they mirrored each other one crucial element of weber s work was his consideration the degree to which cultural values acted as implicit or hidden reasons reinforcing capitalist ethics and behavior an investigation that he based on teasing out the arguments that underpin capitalism incisive and insightful weber s analysis continues to resonate with scholars today

Capitalism and Classical Social Theory

2014-01-24

capitalism and classical social theory second edition offers solid coverage of the classical triumvirate marx durkheim and weber but also extends the canon strategically to include simmel four early female theorists and the writings of du bois

Capitalism and Classical Social Theory, Third Edition

2019-05-31

in this third edition of capitalism and classical social theory john bratton and david denham build on the classical triumvirate karl marx mile durkheim and max weber by extending the conversation to include early female theorists such as mary wollstonecraft and charlotte perkins gilman as well as the writings of w e b du bois and g h mead connecting current headlines in the political mainstream to concepts like alienation anomie class gender race and the environment capitalism and classical social theory sheds light on how classical social theories may be applied and understood within a contemporary context this revised and expanded third edition features topical discussions of socio economic shifts in the post trump and post brexit world and uses original excerpts and additional readings to further contextualize the significance of classical social theory today

Beyond Our Lights and Shadows

2016-07-14

do not neglect the gift that is in you which was given to you through prophecy with the laying of hands by the council of elders 1tim 4 14 members of the church today can comprehend paul s sentiment to timothy while not all ordained all baptized christians have experienced the laying on of hands in baptism they have been touched by that mysterious mix of charism initiated into the body of christ through the holy spirit as well as launched into life with christ through the institution of the church with all its concreteness ambiguity sinfulness and goodness through the lens of christian theology along with the sociology of max weber in his study of charism and institution in modern society judith a merkle analyzes the interaction and tautness between the concept of powerful grace through baptism and the institution in the life of the modern church weber asserts that freedom and creativity in modern society only become manifest within social relations since these highly valued modern experiences do not exist outside the institutional framework they exist in tension with the constrictive and creative aspects of the institution judith a merkle offers the reader perspective on this contemporary experience in the church

I Wanna Wrock!

2018-11-16

Forging Transnational Belonging through Informal Trade

2021-04-09

analyzing informal trading practices and smuggling through the case study of novi pazar this book explores how societies cope when governments no longer assume the responsibility for providing welfare to their citizens how do economic transnational practices shape one s sense of belonging in times of crisis precarity specifically how does the collapse of the ottoman empire and the subsequent migration of the muslim slav population to turkey relate to the yugoslav succession wars during the

1990s using the case study of novi pazar a town in serbia that straddles the borders of montenegro serbia and kosovo that became a smuggling hub during the yugoslav conflict the book focuses on that informal market economy as a prism through which to analyze the strengthening of existing relations between the émigré community in turkey and the local bosniak population in the sandžak region demonstrating the interactive nature of relations between the state and local and émigré communities this book will be of interest to scholars and students interested in southeastern europe or the yugoslav succession wars of the 1990s as well as social anthropologists who are working on social relations and deviant behavior

History in Practice

2019-08-22

Social Functions of Synagogue Song

2012

social functions of synagogue song a durkheimian approach by jonathan I friedmann paints a detailed picture of the important role sacred music plays in jewish religious communities this study explores one possible way to approach the subject of music s intimate connection with public worship applying sociologist mile durkeim s understanding of ceremonial ritual to synagogue music durkheim observed that religious ceremonies serve disciplinary cohesive revitalizing and euphoric functions within religious communities drawing upon musical examples from different composers regions periods rites and services friedmann demonstrates how jewish sacred music performs these functions

Marx, Durkheim, Weber

2011-01

how do you picture identity what happens when you ask individuals to make visual representations of their own identities influences and relationships drawing upon an array of disciplines from neuroscience to philosophy and art to social theory david gauntlett explores the ways in which researchers can embrace people s everyday creativity in order to understand social experience seeking an alternative to traditional interviews and focus groups he outlines studies in which people have been asked to make visual things such as video collage and drawing and then interpret them this leads to an innovative project in which gauntlett asked people to build metaphorical models of their identities in lego this creative reflective method provides insights into how individuals present themselves understand their own life story and connect with the social world creative explorations is a lively and original discussion of identities media influences and creativity which will be of interest to both students and academics

Creative Explorations

2007-05-07

this book is available as open access through the bloomsbury open access programme and is available on bloomsburycollections.com television news is frequently disparaged by thoughtful commentators for its preoccupation with drama and spectacle at the expense of serious in depth engagement with the critical issues it covers whilst insisting these charges possess more than a small dose of truth rob stones argues for more emphasis to be placed on strengthening the capacities of audiences drawing from major traditions in social thought and on academic media analysis stones provides the conceptual tools for audiences to bring greater sophistication to their interpretations developing their capacity to think across items and genres a detailed account of an episode of the danish political drama borgen reveals the extent to which its viewers already deploy similar concepts and skills in order to follow its storylines stones shows how audiences can refine these skills further and demonstrates their value with respect to a wide range of current affairs texts including israeli settlers on the west bank the rwandan genocide the egyptian revolution the obama administration s immigration reform bill the bases of germany s economic success the conflict between red shirts and yellow shirts in thailand china s diplomatic relations with burma and scandals of mistreatment within the uk and swedish healthcare systems the book shows that everyone s understanding of current affairs can be significantly enhanced by social theory it will be relevant to students of sociology politics media studies and journalism at all levels

Freedom of Speech and Society

2015-02-26

in when did we all become middle class martin nunlee discusses how a lack of class identity gives people a false sense of their relationship to power which has made the us population accept the myth that they live in a meritocracy this book examines social class within the framework of psychological tendencies everyday interactions institutions and pervasive cultural ideas to show how americans have shifted from general concerns of social and economic equality to fragmented interests groups written in a conversational style this book is a useful tool for undergraduate courses covering social class such as inequality stratification poverty and social problems

Why Current Affairs Needs Social Theory

2016-08-05

on november 16 2017 pope francis tweeted poverty is not an accident it has causes that must be recognized and removed for the good of so many of our brothers and sisters with this statement and others like it the first latin american pope was associated in the minds of many with a stream of theology that swept the western hemisphere in the 1960s and 70s the movement known as liberation theology born of chaotic cultural crises in latin america and the united states liberation theology was a trans american intellectual movement that sought to speak for those parts of society marginalized by modern politics and religion by virtue of race class or sex led by such revolutionaries as the peruvian catholic priest gustavo gutiérrez the african american theologian james cone or the feminists mary daly and rosemary radford ruether the liberation theology movement sought to bridge the gulf between the religious values of justice and equality and political pragmatism it combined theology with strands of radical politics social theory and the history and experience of subordinated groups to challenge the ideas that underwrite the hierarchical structures of an unjust society praised by some as a radical return to early christian ethics and decried by others as a marxist takeover liberation theology has a wide raging cross sectional history that has previously gone undocumented in the world come of age lilian calles barger offers for the first time a systematic retelling of the history of liberation theology demonstrating how a group of theologians set the stage for a torrent of new religious activism that challenged the religious and political status quo

When Did We All Become Middle Class?

2018-07-02

most texts on classical social theory offer exhaustive coverage of every possible theorist making it difficult to use the book in one semester capitalism and classical social theory second edition represents a departure from this approach by offering solid coverage of the classical triumvirate marx durkheim and weber but also extending the canon strategically to include simmel four early female theorists and the writings of du bois the result is a manageable but thorough examination of the key classical theorists the second edition has been updated throughout and includes two new chapters one on weber and rationalization and one on du bois and his writings on race a new concluding chapter links classical theory to current developments in capitalism during an age of austerity

The World Come of Age

2014-01-24

in the united states anyone with even a trace of african american ancestry has been considered black even as the twenty first century opens a racial hierarchy still prevents people of color including individuals of mixed race from enjoying the same privileges as euro americans in this book g reginald daniel argues that we are at a cross roads with members of a new multiracial movement pointing the way toward equality tracing the centuries long evolution of eurocentrism a concept geared to protecting white racial purity and social privilege daniel shows how race has been constructed and regulated in the united states the so called one drop rule i e hypodescent obligated individuals to identify as black or white in effect erasing mixed race individuals from the social landscape for most of our history many mixed race individuals of african american descent have attempted to acquire the socioeconomic benefits of being white by forming separate enclaves or passing by the 1990s however interracial marriages became increasingly common and multiracial individuals became increasingly political demanding institutional changes that would recognize the reality of multiple racial backgrounds and challenging white racial privilege more than black regards the crumbling of the old racial order as an opportunity for substantially more than an improvement in u s race relations it offers no less than a radical transformation of the nation s racial consciousness and the practice of democracy

Capitalism and Classical Social Theory, Second Edition

2002

this book introduces readers to the world of ideal types within the readings of max weber by giving a theoretical understanding of ideal types as well as applying the development of ideal types to an array of social policy arenas the 21st century has seen the development of welfare regime analysis marked by two differing strands real typical welfare regime analyses and ideal typical welfare regime analysis the latter focusing on the formation development and application of ideal types in general comparative social policy designed to provide new theoretical and practical frameworks as well as updated in depth developments of ideal typical welfare regime theory this book shows how weber s method of setting up and checking against ideal types can be used in a wide variety of policy areas such as welfare state system comparison comparative social and economic development health policy mental health policy health care system analysis gender policy employment policy education policy and so forth the book will be of interest to all scholars and students working in the fields of social policy including health policy public policy political economy sociology social work gender studies social anthropology and many more

More Than Black

2020-12-06
