in 1905

## **Slavery and Methodism**

1965

the description for this book slavery and methodism a chapter in american morality 1780 1845 will be forthcoming

## **Deadly Paradigms**

2014-07-14

michael shafer argues that american policymakers have fundamentally misperceived the political context of revolutionary wars directed against american clients and that because american attempts at counterinsurgency were based on faulty premises these efforts have failed in virtually every instance originally published in 1988 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

## **Fatal Years**

2014-07

fatal years is the first systematic study of child mortality in the united states in the late nineteenth century exploiting newly discovered data from the 1900 census of population samuel preston and michael haines present their findings in a volume that is not only a pioneering work of demography but also an accessible and moving historical narrative despite having a rich well fed and highly literate population the united states had exceptionally high child mortality levels during this period nearly one out of every five children died before the age of five preston and haines challenge accepted opinion to show that losses in privileged social groups were as appalling as those among lower classes improvements came only with better knowledge about infectious diseases and greater public efforts to limit their spread the authors look at a wide range of topics including differences in mortality in urban versus rural areas and the differences in child mortality among various immigration groups fatal years is an extremely important contribution to our understanding of child mortality in the united states at the turn of the century the new data and its analysis force everyone to reconsider previous work and statements about u s mortality in that period the book will quickly become a standard in

the presbyterian pendulum is a study in mainline protestant social ethics with a focus on the presbyterian church usa this book is written for the church with the hope that it will provide theological foundation and spiritual encouragement for our efforts to find unity despite the diversity of convictions and perspectives in our midst this is a historical study of the significant social and political issues to which the church responded throughout the twentieth century with a foundation in solid historical research this book offers the compelling thesis that the presbyterian church is at its best when the wild diversity of worldviews theological perspectives and convictions are encouraged even more the book offers the spiritually rich thesis that it is in this wild diversity not despite of it that the providence of god is seen and known what is unique and compelling about this study is the guiding metaphor of the pendulum swinging the vast difference of opinion in the church around social issues has historically always been true is necessary today and itself points to a deeper truth about god s sustaining providence the church must discern and hold onto that deeper truth we must let the pendulum swing it is my hope that this book will be an encouragement for the church even as we continue to be mired in deep conflict

## **The Presbyterian Pendulum**
