a full new edition of the latin papyri from dura europos which provide a wealth of material for several branches of classical scholarship they are a priceless source for palaeographers investigating the history of latin writing inasmuch as they represent a real archive containing documents produced by scribes who were presumably competent in both latin and greek historians of the roman empire and roman army are offered a glance inside the everyday life of a roman camp built within a hellenized town of semitic origin with a flourishing jewish community the papyri also provide glimpses into spoken latin and substandard

texts survive alongside written samples of eight other languages greek
palmyrenean hatrean syriac parthian and pehlevi hebrew and safaitic the
editions are accompanied by translations and notes while the volume also
includes a substantial introduction appendix and thorough commentary on
the feriale duranum

cd marked by growing freedom and equality today s families
are also dogged by brokenness and loss of faith and while the theology of
marriage has developed remarkably under the impetus of the second
vatican council and pope john paul ii the theology of the family remains in
its infancy only beginning to meet the challenges of contemporary society
in divine likeness marc cardinal ouellet points the way to a much needed
theology of the family grounded in the doctrine of the trinity cardinal
ouellet understands family life to be a sacrament of trinitarian communion
a crucial source for revealing and inspiring a new

multi agent systems an introduction to distributed artificial intelligence

presence in the faith community this book will help theologians pastors and believers to develop fruitfully the legacy of pope john paul ii carrying forward the quest to let the trinity and the family illuminate each other for the good of today s world reproduction of the original the letters of cassiodorus by cassiodorus presenting a new and revealing overview of the ruling classes of the roman empire this volume explores aspects of the relations between the official state structures of rome and local provincial elites the central objective of the volume is to present as complex a picture as possible of the provincial leaderships and their many and varied responses to the official state structures the perspectives from which issues are approached by the contributors are as multiple as the realities of the roman world from historical and epigraphic studies to research of philological and linguistic interpretations and from architectural analyses to direct interpretations of the material culture while some local potentates took pride in their relationship with rome and their use of latin exhibiting their allegiances publicly as well as privately others preferred to keep this display solely for public manifestation these complex and complementary pieces of research provide an in depth image of the power mechanisms within the roman state the chronological span of the volume is from rome s republican conquest of greece to the changing world of the fourth and fifth centuries ad when a new ecclesiastical elite began to emerge first published in 1912 this book contains the original greek text of 55 papyri fragments from significant collections
