relevant explores bizarre sights and stories found in illinois considered a microcosm of the nation the state of illinois stretches almost four hundred miles from its northern limit at the wisconsin line to its southern tip at cairo nestled between kentucky and missouri its political culture is as intriguing as the state is long illinois has produced presidents and leading members of congress it also has a long history of political corruption including in recent years the federal indictments of two consecutive governors the population of the state is exceptionally diverse with a significant number of new immigrants its political allegiance once firmly republican has trended ever more democratic illinois can be divided neatly into three distinct regions chicago the suburban collar surrounding the city and the ninety five downstate counties based on the research and experience of respected veterans of illinois politics this book shows how the government runs how politics operates and what obstacles and opportunities exist for change it explains how power is exercised and how parties compete for it for engaged citizens scholars and students illinois politics a citizen s guide is a timely and much needed roadmap for positive change discovering illinois through twenty of the state s most important places a one of a kind travel guide exploring the land of lincoln invites road trippers and history buffs to explore the prairie state s most extraordinary historic sites charles titus blends storytelling with in depth research to highlight twenty must see destinations selected for human drama historical and cultural relevance and their far reaching impact on the state and nation maps illustrations and mileage tables encourage readers to create personal journeys of exploration to and beyond places like cahokia the lincoln sites nauvoo and chicago s south side community art center detailed and user friendly exploring the land of lincoln is the only handbook you need for the sights and stories behind the names on the map of illinois loaded with full color photographs and evocative descriptions exploring nature in illinois provides a panorama of the state s overlooked natural diversity naturalists michael jeffords and susan post explore fifty preserves forests restoration areas and parks bringing an expert view to wildlife and landscapes and looking beyond the obvious to uncover the unexpected beauty of illinois s wild places from the colorful variety of birds at war bluff valley audubon sanctuary to the exposed bedrock and cliff faces of apple river canyon exploring nature in illinois will inspire readers to explore wonders hidden from urban sprawl and cultivated farmland maps and descriptions help travelers access even hard to find sites while a wealth of detail and photography offers nature lovers insights into the flora fauna and other aspects of vibrant settings and ecosystems the authors also include diary entries describing their own impressions of and engagement with the sites a unique and much needed reference exploring nature in illinois will entertain and enlighten hikers cyclers students and scouts morning walkers weekend drivers and anyone else seeking to get back to nature in the prairie state this work has been selected by scholars as being culturally important and is part of the knowledge base of
