references

Long Range Unit Surveillance Operations FM 3-55.93 (FM 7-93) 2009-06

field manual fm 7 0 train to win in a complex world october 2016 fm 7 0 train to win in a complex world expands on the fundamental concepts of the army s training doctrine introduced in
adrp 7 0 the army s operations process is the foundation for how leaders conduct unit training it also places the commander firmly at the center of the process and as the lead of every
facet of unit training fm 7 0 supports the idea that training a unit does not fundamentally differ from preparing a unit for an operation reinforcing the concepts ideas and terminology of the
operations process while training as a unit makes a more seamless transition from training to operations this publication focuses on training leaders soldiers and army civilians as
effectively and efficiently as possible given limitations in time and resources

Organizational Supply and Services for Unit Leaders (FM 10-27-4) 2017-07-27

this fleet marine force manual fmfm sets forth the organization doctrine tactics and techniques to be used in the formation and employment of marine air ground task forces mafff s p i

FM 9-15 Explosive Ordnance Disposal Service And Unit Operations 1983-12-31

field manual 10 1 quartermaster principles is the army s capstone manual for quartermaster qm corps soldiers and units it focuses on current doctrine in fms 100 5 100 10 and 100 16 it
also considers recent combat experience from operations desert shield storm guidance in tradoc pamphlet 525 5 and the combined arms support command s publication vision of
combined arms support and information form tradoc battle labs and warfighting lens analyses since 1775 the qmc has provided logistical support to the unites states army s combat forces
during its long history it has developed a special one to one relationship between quartermasters and supported soldiers this has been a critical factor in the success of the corps and the
keystone to its heritage qm soldiers and units have a dual responsibility they must be technically proficient and prepared to provide supply and field service support to the force and they

must be tactically proficient and prepared to deploy as quickly as the combat and combat support forces once deployed they must be able to fight and defend themselves at the same time they must concurrently provide logistical support to an extended battlefield the qmc is one of the more complex and diverse branches of the army it has personnel proficiency for 11 enlisted military occupational specialties most in three career management fields four warrant officers most and five officer areas of concentration qm personnel serve in every type of unit from units at the forward line of own troop front to the theater rear boundary these units range from light infantry to armor units from special operations units to personnel and administration units from artillery to signal units and from ordnance to transportation units this manual looks at the role of quartermasters and qm units as they function on the battlefield it will guide the development of quartermaster doctrine tactics techniques and procedures related to supply and storage army field feeding general supply water supply mortuary affairs petroleum supply and airdrop support operations it also will serve as a guide for future development of training leader development organizations materiel and soldier support this manual sets guidelines for unit commanders and their staffs operating within the army's support structure further it realigns supply and field service functions within the quartermaster corps qmc and explains how they relate to classes of supply and field services explains to combat arms combat support and combat service support commanders and their staff how and where they will receive qm proponent supply and field services support introduces qm unit missions and explains unit operations outlines relationships between the various levels of supply and field services support
