*Wyoming Agricultural Statistics* 2000 this book takes an interdisciplinary approach to one of japan s thorniest public policy issues why are women increasingly forgoing motherhood at the heart of the matter lies a paradox although the overall trend among rich countries is for fertility to decrease as female labor participation increases gender friendly countries resist the trend conversely gender unfriendly countries have lower fertility rates than they would have if they changed their labor markets to encourage the hiring of women and therein lies japan s problem the authors argue that the combination of an inhospitable labor market for women and insufficient support for childcare pushes women toward working harder to promote their careers to the detriment of childbearing controversial and enlightening this book provides policy recommendations for solving not just japan s fertility issue but those of other modern democracies facing a similar crisis

*Foreign Operations, Export Financing, and Related Programs Appropriations for 1998* 1997 the united states code is the official codification of the general and permanent laws of the united states of america the code was first published in 1926 and a new edition of the code has been published every six years since 1934 the 2012 edition of the code incorporates laws enacted through the one hundred twelfth congress second session the last of which was signed by the president on january 15 2013 it does not include laws of the one hundred thirteenth congress first session enacted between january 2 2013 the date it convened and january 15 2013 by statutory authority this edition may be cited u s c 2012 ed as adopted in 1926 the code established prima facie the general and permanent laws of the united states the underlying statutes reprinted in the code remained in effect and controlled over the code in case of any discrepancy in 1947 congress began enacting individual titles of the code into positive law when a title is enacted into positive law the underlying statutes are repealed and the title then becomes legal evidence of the law currently 26 of the 51 titles in the code have been so enacted these are identified in the table of titles near the beginning of each volume the law revision counsel of the house of representatives continues to prepare legislation pursuant to 2 u s c 285b to enact the remainder of the code on a title by title basis into positive law the 2012 edition of the code was prepared and published under the supervision of ralph v seep law revision counsel grateful acknowledgment is made of the contributions by all who helped in this work particularly the staffs of the office of the law
