Rethinking the Second Language Listening Test

2019

this book is relevant for language testers listening researchers and oral proficiency teachers in that it explores four broad themes related to the assessment of L2 listening ability the use of authentic real world spoken texts the effects of different speech varieties of listening inputs the use of audio visual texts and assessing listening as part of an interactive speaking listening construct each theme is introduced with a review of the relevant literature and then is examined through either two or three empirical studies the notion of authenticity underlies each of these four themes by creating more authentic test tasks that are similar to real world language tasks test developers can create listening assessments that not only more effectively assess test takers communicative competence but can also have a positive washback effect on educational systems
