## ***Classical Spirituality in Contemporary America 2012-03-08***

gurdjieff d 1949 remains an important if controversial figure in early 20th century western esoteric thought born in the culturally diverse region of the caucasus gurdjieff traveled in asia africa and elsewhere in search of practical spiritual knowledge though oftentimes allusive references to sufi teachings and characters take a prominent position in gurdjieff s work and writings since his death a discourse on gurdjieff and sufism has developed through the contributions as well as critiques of his students and interlocutors j g bennett began an experimental fourth way school in england in the 1970s which included the introduction of sufi practices and teachings in america this discourse has further expanded through the collaboration and engagement of contemporary sufi teachers this work does not simply demonstrate the influence of gurdjieff and his ideas but approaches the specific discourse on and about gurdjieff and sufism in the context of contemporary religious and spiritual teachings particularly in the united states and highlights some of the adaptive boundary crossing and hybrid features that have led to the continuing influence of sufism

## **The Triangular Connection 2022-06**

first published in 1982 the triangular connection explores the relationship between two countries the usa and israel and jews resident in america spanning from british colonial times until 1949 the year in which israel was admitted to the united nations the book traces the interaction between america s christians and jews with zionism and the modern state of israel it also details the reasons for america s support of israel in the past as well as debating its continued support in the future

## ***Subverting America, Vol. One 1907***

in examining the history of northeastern north america in the seventeenth and eighteen centuries it is important to take into account diverse influences and experiences not only was the relationship between native inhabitants and colonial settlers a defining characteristic of acadia nova scotia and new england in this era but it was also a relationship shaped by wider continental and oceanic connections the essays in this volume deal with topics such as colonial habitation imperial exchange and aboriginal engagement all of which were pervasive phenomena of the time john g reid argues that these were complicated processes that interacted freely with one another shaping the human experience at different times and places northeastern north america was an arena of distinctive complexities in the early modern period and this collection uses it as an example of a manageable and logical basis for historical study reid also explores the significance of anniversary observances and commemorations that have served as vehicles of reflection on the lasting implications of historical developments in the early modern period these
