robinair 34788ni and 34788ni h machines recover recycle evacuate leak test and recharge r 134a with improved 98.5 efficiency unmatched by any competitor economy r 134a recover recycle recharge machine the 34288ni combines simple operation with superior accuracy it recovers recycles evacuates and recharges r 134a mobile a/c systems quickly and accurately the cool tech 34288 combines simple operation with superior accuracy it recovers recycles evacuates and recharges r 134a quickly and accurately meets sae j 2788 standards for accuracy 95 refrigerant recovery and charging to 1.2 oz the robinair 34998 connected r 134a acs machine recovers recycles evacuates leak tests and recharges r 134a with improved 98.5 efficiency unmatched by any competitor the new design features a large 10.5 capacitive touch lcd display and automated features including automatic internal refrigerant refill oil drain and inject and uv dye the cool tech 34788 combines simple operation with superior accuracy it recovers recycles evacuates leak tests and recharges r 134a quickly and accurately fully automatic function lets you recover vacuum leak test charge and then walk away the robinair 34998 connected r 134a acs machine recovers recycles evacuates leak tests and recharges r 134a with improved 98.5 efficiency unmatched by any competitor robinair 34988ni premium cooltech r 134a ac recover recycle recharge machine product features benefits warning california s proposition 65 fully automatic recovery vacuum leak test and recharge no monitoring required patented automatic refrigerant refill prevents machine from emptying supply tank robinair no 34788 is used on r 134a vehicles and is designed to be compatible with existing service equipment and standard service procedures model no 34788 is a ul listed single pass system that meets sae specifications for recycled refrigerant follow the sae j2211 recommended service procedure for the containment of r 134a the cool tech 34788 combines simple operation with superior accuracy it recovers recycles evacuates leak tests and recharges r 134a quickly and accurately fully automatic function lets you recover vacuum leak test charge and then walk away r 1234yf getting started with robinair flyer v2 r 1234yf vs r 134a robinair machine comparison 2001 541 new connected a/c machine information and accessories the cool tech 34788 recovers recycles evacuates leak tests and recharges r 134a quickly and accurately automatic operation means less attention is needed features include fully automatic function vacuum leak test automatic refrigerant refill automatic air purge automatic oil drain refrigerant charging refrigerant management system cooltech coolant exchanger our 10 minute exchange process means no more waiting for the engine to warm up our engine off feature removes pulleys belts and fan blades from the safety equation combines simple operation with superior accuracy the cool tech 34288 recovers recycles evacuates leak tests and recharges r 134a quickly and accurately semi automatic operation means less attention is needed robinair 34288 the 34288ni combines simple operation with superior accuracy it recovers recycles evacuates and recharges r 134a mobile a/c systems quickly and accurately the largest touchscreens on the most trusted a/c machines in north america connected r 1234yf machine connected r 134a machine compare a/c machines 34700z r 134a recovery recycling recharging unit combines simple operation with superior accuracy built in the new series 34800 2k 34801 2k refrigerants r 12 and r 134a warning pressurized tank contains liquid refrigerant overfilling of the tank may cause violent explosion and possible injury or death refer to the instruction manual for tank specifications and ordering information cooltech vacuum pump 115v 220v 250v power and capacity for a wide range of service applications high cfm rating for fast thorough evacuation free air displacement 93 liters minute factory micron rating 20 microns technical support phone 800 533 6127 fax 866 259 1241 email techsupport@robinair.com getting back to your question hfc 134a is basically duster gas the biggest difference community correct me if i m wrong is that hfc 134a is at 80psi and duster is around 60psi green gas is obviously a bit higher i personally can t figure out what it s so expensive but then again why is green gas so expensive but propane is so cheap

premier r 134a refrigerant recovery recycling robinair

May 13 2024

robinair 34788ni and 34788ni h machines recover recycle evacuate leak test and recharge r 134a with improved 98.5 efficiency unmatched by any competitor

economy r 134a recover recycle recharge machine robinair

Apr 12 2024

economy r 134a recover recycle recharge machine the 34288ni combines simple operation with superior accuracy it recovers recycles evacuates and recharges r 134a mobile a/c systems quickly and accurately

cool tech 34288 a/c recover recycle recharge machine robinair

Mar 11 2024

the cool tech 34288 combines simple operation with superior accuracy it recovers recycles evacuates and recharges r 134a quickly and accurately meets sae j 2788 standards for accuracy 95 refrigerant recovery and charging to 1.2 oz

connected r 134a acs machine robinair

Feb 10 2024

the robinair 34998 connected r 134a acs machine recovers recycles evacuates leak tests and recharges r 134a with improved 98.5 efficiency unmatched by any competitor the new design features a large 10.5" capacitive touch lcd display and automated features including automatic internal refrigerant refill oil drain and inject and uv dye

cool tech 34788 a/c recover recycle recharge machine robinair

Jan 09 2024

the cool tech 34788 combines simple operation with superior accuracy it recovers recycles evacuates leak tests and recharges r 134a quickly and accurately fully automatic function lets you recover vacuum leak test charge and then walk away

robinair wifi r 134a recover recycle recharge machine

Dec 08 2023

the robinair 34998 connected r 134a acs machine recovers recycles evacuates leak tests and recharges r 134a with improved 98.5 efficiency unmatched by any competitor

robinair 34988ni premium cooltech r 134a ac recover

Nov 07 2023

robinair 34988ni premium cooltech r 134a ac recover recycle recharge machine product features benefits warning california's proposition 65 fully automatic recovery vacuum leak test and recharge no monitoring required patented automatic refrigerant refill prevents machine from emptying supply tank

operating manual for model 34788 robinair

Oct 06 2023

robinair no 34788 is used on r 134a vehicles and is designed to be compatible with existing service equipment and standard service procedures model no 34788 is a ul listed single pass system that meets sae specifications for recycled refrigerant follow the sae j2211 recommended service procedure for the containment of r 134a

robinair cooltech 34788 r 134a a c recover recycle recharge

Sep 05 2023

the cool tech 34788 combines simple operation with superior accuracy it recovers recycles evacuates leak tests and recharges r 134a quickly and accurately fully automatic function lets you recover vacuum leak test charge and then walk away

literature manuals robinair

Aug 04 2023

r 1234yf getting started with robinair flyer v2 r 1234yf vs r 134a robinair machine comparison 2001 541 new connected a c machine information and accessories

robinair 34788 r 134a recovery recycling unit parts

Jul 03 2023

the cool tech 34788 recovers recycles evacuates leak tests and recharges r 134a quickly and accurately automatic operation means less attention is needed features include fully automatic function vacuum leak test automatic refrigerant refill automatic air purge automatic oil drain refrigerant charging refrigerant management system

cooltech coolant exchanger robinair

Jun 02 2023

cooltech coolant exchanger our 10 minute exchange process means no more waiting for the engine to warm up our engine off feature removes pulleys belts and fan blades from the safety equation

robinair 34288 r 134a recovery recycling unit parts

May 01 2023

combines simple operation with superior accuracy the cool tech 34288 recovers recycles evacuates leak tests and recharges r 134a quickly and accurately semi automatic operation means less attention is needed

robinair 34288ni new economy r 134a recover recycle

Mar 31 2023

robinair 34288 the 34288ni combines simple operation with superior accuracy it recovers recycles evacuates and recharges r 134a mobile a c systems quickly and accurately

stay connected with a touch robinair

Feb 27 2023

the largest touchscreens on the most trusted a c machines in north america connected r 1234yf machine connected r 134a machine compare a c machines

34700z robinair r134a remanufactured recovery recycling

Jan 29 2023

34700z r 134a recovery recycling recharging unit combines simple operation with superior accuracy built in the new

operating manual equipementdld com

Dec 28 2022

series 34800 2k 34801 2k refrigerants r 12 and r 134a warning pressurized tank contains liquid refrigerant overfilling of the tank may cause violent explosion and possible injury or death refer to the instruction manual for tank specifications and ordering information

cooltech vacuum pump 115v 220v 250v robinair

Nov 26 2022

cooltech vacuum pump 115v 220v 250v power and capacity for a wide range of service applications high cfm rating for fast thorough evacuation free air displacement 93 liters minute factory micron rating 20 microns
