hundred episodes ten feature films and an animated series fandom's thirst for more star trek stories has been unquenchable from the earliest short story adaptations by james blish in the 1960s followed by the first original star trek novels during the seventies and on throughout the eighties nineties and into the twenty first century fiction has offered an unparalleled expansion of the rich star trek tapestry but what is it that makes these books such a powerfully attractive creative outlet to some and a compelling way to experience the star trek mythos anew to others voyages of imagination takes a look back on the first forty years of professionally published star trek fiction revealing the personalities and sensibilities of many of the novels imaginative contributors and offering an unprecedented glimpse into the creative processes the growing pains the risks the innovations the missteps and the great strides taken in the books author jeff ayers has immersed himself in nearly six hundred books and interviewed more than three hundred authors and editors in order to compile this definitive guide to the history and evolution of an incomparable publishing phenomenon fully illustrated with the covers of every book included herein voyages of imagination is indexed by title and author features a comprehensive timeline and is a must have for every fan this book presents a concise account of our current approach to the climate crisis and provides a clear view of the current situation and the history of the protocols and promises that have failed it offers substantial international solutions exploring the urgent need for an international ethical and progressive alliance that has authority beyond economic self interests and arguing in favour of shifting our focus to reducing the manufacture of greenhouse gases rather than concentrating on the reduction of carbon emissions the book goes on to explore why solutions can only emerge by changing the very international structure of governance a structure that is now conditioned by out dated modes created before the collective understanding of the earth as one whole it proposes that these solutions can only happen if they are based on an international unity emerging from our collective expertise ethics and intelligence among humanity today these essays by respected scholars examine representative operatic productions from diverse national schools and periods together forming a comprehensive history of the staging techniques of opera over the centuries the third novel in isaac asimov's classic science fiction masterpiece the foundation series the epic saga that inspired the apple tv series foundation the foundation lies in ruins destroyed by a mutant mind bent on humanity's annihilation but it's rumored that there's a second foundation hidden somewhere at the end of the galaxy established as insurance to preserve the knowledge of mankind now a desperate race has begun between the survivors of the first foundation and an alien entity to find this last flicker of humanity's shining past and future hope yet the key to it all might be a fourteen year old girl burdened with a terrible secret is she the foundation's savior or its deadliest enemy unforgettable thought provoking and riveting second foundation is a stunning novel of adventure and ideas writ huge across the galaxy a powerful tale of humankind's struggle to preserve the fragile light of wisdom against the threat of its own dark barbarism the first novel in isaac asimov's classic science fiction komen daarbij aan de orde het voorliggende werk is monumentaal niet enkel in omvang maar vooral naar inhoud mij is geen andere wetenschappelijke bijdrage bekend die op een zodanig alomvattende wijze het rivierenrecht situeert en analyseert en er eveneens in slaagt om het op een bevattende wijze te duiden dr marc de decker etaleert op een meesterlijke manier zijn uitgebreide historische en juridische kennis van het europese rivierenrecht en voert de lezer mee op een intrigerende tocht naar de schepping van een juridisch systeem waarmee bijna iedereen wordt geconfronteerd maar wat weinigen werkelijk kunnen bevatten de verschillende grote ontwikkelingen die stapsgewijs tot stand zijn gekomen van de franse revolutie over het congres van wenen het verdrag van parijs van 1856 naar de grote verkeersconferenties in de 20ste eeuw worden met meer dan een vaardige hand beschreven en geanalyseerd bijzonder boeiend is het plaatsen van het europese rivierenrecht binnen het grotere kader van het internationaal publiek recht fundamentele aspecten zoals de vrijheid van scheepvaart en de institutionalisering van het rivierenrecht worden grondig behandeld en geven zonder meer een grote meerwaarde aan dit boek het toetsen van de materie tegenover het recht van de europese unie en tegenover andere dan scheepvaartgebruiken van de waterwegen vervolledigt de aanpak van de auteur
