Freedom of Religion or Belief 2016-01-21 violations of religious freedom and violence committed in the name of religion grab our attention on a daily basis freedom of religion or belief is a key human right the international covenant on civil and political rights numerous conventions declarations and soft law standards include specific provisions on freedom of religion or belief the 1981 declaration on the elimination of all forms of intolerance and of discrimination based on religion or belief has been interpreted since 1986 by the mandate of the un special rapporteur on freedom of religion or belief special rapporteurs for example those on racism freedom of expression minority issues and cultural rights and treaty bodies for example the human rights committee the committee on the elimination of racial discrimination and the committee on the rights of the child have also elaborated on freedom of religion or belief in the context of their respective mandates freedom of religion or belief an international law commentary is the first commentary to look comprehensively at the international provisions for the protection of freedom of religion or belief considering how they are interpreted by various united nations special procedures and treaty bodies structured around the thematic categories of the united nations special rapporteur s framework for communications the commentary analyses for example the limitations on the wearing of religious symbols and vulnerable situations including those of women detainees refugees children minorities and migrants through a combination of scholarly expertise and practical experience

Encyclopedia of Religious Freedom 2003 over 140 alphabetically arranged entries examine key issues relating to freedom of religion around the world

The Future of Religious Freedom 2013 based on a symposium held in istanbul turkey

Freedom of Religion 2018-06-04 winner of the 2019 james madison prize for outstanding research in first amendment studies what are the arguments for and against government restrictions on religious beliefs and practices to what extent can or should government support religion why is religious liberty important now a comprehensive anthology comprising 300 important writings on religious liberty is available to address and examine these questions and smith provides the important historical grounding and philosophical positions that guide readers through these significant selections it will remain a significant reference work to facilitate reasoned discussions of freedom of religion whether for education or advocacy in the classroom or the public sphere this outstanding collection should be in every library and on the desk of anyone seeking to understand or shape public policies affecting religious liberty

Equality, Freedom, and Religion 2012-01-05 is religious freedom being curtailed in pursuit of equality and the outlawing of discrimination is enough effort made to accommodate those motivated by a religious conscience all rights matter but at times the right to put religious beliefs into practice increasingly takes second place in the law of different countries to the pursuit of other social priorities the right to freedom of belief and to manifest belief is written into all human rights charters in the united states religious freedom is sometimes seen as the first freedom yet increasingly in many jurisdictions in europe and north america religious freedom can all too easily be trumped by other rights roger trigg looks at the assumptions that lie behind the subordination of religious liberty to other social concerns especially the pursuit of equality he gives examples from different western countries of a steady erosion of freedom of religion the protection of freedom of worship is often seen as sufficient and religious practices are separated from the beliefs which inspire them so far from religion in general and christianity in particular providing a foundation for our beliefs in human dignity and human rights religion is all too often seen as threat and a source of conflict to be controlled at all costs the challenge is whether any freedom can be preserved for long if the basic human right to freedom of religious belief and practice is dismissed as of little account with no attempt to provide any reasonable accommodation given the central role of religion in human life unnecessary limitations on its expression are attacks on human freedom itself

The Meaning of Religious Freedom in the Public Square 2020-02-27 this book offers a new perspective on religious freedom its central theme is to elucidate the meaning of religion and freedom in discussions related to religious freedom and the place of religion in the public square one often hears that either religion must be tamed by restricting its access to public power or that in the name of neutrality and equality no religious reasoning may be used in the political sphere as it may be coercive to other worldviews there is also the idea that religion is a feature of human life essentially distinct from secular features such as politics and economics and which has a

peculiarly dangerous inclination to promote violence thus the meaning of religious freedom in the twenty first century seems uncertain for that reason it is necessary to clarify the meaning of religious freedom especially in relation to the public sphere in order to offer an answer that will guide us in discerning issues of religious freedom

Government Regulation of Religious Freedom 2020-04-11 freedom of religion or belief implies that people have the right to embrace a full range of thoughts and beliefs including those that others might deem blasphemous freedom of expression implies that they have the right to speak or write about them publicly these rights are guaranteed in international documents to which most countries have agreed chapter 1 examines and compares the content of laws prohibiting blasphemy blasphemy laws worldwide through the lens of international and human rights law principles the right to practice your religion freely is one of the cornerstone freedoms we have in the united states freedom of religion is in the very first amendment of the bill of rights in the constitution other countries take a narrower view of freedom of religion some impose an official religion while others actively persecute those practicing a disfavoured religion chapter 2 reports on the levels of religious freedom in different countries the international religious freedom act of 1998 requires the president to issue annually an international religious freedom report and designate the worst violators as countries of particular concern cpc a country so designated when its government has engaged in or tolerated particularly severe violations of religious freedom chapter 3 discusses the efforts of the united states to combat religious freedom violations in eurasia the gravity of the situation facing religious freedom in central asia is of particular concern despite the professed desire to enact more permissive regulations on religious life the arguments opposing far reaching reforms are cast in terms of national security and regime stability the terms of this argument are familiar in central asia not to mention in other parts of the muslim world where islam simultaneously occupied a revered position in national social and private life while also preoccupying national security agencies and regime loyalists who fear its potential to catalyse political opposition and terrorism as reported in chapter 4

The Tragedy of Religious Freedom 2013-06-10 when it comes to questions of religion legal scholars face a predicament they often expect to resolve dilemmas according to general principles of equality neutrality or the separation of church and state but such abstractions fail to do justice to the untidy welter of values at stake offering new views of how to understand and protect religious freedom in a democracy the tragedy of religious freedom challenges the idea that matters of law and religion should be referred to far flung theories about the first amendment examining a broad array of contemporary and more established supreme court rulings marc degirolami explains why conflicts implicating religious liberty are so emotionally fraught and deeply contested twenty first century realities of pluralism have outrun how scholars think about religious freedom degirolami asserts scholars have not been candid enough about the tragic nature of the conflicts over religious liberty the clash of opposing interests and aspirations they entail and the limits of human reason to resolve intractable differences the tragedy of religious freedom seeks to turn our attention from abstracted absolute values to concrete historical realities social history characterized by the struggles of lawyers engaged in the details of irreducible conflicts represents the most promising avenue to negotiate legal conflicts over religion in this volume degirolami offers an approach to understanding religious liberty that is neither rigidly systematic nor ad hoc but a middle path grounded in a pluralistic and historically informed perspective

Religious Freedom 2001 restrictions with respect to religious freedom have been in place in authoritarian states for a number of years we can observe a new period of co operation between authoritarian states and state churches some churches have assumed a clearly political position even in belligerent conflicts by justifying wars criminalizing their religious competitors and thereby exploiting the christian gospel for non christian purposes in this volume scholars from europe and north america discuss the core objective of religious freedom in the west and east seeking measures to encourage religions to act and interact independent of deliberate political stances to maintain their distance from territorial governments and to strengthen the principle of religious freedom and thereby their own denomination as well

Religious Freedom 2019-05 this volume offers theoretical historical and legal perspectives on religious freedom as an experience value and right drawing on examples from around the world its essays show how the terrain of religious freedom has never been smooth and how in recent years the landscape of religious freedom has

shifted

Liberty 1950 this volume presents a timely analysis of some of the current controversies relating to freedom for religion and freedom from religion that have dominated headlines worldwide the collection trains the lens closely on select issues and contexts to provide detailed snapshots of the ways in which freedom for and from religion are conceptualized protected neglected and negotiated in diverse situations and locations a broad range of issues including migration education the public space prisons and healthcare are discussed drawing examples from europe the us asia africa and south america including contributions from leading experts in the field the book will be essential reading for researchers and policy makers interested in law and religion

The Changing Terrain of Religious Freedom 2021-09-24 examining the law and public policy relating to religious liberty in western liberal democracies this book contains a detailed analysis of the history rationale scope and limits of religious freedom from but not restricted to an evangelical christian perspective focussing on united kingdom the united states canada new zealand australia and eu it studies the interaction between law and religion at several different levels looking at the key debates that have arisen divided into three parts the book begins by contrasting the liberal and christian rationales for and understandings of religious freedom it then explores central thematic issues the types of constitutional frameworks within which any right to religious exercise must operate the varieties of paradigmatic relationships between organized religion and the state the meaning of religion the limitations upon individual and institutional religious behaviour and the domestic and international legal mechanisms that have evolved to address religious conduct the final part explores key subject areas where current religious freedom controversies have arisen employment education parental rights and childrearing controls on pro religious and anti religious expression medical treatment and religious group church autonomy this new edition is fully updated with the growing case law in the area and features increased coverage of islam and the flashpoint debates surrounding the accommodation of muslim beliefs and practices in anglophone nations

Religious Freedom and the Law 2018-08-06 as the world enters the 21st century the challenges in implementing freedom of religion or belief grow more complex and more acute how can the internationally recognized norms regarding freedom of religion or belief be meaningful for all women and men majorities and minorities established religions and new religious movements parents and children how can tolerance mutual respect and understanding be globally expanded how does freedom of religion or belief relate to other human rights launched by the oslo coalition on freedom of religion or belief this deskbook anthology is designed as a single volume resource for all who are concerned with facilitating improved global compliance with international standards in this vital area the varied and diverse topics addressed by over fifty global experts in the field provide a rich weave of many threads the book addresses historical and philosophical background on religious human rights applicable international norms and the international procedural mechanisms for safeguarding these norms it surveys central areas of controversy including registration of religious and belief organizations emerging debates on religion and gender parental and children s rights new religious movements proselytism and conscientious objection other chapters describe practical approaches to promoting tolerance and understanding through education inter religious dialogue joint religious efforts addressing shared social problems and conflict resolution initiatives the volume also provides practical information regarding networking and other background issues that can help translate understanding of the applicable norms and procedures into action appendices provide texts of major international instruments on freedom of religion or belief

Religious Freedom in the Liberal State 2013-03-21 in a remarkably short period of time the realization of religious freedom has achieved broad consensus as an indispensable condition for peace faced with widespread reports of religious persecution public and private actors around the world have responded with laws and policies designed to promote freedom of religion but what precisely is being promoted what are the cultural and epistemological assumptions underlying this response and what forms of politics are enabled in the process the fruits of the three year politics of religious freedom research project the contributions to this volume unsettle

the assumption ubiquitous in policy circles that religious freedom is a singular achievement an easily understood state of affairs and that the problem lies in its incomplete accomplishment taking a global perspective the more than two dozen contributors delineate the different conceptions of religious freedom predominant in the world today as well as their histories and social and political contexts together the contributions make clear that the reasons for persecution are more varied and complex than is widely acknowledged and that the indiscriminate promotion of a single legal and cultural tool meant to address conflict across a wide variety of cultures can have the perverse effect of exacerbating the problems that plague the communities cited as falling short

Religious Freedom as a Human Right 1889 religious freedom has become increasingly important across the global spectrum over the past decades but has remained a contested concept this book fills the gap in the scholarship on religious freedom by focusing on sociological dimensions and research methods chapters in this book present data and case studies from italy russia iran israel south korea and the united states encompassing a broad geographical scope and highlight three main issues the first is the deep and persistent gap between normative and actual practices the detailed analyses bring insights into how religious freedom is understood and implemented in various contexts and its meaning in everyday life the second one is the complex interplay of various religious and secular actors in each society chapters focus on how it is essential to study how states define religious freedom and the impact of other actors such as nongovernmental organisations religious institutions communities leaders and members of various religious non religious groups the third is the role of rival ideologies and the impact of extraordinary social events such as the covid pandemic which can considerably change how religious freedom is conceptualised and implemented the book will be a key resource for academics researchers and advanced students of religion sociology comparative studies research methods and social sciences the chapters included in this book were originally published as a special issue of religion state and society

The Progress of Religious Freedom as Shown in the History of Toleration Acts 2004 the constitution may guarantee it but religious freedom in america is in fact impossible so argues this timely and iconoclastic work by law and religion scholar winnifred sullivan sullivan uses as the backdrop for the book the trial of warner vs boca raton a recent case concerning the laws that protect the free exercise of religion in america the trial for which the author served as an expert witness concerned regulations banning certain memorials from a multiconfessional nondenominational cemetery in boca raton florida the book portrays the unsuccessful struggle of catholic protestant and jewish families in boca raton to preserve the practice of placing such religious artifacts as crosses and stars of david on the graves of the city owned burial ground sullivan demonstrates how during the course of the proceeding citizens from all walks of life and religious backgrounds were harassed to define just what their religion is she argues that their plight points up a shocking truth religion cannot be coherently defined for the purposes of american law because everyone has different definitions of what religion is indeed while religious freedom as a political idea was arguably once a force for tolerance it has now become a force for intolerance she maintains a clear eyed look at the laws created to protect religious freedom this vigorously argued book offers a new take on a right deemed by many to be necessary for a free democratic society it will have broad appeal not only for religion scholars but also for anyone interested in law and the constitution featuring a new preface by the author the impossibility of religious freedom offers a new take on a right deemed by many to be necessary for a free democratic society

Annual Report of the United States Commission on International Religious Freedom 2004-11-01 the theological grounding provided in this book is an important antidote to the tendency of many to base their arguments on religious freedom and church state issues on political or constitutional grounds dr olsen makes an important contribution to our thinking by making us face the theological bedrock of any christian approach to these topics foreword by george knight i religious freedom the theological foundation ii religious freedom the christological foundation iii the two kingdoms contrasting spheres of existence iv church state relations a european survey v the american development of a free church in a free state vi milestones of religious freedom in the twentieth century epilogue by b b beach religious freedom facing the third millennium appendix i declaration on religious liberty world council of churches amsterdam 1948 appendix ii statement on religious liberty world council of

Facilitating Freedom of Religion or Belief: A Deskbook 2015-07-22 human rights of which the freedom of religion is a central component are promised by most governments on planet earth but promises are promises in real life religious liberty is far from a universal fact this book surveys the countries of africa based on u s state department reports and is augmented by a current bibliography and a useful index

Politics of Religious Freedom 2023-09-12 christians are often thought of as defending only their own religious interests in the public square they are viewed as worrying exclusively about the erosion of their freedom to assemble and to follow their convictions while not seeming as concerned about publicly defending the rights of muslims hindus jews and atheists to do the same andrew t walker an emerging southern baptist public theologian argues for a robust christian ethic of religious liberty that helps the church defend religious freedom for everyone in a pluralistic society whether explicitly religious or not says walker every person is striving to make sense of his or her life the christian foundations of religious freedom provide a framework for how christians can navigate deep religious difference in a secular age as we practice religious liberty for our neighbors we can find civility and commonality amid disagreement further the church s engagement in the public square and become the strongest defenders of religious liberty for all foreword by noted princeton scholar robert p george

Religious Freedom 2018-04-24 religion has become a charged token in a politics of division in disputes about faith based social services public money for religious schools the pledge of allegiance ten commandments monuments the theory of evolution and many other topics angry contestation threatens to displace america s historic commitment to religious freedom part of the problem the authors argue is that constitutional analysis of religious freedom has been hobbled by the idea of a wall of separation between church and state that metaphor has been understood to demand that religion be treated far better than other concerns in some contexts and far worse in others sometimes it seems to insist on both contrary forms of treatment simultaneously missing has been concern for the fair and equal treatment of religion in response the authors offer an understanding of religious freedom called equal liberty equal liberty is guided by two principles first no one within the reach of the constitution ought to be devalued on account of the spiritual foundation of their commitments second all persons should enjoy broad rights of free speech personal autonomy associative freedom and private property together these principles are generous and fair to a wide range of religious beliefs and practices with equal liberty as their guide the authors offer practical moderate and appealing terms for the settlement of many hot button issues that have plunged religious freedom into controversy their book calls americans back to the project of finding fair terms of cooperation for a religiously diverse people and it offers a valuable set of tools for working toward that end

The Impossibility of Religious Freedom 1996 this book examines conceptualizations of religious freedom in various dimensions the collection brings together leading experts from law religious studies social anthropology and international relations who present different perspectives which query define and clarify aspects of this fundamental right divided into four parts the book provides an overview along with concrete applications from europe and north america along with recommendations for the future the work provides welcome clarity at a time when the right itself is facing misunderstanding and erosion the book will be a valuable resource for students academic and policy makers with an interest in law religion and rights

Christian Faith & Religious Freedom 2002 this report the first of its kind yet to be published provides a detailed and impartial account of how the individual s right to hold beliefs is understood protected or denied throughout the world consisting of accessible short edited entries based on drafts commissioned from experts living in the countries surveyed it exposes persecution and discrimination in virtually all world regions the book provides an analysis of united nations standards of freedom of religion and belief covers over fifty countries divided into regions and introduced by a regional overview covers themes including the relationships between belief groups and the state freedom to manifest belief in law and practice religion and schools religious minorities new religious movements the impact of beliefs on the status of

women and the extent to which conscientious objection to military service is recognised by governments draws on examples of accommodation and co operation between different religions and beliefs and identifies the main challenges to be overcome if the diversity of human conviction is to be established

Religious Freedom in Africa 2021-05-04 essays presented in this volume discuss othering a necessary but dangerous practice stages of religious oppression apologists of anti pluralism the campaign against jehovah s witnesses about alleged sexual abuse in belgium discrimination and criminalization of jehovah s witnesses through generalized state disinformation the use of anti terrorism laws to repress minority beliefs from the french debate on separatism to the renewal of anti cultism regulatory restraints on religious freedom in the usa sharing beliefs in nepal

Liberty for All 2001 the subject of religious liberty in the nineteenth century has been defined by a liberal narrative that has prevailed since mill and macaulay to trevelyan and commager to name only a few philosophers and historians who wrote in english underlying this narrative is a noble dream liberty for every person guaranteed by democratic states that promote social progress though not interfering with those broadly defined areas of life including religion that are properly the preserve of free individuals at the end of the twentieth century however it becomes clear that religious liberty requires a more comprehensive subtle and complex definition than the liberal tradition affords one that confronts such questions as gender ethnicity and the distinction between individual and corporate liberty none of the authors in this volume finds the familiar liberal narrative an adequate interpretive context for understanding his particular subject some address the liberal tradition directly and propose modified versions others approach it implicitly all revise it and all revise in ways that echo across the chapters the topics covered are religious liberty in early america nathan o hatch science and religious freedom frank m turner the conflicting ideas of religious freedom in early victorian england j p ellens the arguments over theological innovation in the england of the 1860 s r k webb european jews and the limits of religious freedom david c itzkowitz restrictions and controls on the practice of religion in bismarck s germany ronald j ross the catholic church in nineteenth century europe raymond grew religious liberty in france 1787 1908 c t mcintyre clericalism and anticlericalism in chile 1820 1920 simon collier and religion and imperialism in nineteenth century britain jeffrey cox

Annual Report, International Religious Freedom 2010-04-10 human rights of which the freedom of religion is a central component are promised by most governments on planet earth but promises are promises are promises in real life religious liberty is far from a universal fact this book surveys the countries of asia and is augmented by a current bibliography and useful indexes by subject title and author

Religious Freedom and the Constitution 2021 this encyclopedia examines religious freedom religious rights and church state relations around the world both throughout history and in contemporary society it covers this complex broad and important topic by providing articles in five general topical categories

Law, Religion, and Freedom 2013-03-07 this work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it this work is in the public domain in the united states of america and possibly other nations within the united states you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public we appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Freedom of Religion and Belief: A World Report 1997 what is the place assigned to religion in the constitutions of contemporary states what role is religion expected to perform in the fields that are the object of constitutional regulation is separation of religion and politics a necessary precondition for democracy and the rule of law these questions are addressed in this book through an analysis of the constitutional texts that are in force in different parts of the world constitutions are at the centre of almost all contemporary legal systems and provide the principles and values that inspire the action of the national law makers after a discussion of some topics that are central to the constitutional regulation of religion the book considers a number of national systems covering countries with a variety of religious and cultural

backgrounds the final section of the book is devoted to the discussion of the constitutional regulation of some particularly controversial issues such as religious education the relation between freedom of speech and freedom of religion abortion and freedom of conscience

Limitations of Religious Freedom 2002 from one of the leading historians of christianity comes this sweeping reassessment of religious freedom from the church fathers to john locke in the ancient world christian apologists wrote in defense of their right to practice their faith in the cities of the roman empire they argued that religious faith is an inward disposition of the mind and heart and cannot be coerced by external force laying a foundation on which later generations would build chronicling the history of the struggle for religious freedom from the early christian movement through the seventeenth century robert louis wilken shows that the origins of religious freedom and liberty of conscience are religious not political in origin they took form before the enlightenment through the labors of men and women of faith who believed there could be no justice in society without liberty in the things of god this provocative book drawing on writings from the early church as well as the sixteenth and seventeenth centuries reminds us of how the meditations of the past were fitted to affairs of a later day

Freedom and Religion in the Nineteenth Century 2014-02-14 the late pope john paul ii frequently invoked dignitatis humanae as one of the foundational documents of contemporary church social teaching in this timely new edited collection catholicism and religious freedom contemporary reflections on vatican ii s declaration on religious liberty kenneth l grasso and robert p hunt have assembled an impressive group of scholars to discuss the current meanings of one the vatican s most important documents and its place in catholic social thought the theological issues brought forth in dignitatis humanae go to the heart of the contemporary debate about the nature foundation and scope of religious liberty here the contributors to this volume give these considerations the serious and sustained attention they deserve

Religious Freedom in Asia 2022-10-27 this is the most thorough philosophical analysis available of the principle of religious freedom it draws on the thought of philosophers and political theorists rawls habermas murray rorty greenawalt and mead rather than on the framers of the constitution and the bill of rights

Encyclopedia of Religious Freedom 2013-09-28 religious ideas in liberal democratic states adds new context to the ongoing debate over the scope of religious freedom drawing from a variety of perspectives to discuss the meaning of religion itself within a democratic state this book argues that categorizing religion as a solely private affair is too narrow an interpretation and questions whether ideas like freedom human dignity and equality can be truly actualized in a neutral and secular state contributors explore the impact of religion acknowledged or not on legislation human rights and group rights through legal historical and sociological lenses scholars of constitutional law jurisprudence international law and political science will find this book particularly useful

The Progress of Religious Freedom as Shown in the History of Toleration Acts 2019-04-09 in the battles over religion and politics in america both liberals and conservatives often appeal to history liberals claim that the founders separated church and state but for much of american history david sehat writes protestant christianity was intimately intertwined with the state yet the past was not the christian utopia that conservatives imagine either instead a protestant moral establishment prevailed using government power to punish free thinkers and religious dissidents in the myth of american religious freedom sehat provides an eye opening history of religion in public life overturning our most cherished myths originally the first amendment applied only to the federal government which had limited authority the protestant moral establishment ruled on the state level using moral laws to uphold religious power religious partisans enforced a moral and religious orthodoxy against catholics jews mormons agnostics and others not until 1940 did the u s supreme court extend the first amendment to the states as the supreme court began to dismantle the connections between religion and government sehat argues religious conservatives mobilized to maintain their power and began the culture wars of the last fifty years to trace the rise and fall of this protestant establishment sehat focuses on a series of dissenters abolitionist william lloyd garrison suffragist elizabeth cady stanton socialist eugene v debs and many others shattering myths held by both the left and right david sehat forces us to rethink some of our most deeply held beliefs by showing the bad history used on both sides he denies partisans a safe refuge with the founders
