

Download free Egypt greece and rome civilizations of the ancient mediterranean [PDF]

beginning in the eighth century b c ancient rome grew from a small town on central italy s tiber river into an empire that at its peak encompassed most of continental europe britain much of ancient rome the state centered on the city of rome from 753 bc through its final eclipse in the 5th century ad in the course of centuries rome grew from a small town on the tiber river in central italy into a vast empire that ultimately embraced england most of continental europe and parts of asia and africa greek culture and civilization which came to rome via greek colonies to the south provided the early romans with a model on which to build their own culture from the greeks they borrowed literacy and religion as well as the fundamentals of architecture roman empire the ancient empire centered on the city of rome that was established in 27 bce following the demise of the roman republic and continuing to the final eclipse of the empire in the west in the 5th century ce learn more about the roman empire in this article rome became very greek influenced or hellenized and the city was filled with greek architecture literature statues wall paintings mosaics pottery and glass but with greek culture came greek gold and generals and senators fought over this new wealth the culture of ancient rome existed throughout the almost 1 200 year history of the civilization of ancient rome the term refers to the culture of the roman republic later the roman empire which at its peak covered an area from present day lowland scotland and morocco to the euphrates the ancient romans built one of the greatest empires in world history however whereas the roman empire lasted from about 30 bce to 476 ce ancient roman civilization emerged long before in the centuries after 800 bce this article deals primarily with roman life and culture the legacy of the ancient romans from both the time of the roman republic 509 27 bce and the time of the roman empire 27 bce 476 ce exerted a significant influence on succeeding cultures and is still felt around the world in the present day ancient rome culture and religion expansion brought rome into contact with many diverse cultures the most important of these was the greek culture in the eastern mediterranean with its highly refined literature and learning the roman empire at its height c 117 was the most extensive political and social structure in western civilization building upon the foundation laid by the roman republic the empire became the largest and most powerful political and military entity in the world up to its time and expanded steadily until its fall in the west in 476 while the societies of ancient greece and rome had some similarities the differences between greece athens and rome are important to recognize these ancient people were living in the center of a vast empire that spanned across europe northern africa and parts of the middle east lasting over a thousand years the ancient roman a people known for their military political and social institutions the ancient romans conquered vast amounts of land in europe and northern africa built roads and aqueducts and spread latin their language far and wide ancient rome had a large influence on the modern world though it has been thousands of years since the roman empire flourished we can still see evidence of it in our art architecture technology literature language and law ancient rome unification civilization empire in the overall context of western history the degree to which the mediterranean world during the period of the empire became one single system one civilization is a matter of the greatest importance from the time of the first emperor augustus in the first century bce to the barbarian invasions of the fourth century ce the roman empire lasted more than four hundred years its legacy to later western civilization and therefore to the modern world was immense culturally the romans were heirs of the greeks the history of rome includes the history of the city of rome as well as the civilisation of ancient rome roman history has been influential on the modern world especially in the history of the catholic church and roman law has influenced many modern legal systems romans and greeks were ancient civilizations that greatly influenced western culture with the greeks being known for their contributions to philosophy arts and sciences the roman empire which succeeded the greek civilization is known for its military might legal system and architectural innovations like the roman arch this period lays the foundation for much of civilization as we know it today the classical greeks lay the cultural foundation for western civilization the achaemenid persians under cyrus unify much of the middle east and egypt alexander the great unifies greece with persia later the roman empire dominates the mediterranean and europe history of europe greeks romans barbarians the main treatment of classical greek and roman history is given in the articles aegean civilizations ancient greek civilization hellenistic age ancient italic people and ancient rome
