this study focuses on the cultural historical environment of the 88 900 acre 35 560 ha valles caldera national preserve vcnp over the past four centuries of spanish mexican and u s governance it includes a review and synthesis of available published and unpublished historical ethnohistorical and ethnographic literature about the human occupation of the area now contained within the vcnp documents include historical maps texts letters diaries business records photographs land and mineral patents and court testimony this study presents a cultural historical framework of vcnp land use that will be useful to land managers and researchers in assessing the historical ecology of the property it provides vcnp administrators and agents the cultural historical background needed to develop management plans that acknowledge traditional associations with the preserve and offers managers additional background for structuring and acting on consultations with affiliated communities

Rio Grande Wild and Scenic River, General Management Plan 2003

rising up to 13 623 feet above the plains the twin spanish peaks in southern colorado have been a beacon to travelers for centuries native americans from the comanche and ute tribes pitched their teepees in the lush river valleys around the mountains spanish explorers from mexico followed legends of gold here migrants on the santa fe trail sighted the peaks at the end of their long trek across the great plains coal mining and railroads

brought a new wave of settlers to the region in the 1870s today visitors head to walsenburg la veta and cuchara to enjoy the incredible mountain scenery and year round recreational activities

Rio Grande Inclusion in Wild and Scenic River(s) (WSR) System 1976
