2001

ms danie victor has been practicing law in the state of florida since 1991

## ***The Science of Law and Lawmaking***

2023-07-18

excerpt from a treatise on the law of choses in action together with an appendix of forms and statutes in the initial tentative steps which were taken towards a fusion of law and equity one of the earliest subjects dealt with was that of choses in action and amid all the efforts which have been made none has been more successful the doctrines of equity and common law have been assimilated in the highest degree where before the divergence was very wide and we now have choses in action as freely assignable at law as they are in equity the result of this assimilation is that a greater activity is displayed in the assignment of debts etc since a debt is generally speaking as easily recoverable in the hands of an assignee as if it remained in the hands of the original owner as an evidence of the increase of transactions in assignments of choses in action it may be mentioned that during the last four years more cases have appeared in our reports under this head than appeared before that time this important subject however has remained without a commentator as no work has anywhere appeared treating of it to supply the want of such a work i have undertaken this manual in so doing i look with confidence for the generous criticism of the profession besides being a subject on which no other work than this has appeared it is one of some difficulty the law upon this subject is brought to such an exquisite degree of refinement that it is by no means easy to understand it is what was said by lord justice brett in *field v mesmer* l
