Rights from Wrongs 2009-04-20

this is a wholly new and compelling answer to one of the most persistent dilemmas in both law and moral philosophy if rights are natural if in the words of the declaration of independence it is self evident that all men are endowed with certain inalienable rights where do these rights come from does natural law really exist outside the formal structure of humanly enacted law on the other hand if rights are nothing more than the product of human law what argument is there for allowing the rights of a few people to outweigh the preferences of the majority in this book renowned legal scholar alan dershowitz offers a fresh resolution to this age old dilemma rights he argues do not come from god nature logic or law alone they arise out of particular experiences with injustice while justice is an elusive concept hard to define and subject to conflicting interpretations injustice is immediate intuitive widely agreed upon and very tangible this is a timely book that will have an immediate impact on our political dialogue from the intersection of religion and law to recent quandaries surrounding the right to privacy voting rights and the right to marry more than that it is a passionate case for the recognition of human rights in a rigorously secular framework rights from wrongs will be the first book to propose a theory of rights that emerges not from some theory of perfect justice but from its opposite from the bottom up from trial and error and from our collective experience of injustice

Rights and Wrongs 1969

wide ranging and ambitious justice combines moral philosophy and christian ethics to develop an important theory of rights and of justice as grounded in rights nicholas wolterstorff discusses what it is to have a right and he locates rights in the respect due the worth of the rights holder after contending that socially conferred rights require the existence of natural rights he argues that no secular account of natural human rights is successful he offers instead a theistic account wolterstorff prefaces his systematic account of justice as grounded in rights with an exploration of the common claim that rights talk is inherently individualistic and possessive he demonstrates that the idea of natural rights originated neither in the enlightenment nor in the individualistic philosophy of the late middle ages but was already employed by the canon lawyers of the twelfth century he traces our intuitions about rights and justice back even further to hebrew and christian scriptures after extensively discussing justice in the old testament and the new he goes on to show why ancient greek and roman philosophy could not serve as a framework for a theory of rights connecting rights and wrongs to god s relationship with humankind justice not only offers a rich and compelling philosophical account of justice but also makes an important contribution to overcoming the present day divide between religious discourse and human rights

Justice 2010-05-02

brings the themes of much contemporary work in political philosophy to bear on concrete questions of social policy the author concludes by arguing that his theory of rights and coercion requires us to adopt a fundamentally retributive theory of punishment

Rights and Wrongs 1986

human rights and wrongs explains the persistence of crimes against humanity since the holocaust including slavery terror and genocide using extended country descriptions and analyses the book goes beyond case studies to explain such gross human rights violations in terms of an integrated theory of life integrity giving readers vivid illustrations in addition to a theoretical framework distinguished author helen fein then asks how we can arrest human wrongs and discusses whether democracy is the answer she shows the positive links among human rights freedom and development and draws out policy recommendations from her findings

Rights and Wrongs 1986-07-01

in this acclaimed book scruton takes the issues relating to vivisection hunting animal testing and bse and places them in a wider framework of thought and feeling now available in paperback

The Rights and Wrongs of Children 1983

where do our rights come from does natural law really exist outside of what is written in constitutions and legal statutes if so why are rights not the same everywhere and in all eras on the other hand if rights are nothing more than the product of human law why should we ever allow them to override the popular will in rights from wrongs renowned legal scholar alan dershowitz puts forward a wholly new and compelling answer to this age old dilemma rights he argues do not come from god nature logic or law alone they arise out of particular human experiences with injustice rights from wrongs is the first book to propose a theory of rights that emerges not from a theory of perfect justice but from its opposite from the bottom up from trial and error and from our collective experience of injustice human rights come from human wrongs dershowitz s underlying theory is one that can be neutrally applied by people residing at all positions within the political spectrum perhaps if his views were understood by more people there would be both a toning down of the political rhetoric tampa tribune

Animal Rights and Wrongs 2006-10-31

human rights complaints attract a great deal of public interest but what is going on below the surface when people contact a human rights lawyer how do they think about and use human rights discourse how are complaints turned into cases can administrative systems be both effective and fair defining rights and wrongs investigates the day to day practices of low level officials and intermediaries as they construct domestic human rights complaints it identifies the values that a human rights system should uphold if it is to promote mutual respect and foster the personal dignity and equal rights of citizens

Rights from Wrongs 2009-04-20

from one of the preeminent legal scholars of modern times and the author of supreme injustice comes a completely original answer to one of the most difficult questions in legal philosophy what is the source of human rights

Defining Rights and Wrongs 2011-11-01

this book brings together teachers psychologists ministers and other qualified men and women who have studied and for some experienced homosexuality over a long period of time it is hoped that this work will generate the kind of understanding necessary to be able to deal compassionately with the people who struggle with homosexuality it is also my aim to equip the members of the church with the confidence to respond intelligently to the false arguments being made for the homosexual lifestyle by gays and their sympathizers

Rights from Wrongs 2004-11-02

during its first two years of publication philosophy public affairs contributed to the public debate on abortion a set of remarkable and brilliant articles which examine the basic philosophical issues posed by this controversial subject whether the fetus is a person whether it has a right to life whether a woman has a right to decide what happens in and to her body whether there is an ethical connection between abortion and infanticide whether there is any point after conception where it is possible to draw the line beyond which killing is impermissible these five essays together here for the first time in a single volume offer radically differing points of view they provide the best sustained discussion of these philosophical

issues available anywhere contents judith jarvis thomson a defense of abortion roger wertheimer understanding the abortion argument michael tooley abortion and infanticide john finnis the rights and wrongs of abortion and judith jarvis thomson rights and deaths

Gay Rights or Wrongs 1995-02-01

in this hugely accessible new book mark doel guides the reader through a proper consideration of these questions by examining the typical ethical dilemmas that challenge social workers on a daily basis inquisitive probing and intellectually stimulating rights and wrongs in social work untangles the complexity of ethics in social work and argues that by constantly questioning our assumptions and the situations we find ourselves in we will eventually come to a better understanding of what is right each chapter of the book is centred on a different real life dilemma that social workers might face on a typical day in practice such as relationship boundaries confidentiality and whistleblowing clear and enormously readable it uses a wealth of creative and engaging features and techniques to support learning and encourage readers to apply theory to practice including a vast array of vibrant case studies and detailed practice examples time boxes to link chapter topics with ethical dilemmas from history the big picture sections to place ethical issues into the wider frame of public policy discussion of the guidance available from official codes standards and principles such as the ifsw iassw s joint statement of ethical principles an invaluable resource for students and practitioners alike rights and wrongs in social work draws on the author s many years of experience in the field to successfully unpack the complex concepts of ethics and values in a clear thought provoking way

Rights and Wrongs of Abortion 2021-07-13

over the last thirty years the field of disability studies has emerged from the political activism of disabled people in this challenging review of the field leading disability academic and activist tom shakespeare argues that the social model theory has reached a dead end drawing on a critical realist perspective shakespeare promotes a pluralist engaged and nuanced approach to disability key topics discussed include dichotomies the dangerous polarizations of medical model versus social model impairment versus disability and disabled people versus non disabled people identity the drawbacks of the disability movement s emphasis on identity politics bioethics in disability choices at the beginning and end of life and in the field of genetic and stem cell therapies care and social relationships questions of intimacy and friendship this stimulating and accessible book challenges orthodoxies in british disability studies promoting a new conceptualization of disability and fresh research agenda it is an invaluable resource for researchers and students in disability studies and sociology as well as professionals policy makers and activists

Rights and Wrongs in Social Work 2017-09-16

a revised and improved edition of a book in continuing demand do animals have rights if not do we have duties towards them if so what duties these are myriad other issues are discussed in this brilliantly argued book published in association with the leading think tank demos why are animal rights groups so keen to protect the rights of badgers and foxes but not of rats mice or even humans how can we bridge the growing gap between rural producers and urban consumers why is raising animals for fur more heinous than raising them for their meat are we as human beings driving other species either to extinction or to a state of dependency this paperback edition is fully updated with new chapters on the livestock crisis fishing and bse and a layman s guide introduction to philosophical concepts the book presents a radical response to the defenders of animal rights and a challenge to those who think that because they are kind to their pets they are therefore good news for animals

author beth bauer has written an indispensable guide to finding the best possible relationship why settle for satisfactory when spectacular could describe your partnership learn how to improve a current relationship or become better equipped to make great choices in your next relationship whatever your status you will find hundreds of ideas tips and secrets within these pages

Rights and Wrongs of Women 1986

are natural rights nonsense on stilts as jeremy bentham memorably put it must the very notion of a right be individualistic subverting the common good should the right against torture be absolute even though

the heavens fall are human rights universal or merely expressions of western neo imperial arrogance are rights ethically fundamental proudly impervious to changing circumstances should judges strive to extend the reach of rights from civil hamburg to anarchical basra should judicial oligarchies rather than legislatures decide controversial ethical issues by inventing novel rights ought human rights advocates learn greater sympathy for the dilemmas facing those burdened with government these are the questions that what s wrong with rights addresses in doing so it draws upon resources in intellectual history legal philosophy moral philosophy moral theology human rights literature and the judgments of courts it ranges from debates about property in medieval christendom through confucian rights scepticism to contemporary discussions about the remedy for global hunger and the justification of killing and it straddles assisted dying in canada the military occupation of iraq and genocide in rwanda what s wrong with rights concludes that much contemporary rights talk obscures the importance of fostering civic virtue corrodes military effectiveness subverts the democratic legitimacy of law proliferates publicly onerous rights and undermines their authority and credibility the solution to these problems lies in the abandonment of rights fundamentalism and the recovery of a richer public discourse about ethics one that includes talk about the duty and virtue of rights holders

The Rights and Wrongs of Women 1977

this is a new release of the original 1935 edition

The rights and wrongs of disestablishment and disendowment, by a priest in the diocese of Bangor 1868

assumptions about the harmful nature of polygamy have left little room for debate with monogamy coming to represent a hallmark of advanced societies and polygamy the immoral alternative yet in this volume eleven scholars ask whether this condemnation is justified by examining among other perspectives the lived experiences of polygamous families in essays that fearlessly face difficult questions of choice dignity and love the authors seek to complicate a conversation that is more often simplified thoughtful and persuasive polygamy s rights and wrongs is both a close consideration of polygamy and a challenging reflection on the ways in which we value family and intimacy

Disability Rights and Wrongs 2006-12-05

in this wide ranging investigation of many prominent issues in contemporary legal and political philosophy eight distinguished philosophers and legal theorists including matthew kramer hillel steiner antony duff sandra marshall wilfrid waluchow and nicholas bamforth tackle issues such as the rights of animals and foetuses the relationship between law and politics the requirements of justice the demands of practical rationality the role of public policy considerations in legal reasoning the fundamental characteristics of legal and moral entitlements the appropriateness of compensation as a means of rectifying mishaps and misdeeds the extent of individuals responsibility for the consequences of their choices and the culpability of failed attempts to commit crimes together the eight principal essays in rights wrongs and responsibilities shed philosophical light on public law criminal law and most areas of private law as they explore the bearings of the three key concepts in the volume s title

Animal Rights and Wrongs 1998

The Rights and Wrongs of Helpless Stockholders and of a Helpless Corporation 2017-08-22

civil wrongs occupy a significant place in private law they are particularly prominent in tort law but equally have a place in contract law property and intellectual property law unjust enrichment fiduciary law and in equity more broadly for example some tort theorists maintain that tort law is best understood as a or perhaps the law of civil wrongs and some contract law theorists maintain that breach of contract is a civil wrong civil wrongs are also a preoccupation of leading general theories of private law including corrective justice and civil recourse theories according to these and other theories the centrality of civil wrongs to civil liability shows that private law is fundamentally concerned with the expression and enforcement of norms of justice appropriate to interpersonal interaction and association others sounding notes of caution or criticism argue that a preoccupation with wrongs and remedies has meant neglect of other ways in which private law serves justice and ways in which private law serves values other than justice the present volume comprises original papers written by a wide variety of legal theorists and philosophers exploring the nature of civil wrongs their place in private law and their relationship to other forms of wrongdoing it should be of broad interest to lawyers and legal theorists as well as moral and political theorists

Rights and Wrongs of Woman 1874

excerpt from labor its rights and wrongs the labor movement has a great history it is the history of all mankind to raise themselves into freedom when the ballot was obtained the greatest step was taken now that secured the rest can be obtained by peaceful methods no more rioting but a grand movement forward toward wise legislation and the elevation of the toiling masses the movement is recognized and already the leaders in thought have given expression to their opinions about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Rights and Wrongs of Woman 2019-02-08

excerpt from the rights and wrongs of helpless stockholders and of a helpless corporation the judicial current for many years set very strong in favor of recognizing in directors of corporations a power the court would not disturb the inclination has been to leave them in the hands of the stock holders and to give the stockholders no other remedy for any wrong than such as they could derive from a change of their agents but cases came before the courts in which complaining stockholders had no voice in the choice of directors it was impossible for them to change their agents the question then arose whether there were wrongs incapable of remedy and the judicial current changed about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Rights and Wrongs 1969

rights wrongs and injustices is the first comprehensive account of the scope foundations and structure of remedial law in common law jurisdictions the rules governing the kinds of complaints that common law courts will accept are generally well understood however the rules governing when and how they respond to such complaints are not this book provides that understanding it argues that remedies are judicial rulings and that remedial law is the law governing their availability and content focusing on rulings that resolve private law disputes for example damages injunctions and restitutionary orders this book explains why remedial law is distinctive how it relates to substantive law and what its foundational principles are the book advances four main arguments first the question of what courts should do when individuals seek their assistance the focus of remedial law is different from the question of how individuals should treat one another in their day to day lives the focus of substantive law second remedies provide distinctive reasons to perform the actions they command in particular they provide

reasons different from those provided by either rules or sanctions third remedial law has a complex relationship to substantive law some remedies are responses to rights threats others to wrongs and yet others to injustices further remedies respond to these events in different ways while many remedies merely replicate substantive duties others modify substantive duties and some create entirely new duties finally remedial law is underpinned by general principles principles that cut across the traditional distinctions between so called legal and equitable remedies together these arguments provide an understanding of remedial law that takes the concept of a remedy seriously classifies remedies according to their grounds and content illuminates the relationship between remedies and substantive law and presents remedial law as a body of principles rather than a historical category
