2000

this book highlights and examines the role of the textbook in legitimising established political and social orders it analyses the way in which the other is presented in school textbooks focusing on a number of countries in the middle east and north africa mena region and argues that the role of textbooks in developing and maintaining a national identity should be afforded greater critical attention textbooks can help form national identities by developing a society's collective memory this might involve a historical narrative which may be self contradictory or even fabricated to a certain extent including myths symbols and collective memories that divide us from them and

ultimately resulting a dichotomy between the self and the other as well as addressing a range of theoretical questions relating to the study of textbooks generally the volume also covers a broad spectrum of middle eastern states and societies with contributions from turkey iran egypt cyprus lebanon iraq kurdistan jordan morocco tunisia israel and palestine it will be essential reading for researchers and students working in the fields of education sociology and history particularly those with an interest in national identities in the mena region

### **Highlights**

1990

this book explores four interrelated themes rethinking civic education in light of the diversity of u s society re examining these notions in an increasingly interconnected global context re considering the ways that civic education is researched and practiced and taking stock of where we are currently through use of an historical understanding of civic education there is a gap between theory and practice in social studies education while social studies researchers call for teachers to nurture skills of analysis decision making and participatory citizenship students in social studies classrooms are often found participating in passive tasks e g quiz and test taking worksheet completion listening to lectures rather than engaging critically with the

curriculum civic education for diverse citizens in global times directed at students researchers and practitioners of social studies education seeks to engage this divide by offering a collection of work that puts practice at the center of research and theory
