Understanding Culture 2001-05-25

understanding culture offers an accessible and comprehensive overview of the field of cultural studies whilst also proposing a different way of doing cultural studies it focuses on the ways in which cultural objects and practices serve as both a means of ordering people s lives and as markers of that ordering the book reviews the state of the discipline of cultural studies and suggests a new theoretical and methodological orientation drawing on the work of foucault scepticism wittgenstein harvey sacks and john law uses insights from a variety of sources to examine the complex ways in which meanings are manufactured as lives are ordered in particular social settings personal life education health the city and law and pre

A Short History of Cultural Studies 2002-12-04

a short history of cultural studies will prove a seminal text for its author s erudition wit and unmatched ability to re embed abstract concepts and debates where they belong in rich historical political and cultural contexts cultural studies review hartley s book is refreshing breathtaking and quite a lot of fun given its relatively small size the book can t do everything but it does introduce the reader to this rich area of contemporary academic life communication research trends an entertaining and innovative approach to the history of cultural studies topia canadian journal of cultural studies cultural studies will never be the same again whether you re new to the field or a tired old jade john hartley s latest will have you sitting bolt upright in your seat each chapter is brimming with insight and innovation a landmark book toby miller professor of cultural studies and cultural policy new york university a short history of cultural studies will be devoured by students by virtue of its uncluttered and often wickedly humorous style but it will also concentrate the minds of those who lecture and research in the subject by offering a novel and challenging account of the rise and temper of the subject today this is the first history of cultural studies other books have explored the british and north american traditions but this is the first guide to the ideas purposes and controversies that have

shaped the subject the author sheds new light on neglected pioneers and a clear route map through the terrain he provides lively critical narratives on a dazzling array of key figures including arnold barrell bennett carey fiske foucault grossberg hall hawkes hooks hoggart leadbeater lissistzky malevich marx mcluhan mcrobbie d miller t miller morris quiller couch ross shaw urry williams wilson wolfe and wolf he also examines a host of central themes in the subject including literary and political writing publishing civic humanism political economy and marxism sociology feminism anthropology and the pedagogy of cultural studies

Cultural Studies and Political Economy **2010-05-10**

this book addresses the notorious split between the two fields of cultural studies and political economy drawing on the works of harold innis theodor adorno raymond williams richard hoggart e p thompson and other major theorists in the two fields robert e babe shows that political economy can be reconciled to certain aspects of cultural studies particularly with regards to cultural materialism uniting the two fields has proven to be a complex undertaking though it makes practical sense given the close interaction between political economy and cultural studies babe examines the evolution of cultural studies

over time and its changing relationship with political economy the intersections between the two fields center around three subjects the cultural biases of money the time space dialectic and the dialectic of information

The Cultural Studies Reader 2007

this third edition of this introduction to cultural studies includes 21 new articles with increased coverage of theory and methodology as well as added articles on new areas such as technology science globalisation and postcolonialism

The Uses of Cultural Studies 2007

the academic resistance that cultural studies has encountered remains especially visible in eastern and southern european countries one such example is spain where cultural studies is seen at best as an emergent research field hence the interest of this volume conceived in spain by an all spanish editorial team and written by a diverse range of authors who prove that in spite of all difficulties cultural studies continues to bloom even in southern and eastern europe the different chapters offer interdisciplinary insights into a wide selection of cultural materials whose relevance goes well beyond purely aesthetic

issues altogether the volume 1 provides interesting theoretical reflections on the subtle yet arbitrary borders between popular and canonical culture 2 explores how the popular culture of yesteryear has influenced and inspired later canonical cultural materials and 3 studies how the reception of and representation in popular culture can be accounted for from the crucially relevant perspectives of gender and age this collection of essays studies and explores the connections between a wide range of materials including relevant examples of classic and contemporary literature arthuriana pop music and videos political and mainstream film newspaper advertising television and the phenomenon of the trans media star

Introducing Cultural Studies 1999

as multinational elites vie for economic and cultural dominance neoliberal socio economic policies are in effect not only reconfiguring political economies but the ways in which culture is being produced and represented in light of the global impact of these forms of domination this collection of informed international scholarship examines world hegemonic engagements with culture in all spheres of contemporary cosmopolitan life the personal the public the popular and the institutional

Doing Research in Cultural Studies 2003-11-03

this volume brings together sixteen essays on key and intersecting topics in critical cultural studies from major scholars in the field taking into account the vicissitudes of political social and cultural

issues the contributors engage deeply with the evolving understanding of critical concepts such as history community culture identity politics ethics globalization and technology the essays address the extent to which these concepts have been useful to scholars policy makers and citizens as well as the ways they must be rethought and reconsidered if they are to continue to be viable each essay considers what is known and understood about these concepts the essays give particular attention to how relevant ideas themes and terms were developed elaborated and deployed in the work of james w carey the founding father of cultural studies in the united states the contributors map how these important concepts including carey s own work with them have evolved over time and how these concepts intersect the result is a coherent volume that redefines the still emerging field of critical cultural studies contributors are stuart allan jack zeljko bratich clifford christians norman denzin mark fackler robert fortner lawrence grossberg joli jensen steve jones john nerone lana rakow quentin j schultze linda steiner angharad n valdivia catherine warren frederick wasser and barbie zelizer

Transnational Perspectives on Culture, Policy,

and Education 2008

since the late 1960s both internationally and locally we have witnessed the growth of subject areas outside the traditional liberal arts curriculum and disciplinary structure of the university curriculum black studies or indigenous studies feminist or women s studies critical legal studies film media studies gay studies and cultural studies are some of the most popular the principles underlying a global neo liberalism and managerialism were responsible for restructuring universities during the 1980s some thought that such developments imperiled the humanities while others believed that the context of globalization and the development of new communications technologies offered new hope for both interdisciplinary work and the emergence of a critical approach the book asks the following broad questions what are the underlying historical epistemological and political reasons for the emergence of cultural studies what do these developments imply for the traditional liberal arts curriculum and the traditional discipline based university to what extent does the emergence of cultural studies displace or dislocate traditional disciplines what forms of resistance has cultural studies encountered and why to what extent does the emergence of cultural studies reflect a changing mission of the university and changing relations between the university and the wider society what is the future of cultural

studies

Culture and Power in Cultural Studies

2010-02-28

the contemporary fields of the study of culture the humanities and the social sciences are unfolding in a dynamic constellation of cultural turns this book provides a comprehensive overview of these theoretically and methodologically groundbreaking reorientations it discusses the value of the new focuses and their analytical categories for the work of a wide range of disciplines in addition to chapters on the interpretive performative reflexive postcolonial translational spatial and iconic turns it discusses emerging directions of research drawing on a wealth of international research this book maps central topics and approaches in the study of culture and thus provides systematic impetus for changed disciplinary and transdisciplinary research in the humanities and beyond e g in the fields of sociology economics and the study of religion this work is the english translation by adam blauhut of an influential german book that has now been completely revised it is a stimulating example of a cross cultural translation between different theoretical cultures and also the first critical synthesis of cultural turns in the english speaking

world

Internationalizing Cultural Studies 2005

inside culture offers a fresh and stimulating reassessment of the direction of cultural studies nick couldry argues without apology for cultural studies as a discipline centred around the interrelations of culture and power with a clear focus on accountable empirical research that deals with the real complexities of contemporary lives inside culture chapters discuss the broad conceptual issues around cultures texts the self and the individual there are detailed discussions of a range of cultural studies authors which demystify the elaborate language of contemporary cultural studies with suggestions for further thinking at the end of chapters

Cultural Turns 2016-01-15

this book represents a significant intervention and as such should be used on numerous cultural studies courses in its intellectual honesty and clarity tudor s book will stand as an authoritative basis for further developments in the coming years david chaney decoding culture offers a concise and accessible account of the development of cultural studies from the late 1950s to the 1990s focusing on the significant

theoretical and methodological assumptions that have informed the cultural studies project the text covers the key thinkers and key perspectives including structuralism and post structuralism screen theory the birmingham school and audience analysis offers a timely corrective t

Inside Culture 2000-11-13

bringing together innovative and internationally renowned experts this volume provides concise presentations of the main concepts and cutting edge research fields in the study of culture rather than the infinite multitude of possible themes more specifically the volume outlines different models for the study of culture explores avenues for interdisciplinary exchange assesses key concepts and traces their travels across various disciplinary historical and national contexts to trace the travelling of concepts means to map both their transfer from one discipline approach or culture of research to another and also to identify the transformations which emerge through these processes of transfer the volume serves to show that working with travelling concepts provides a unique strategy for research and research design which can open up a wide range of promising perspectives for interdisciplinary exchange it offers an exemplary overview of an interdisciplinary and international approach to the

travelling concepts that organize structure and shape the study of culture in doing so the volume serves to initiate a dialogue that exceeds disciplinary and national boundaries and introduces a self reflexive dimension to the field thus affording a recognition of how deeply disciplinary premises and nation specific research traditions affect different approaches in the study of culture

Decoding Culture 1999-09-28

a fascinating and highly accessible overview of this radical critical approach to understanding power ideology race class and gender

Travelling Concepts for the Study of Culture **2012-10-01**

cultural studies has fascinated academics and students around the globe with its deft application of complex theories to everyday life a discipline between disciplines it makes the academic popular and the popular academic cultural studies is concerned with the social and cultural construction of meanings and investigates how power relations govern these meanings this lucid introduction explains the theory and practice of cultural studies with the help of detailed cultural

analyses the first of its two parts discusses the contexts in which cultural studies evolved and outlines the major theories it draws on structuralism poststructuralism deconstruction marxism postmodernism feminism queer theory and postcolonial theory the second part of the book applies the methods of cultural studies to familiar aspects of everyday life and contains a set of case studies in the cultures of communication shopping and space examples range from shopping malls advertisements and mobile phone cultures to property business housekeeping and development projects of the government

Introducing Cultural Studies 2010

the work of cultural and political theorist stuart hall a pioneer of cultural studies who passed away in 2014 remains more relevant than ever in stuart hall lives scholars engage with hall s most enduring essays including encoding decoding and notes on deconstructing the popular bringing them into the context of the 21st century different chapters consider resistant media consumers online journalism debates around the american confederate flag and rainbow flags the oscarssowhite controversy and contemporary moral panics the book also includes hall s important essay on french theorist louis althusser which is introduced here by lawrence grossberg and jennifer slack finally two reminiscences by one of hall s former colleagues and one

of his former students offer wide ranging reflections on his years as director of centre for contemporary cultural studies at the university of birmingham uk and as head of the department of sociology at the open university together the contributions paint a picture of a brilliant theorist whose work and legacy is as vital as ever this book was originally published as a special issue of critical studies in media communication

An Introduction to Cultural Studies 2008

why cultural studies is a rallying call for a reinvigoration of the project of cultural studies that provides a critical analysis of its meteoric rise to the academic fore and makes a convincing argument for the pressing need for a renewed investment in and re evaluation of its core ideals rodman argues that there are valuable lessons we can learn from cultural studies past that have the potential to lead cultural studies to an invigorated and viable future makes the claim that cultural studies isn t and shouldn t be solely an academic subject but open to both academics and non academics alike asserts that now more than ever cultural studies has a productive role to play in promoting social justice and building a better world written by one of the leading figures in the area of cultural studies and the current chair of the association for cultural studies
