Scalar Verb Classes : Scolarity, Thematic Roles, and Arguments in the Estonian Aspectual Lexicon 2011 this monograph discusses scalar verb classes it tests theories of linguistic form and meaning arguments and thematic roles using estonian data the analyses help to understand the aspectual structure of estonian in estonian transitive verbs fall into aspectual classes based on the type of case marking of objects and adjuncts the book relates the morphosyntactic frames of verbs to properties typically associated with adjectives and nouns scolarity and boundedness verbs are divided according to how their aspect is composed some verbs lexicalize a scale which can be bounded either lexically or compositionally aspectual composition involves the unification of features compositionally derived structures differ according to which of the aspectually relevant dimensions are bounded

Verb-second as a reconstruction phenomenon 2021-10-25 this investigation of v2 movement addresses the question which role the lexical content of the moved element plays during sentence processing it draws on original theoretical arguments empirical data and results from psycholinguistic experiments the main finding is that the lexical content of the v2 verb is interpreted only at the end of the clause i e at the base position of the finite verb

Semantics - Noun Phrases and Verb Phrases 2019-02-19 gain a deeper understanding of essential research on the semantics of noun phrases and verb phrases clear explanations of significant recent research bring complex issues to life with expert guidance on topics of debate within the field the book gives readers valuable insights into topics such as definiteness specificity genericity aspect aktionsart and mood it also discusses directions for future research written by a world class team of authors these highly cited articles are here in paperback for the first time since their original publication an essential reference for researchers in the area

Motion, Voice, and Mood in the Semitic Verb 2022-11-18 this book explores the relationship between the so called ventive morpheme in akkadian am and the related suffixes n and a in other semitic languages including amarna canaanite ugaritic hebrew and arabic using formal reconstructions of the various morphemes and a functional analysis of their different usages ambjörn sjörs convincingly argues that these endings are cognate morphemes that were formally and functionally related to the ventive morpheme in akkadian sjörs provides a systematic description of non allative ventive verbs in old babylonian the energetic and volitive in amarna canaanite the energetic and lengthened prefix conjugation in ugaritic the lengthened imperfect consecutive in biblical hebrew and the subjunctive and energetic in classical arabic sjörs explains how these verb forms were used within the framework of grammaticalization theory and demonstrates how the suffixes are historically related clearly and persuasively argued motion voice and mood in the semitic verb sheds valuable light on the akkadian ventive and its relationship to the other related morphemes it will be welcomed by linguists specializing in akkadian amarna canaanite ugaritic hebrew and arabic

ENGLISH IRREGULAR VERBS 2022-08-08 english irregular verbs is a book that discusses 300 english irregular verbs and their forms in plain language it is both a guide and a dictionary of english irregular verbs it is supported by numerous examples illustrating the correct use of irregular verbs in context it is aimed at english learners of all levels who want to consolidate or expand their knowledge of english irregular verbs the book is also suitable for use by english language teachers as an additional resource to support or complement english teaching on the specific subject matter it contains master 300 english irregular verbs and their past simple and past participle forms british and american irregular verb forms an abundance of sentences illustrating the correct use of verbs in context tests to check and consolidate knowledge acquired the ideal book for self study at every level

Verb Movement and Expletive Subjects in the Germanic Languages 1995 this book is the study of two different kinds of variation across the germanic languages one involves the position of the finite verb and the other the possible positions of the logical subject in constructions with expletive or dummy subjects the book applies the theory of principles and parameters to the study of comparative syntax several languages are considered including less frequently discussed ones like danish faroese icelandic and yiddish

English Verb Classes and Alternations 1993-09 in this rich reference work beth levin classifies over 3 000 english verbs according to shared meaning and behavior levin starts with the hypothesis that a verb s meaning influences its syntactic behavior and develops it into a powerful tool for studying the english verb lexicon she shows how identifying verbs with similar syntactic behavior provides an effective means of distinguishing semantically coherent verb classes and isolates these classes by examining verb behavior with respect to a wide range of syntactic alternations that reflect verb meaning the first part of the book sets out alternate ways in which verbs can express their arguments the second presents classes of verbs that share a kernel of meaning and explores in detail the behavior of each class drawing on the alternations in the first part levin s discussion of each class and alternation includes lists of relevant verbs illustrative examples comments on noteworthy properties and bibliographic references the result is an original systematic picture of the organization of the verb inventory easy to use english verb classes and alternations sets the stage for further explorations of the interface between lexical semantics and syntax it will prove indispensable for theoretical and computational linguists psycholinguists cognitive scientists lexicographers and teachers of english as a second language

Light Verb Constructions as Complex Verbs 2023-10-23 the notion of light verb constructions has been traditionally related to the insignificance of the verb which is described as a grammatical item only codifying TAM system and ϕ features whereas the whole predicative content is thought to be conveyed by the noun this book deals with the light verb constructions as instances of complex verbs intended as multi predicational but monoclausal structures this allows to deepen the actual verb lightness the effective noun predicativity as well as their effect on the cohesion of the construction the papers in this volume reflect on the concrete contribution of noun and verb to the event and argument structure and on the relevance of semantically different noun classes for the verb selection from different theoretical approaches data of a great variety of languages are investigated such as Indo-European languages both modern Germanic Slavic Romance and Iranian languages and ancient Latin and ancient Greek but also Mandarin Chinese and different polysynthetic languages e.g. Ket Nivkh Murrinh Patha Kiowa Bininj Gun Wok Ainu the range of topics languages and perspectives presented in this book make it of great interest to both theoretical and applied linguists

A Grammar and Dictionary of Gayogóhó:nqʔ (Cayuga) 2024-01-19 this work describes the grammar of Gayogo hó nqʔ Gayogo hó nqʔnéha ʔ Cayuga an Ojibwe language spoken at Six Nations Ontario Canada topics include Gayogo hó nqʔnéha ʔ morphology word formation pronominal prefix selection meaning and pronunciation syntax fixed word order and discourse the effects of free word order and noun incorporation and the use of particles Gayogo hó nqʔnéha ʔ morphophonology and sentence level phonology are also described where relevant in the grammar finally the work includes noun verb and particle dictionaries organized according to the categories outlined in the grammatical description as well as lists of cultural terms and phrases

Diachrony of Verb Morphology 2015-07-24 this book deals with shared verb morphology in Japanese and other languages that have been identified as Trans Eurasian traditionally Altaic in previous research it analyzes shared etymologies and reconstructed grammaticalizations with the goal to provide evidence for the genealogical relatedness of these languages

Verb Raising and Theta-Driven Movement 2017-12-04 under the framework of the minimalist program this book attempts to clarify that greedy movement in Japanese fulfills locality and is driven by checking theta roles as well as case categorial features and so on as formal features the findings are as follows the Spec of TP and an uninterpretable v feature make successive cyclic verb raising possible thus producing a complex verb multiple predicate formation MPF and the Spec TP parameter attribute nonobligatory controlled pro in the subject position of the adjunct to checking the nominative case at the Spec of TP within the adjunct overt verb raising beyond the nonfinite clause boundary enables the long distance A movement in the control constructions the derivational difference among Ni direct passives Ni indirect passives and Ni Yotte direct passives is due to the three corresponding types of checking theta roles and case the impossibility of scrambling Ni indirect passives is predicted by the exhaustion of the theta roles the semantic difference between O causatives and Ni causatives is caused by dative NP s checking case and theta roles no passives of noncoercive causatives are produced because of the exhaustion of theta roles at TP the passivization in double object constructions are limited by the functions of dative markers in case and theta role checking

Production and Comprehension of Utterances (RLE Linguistics B: Grammar) 2014-01-10 in this volume the author reviews the results of research on language performance and proposes a model of production and comprehension although recent developments in linguistics are taken into account consideration of other requirements of a performance model leads to the conclusion that the grammar the speaker has in mind differs from the grammar as currently conceived of by most linguists the author is also critical of recent computer simulations of language performance on the basis that they fall short of describing what goes on in human production and comprehension the author therefore proposes that the basic issues must be rethought and new theoretical foundations reformulated in order to arrive at a viable theory of language functioning in developing the framework of the model presented in this book requirements of flexibility in the performance mechanisms the probabilistic nature of comprehension processes and the interleaving of linguistic rules with context and knowledge of the world are emphasized

Verb-Particle Explorations 2012-02-13 the contributions in this book are a representative cross section of recent research on verb particle constructions the syntactic semantic morphological and psycholinguistic phenomena associated with the constructions in English Dutch German and Swedish are analyzed from the various different theoretical viewpoints

The Serial Verb Construction Parameter 2013-10-31 an investigation of the serial verb construction this work engages central issues in syntactic theory complex predicates clausal architecture and syntactic variation

Verb Movement and Clause Structure in Old Romanian 2016 the book provides a formal analysis of root and complement clauses in Old Romanian focussing on the combination of Balkan syntactic patterns and Romance morphology it presents a new perspective on the manifestation of Balkan Sprachbund properties in the language and on the nature of parametric differences in relation to other Romance languages

A Cognitive Approach to the Verb 2001 no detailed description available for a cognitive approach to the verb

501 German Verbs, Sixth Edition 2023-03-07 choose barron s for language learning a trusted resource for over 50 years this brand new edition of 501 german verbs provides language learners with fingertip access to a carefully curated selection of the 501 most common german verbs in all tenses and moods each verb is listed alphabetically in chart form one verb per page along with its english translation follow the clear concise instruction then take your language fluency to the next level with an online activity center this comprehensive guide also includes updated example sentences for every verb accompanied by the english translation the popular 55 essential verbs feature with an in depth look at usage and formation for the trickiest german verbs hundreds of verb practice drills with detailed answer explanations numerous reference sections including an explanation of german pronunciation special verb uses frequently used expressions and much more online content includes audio program modeling native speaker rhythms and pronunciation four practice quizzes to help you practice german sentence completion conversational dialogue and word completion exercises answer explanations for all questions plus a timed test option and scoring

Frame-Constructional Verb Classes 2020-11-15 while verb classes are a mainstay of linguistic research the field lacks consensus on precisely what constitutes a verb class this book presents a novel approach to verb classes employing a bottom up corpus based methodology and combining key insights from frame semantics construction grammar and valency grammar on this approach verb classes are formulated at varying granularity levels to adequately capture both the shared semantic and syntactic properties unifying verbs of a class and the idiosyncratic properties unique to individual verbs in depth analyses based on this approach shed light on the interrelations between verbs frame semantics and constructions and on the semantic richness and network organization of grammatical constructions this approach is extended to a comparison of change and theft verbs revealing unexpected lexical and syntactic differences across semantically distinct classes finally a range of contrastive german english analyses demonstrate how verb classes can inform the cross linguistic comparison of verbs and constructions

Stretched Verb Constructions in English 2003-09-02 constructions such as make an accusation against or give one s approval for can be seen as stretched versions of simple verbs such as accuse or approve of what is the precise linguistic nature of stretched verbs and how many basic types are there what kinds of grammatical connections are involved and what lexical limits are there on these constructions what is their precise semantic value these are some of the questions that this book sets out to answer in its investigation of stretched verb constructions

Machine Translation 2015-02-04 this book compares and contrasts the principles and practices of rule based machine translation rbmt statistical machine translation smt and example based machine translation ebmt presenting numerous examples the text introduces language divergence as the fundamental challenge to machine translation emphasizes and works out word alignment explores ibm models of machine translation covers the mathematics of phrase based smt provides complete walk throughs of the working of interlingua based and transfer based rbmt and analyzes ebmt showing how translation parts can be extracted and recombined to automatically translate a new input

The Verb Well 2000 regular verbs irregular verbs two word verbs the verb well covers them all each book in the series is a reproducible illustrated compendium of verbs verb forms and verb use 150 verbs each book thematically arranged so as to promote meaningful use and effective recall the verb well introduces learners to the formal variations and the grammatical patterns required for accurate utilisation of a carefully selected range of essential verbs and also displays representative contexts in which these verbs are likely to be encountered in real life a valuable reference for students when difficulties arise and a practical core text for the systematic study or review of english verbs the verb well will be one of those indispensable books you keep coming back to again and again

Verb Classes and Aspect 2015-11-15 this volume offers a variety of perspectives on two of the main topics situated at the crossroads between lexical semantics and syntax namely a aspect and its correspondence with syntactic structure and b the delimitation of syntactic structures from verb classes almost from aristotle s metaphysics it has been assumed that verbs invoke a mental image about the way in which eventualities are distributed over time when it comes to determining time schemata the lexical class to which the verb belongs represents a first step speaking about verb classes does not

exclusively mean a semantic similarity rather verb classes exhibit a bundle of common features and thus show a set of recursive behavior patterns beyond the meaning of the verb both semantic and syntactic factors together with pragmatic ones play a decisive role when establishing the aspectual classification of an eventuality the contributions collected in this book approach the aforementioned lines either analyzing the relationships between aspect and syntactic structure or traversing the path from a verb class to its syntactic manifestation some of them stress diachronic filiations while others include processes of word formation in the debate some of them focus on certain classes such as movement verbs or psychological verbs while others examine specific constructions a number of chapters also discuss relevant theoretical issues concerning the analysis of aspect in sum the kaleidoscopic view provided by this book allows the reader to delve deeper into one of the most controversial as well as exciting topics within current linguistics

The Verb System of Present-Day American English 2017-12-04 the semantics of german verb prefixes is the most comprehensive study ever undertaken in this area of german grammar using an extensive collection of naturally occurring data the author proposes an image schematic interpretation for each of the productive prefixes *be ver er ent zer um über unter* and *durch* these abstract semantic patterns underlie a remarkable range of particular meanings and they consistently account for subtle contrasts between prefixed verbs and alternative constructions such as simple verbs particle verbs and verbs with other prefixes furthermore the author develops a schematic meaning for the prefixed verb construction itself this grammatical meaning reflects the interpreter's perspective and attentional focus as the objective event is imagined to unfold underlying all of these proposals is a novel conception of meaning as a dynamic and flexible process with a constantly active role for the interpreter this volume will be of great value to cognitive linguists as well as scholars and students of german who want to gain insights into a central and puzzling part of the morphosyntax and semantics of the german language

The Semantics of German Verb Prefixes 2015-01-14 this book deals with systems of verb classification in australian aboriginal languages with particular focus on languages of the north west it proposes a typology of the systems according to their main formal and semantic characteristics it also makes some proposals concerning the historical origins and grammaticisation of these systems and suggestions regarding the grammatical relations involved in addition an attempt is made to situate the phenomenon of verb classification within the context of related verbal phenomena such as serial verb constructions nominal incorporation and complex predicates

Tips & Trik Sukses UN B Ingg SMA 2013-06-10 refreshed with a new design oxford practice grammar is a three level english grammar practice series for the classroom or self study its tried and trusted methodology provides clear explanations and lots of extra practice oxford practice grammar knows that students need different types of explanation and practice at each stage of their study basic provides lots of practice and short explanations intermediate gives you more detail with extended practice advanced gives challenging practice activities and in depth explanations great for classroom or self study

Verb Classification in Australian Languages 2020-07-28 grammar by diagram second edition is a book designed for anyone who wishes to improve grammatical understanding and skill using traditional sentence diagramming as a visual tool the book explains how to expand simple sentences into compound complex and compound complex sentences and how to employ verbals infinitives gerunds and participles and other structures for additional variety the text addresses the most frequent usage errors by explaining how to distinguish between adjectives and adverbs how to avoid problems of pronoun case agreement and consistency how to ensure that verbs will agree with their subjects and will be appropriate in terms of tense aspect voice and mood and how to phrase sentences to avoid errors in parallelism or placement of modifiers six appendices incorporate further exercises a summary of key basics from the text and supplemental material not included in the body of the text but useful for quick reference this new edition includes additional exercises and has been revised and updated throughout

Oxford Practice Grammar Basic with answers 2006-07-10 do you have problems with phrasal verbs don't panic you're not alone many english learners find phrasal verbs difficult to remember the secret to learning phrasal verbs is to use them in daily conversation not just memorize them for grammar tests this book contains over 450 everyday conversations and more than 200 exercises which will show you how to really use phrasal verbs like a native speaker for free phrasal verb lists examples and exercises please take a look at my website phrasalverbsexamples.com i hope you enjoy using this book dan shepherd bsc msc

Grammar By Diagram - Second Edition 2015-10-30 in this book leading scholars from every relevant field report on all aspects of compositionality the notion that the meaning of an expression can be derived from its parts understanding how compositionality works is a central element of syntactic and semantic analysis and a challenge for models of cognition it is a key concept in linguistics and philosophy and in the cognitive sciences more generally and is without question one of the most exciting fields in the study of language and mind the authors of this book report critically on lines of research in

different disciplines revealing the connections between them and highlighting current problems and opportunities the force and justification of compositionality have long been contentious first proposed by Frege as the notion that the meaning of an expression is generally determined by the meaning and syntax of its components it has since been deployed as a constraint on the relation between theories of syntax and semantics as a means of analysis and more recently as underlying the structures of representational systems such as computer programs and neural architectures the Oxford Handbook of Compositionality explores these and many other dimensions of this challenging field it will appeal to researchers and advanced students in linguistics and philosophy and to everyone concerned with the study of language and cognition including those working in neuroscience computational science and bioinformatics

Easy Phrasal Verbs 2012-02-09 the Tibetan language comprises a wide range of spoken and written varieties whose known history dates from the 7th century AD to the present day its speakers inhabit a vast area in central Asia and the Himalayas extending into seven modern nation states while its abundant literature includes much of vital importance to the study of Buddhism after surveying all the known varieties of Tibetan including their geographical and historical background this book concentrates on a phonological and grammatical description of the modern spoken Lhasa dialect the standard spoken variety the grammatical framework which has been specially devised to describe this variety is then applied to the written varieties of preclassical and classical Tibetan demonstrating the fundamental unity of the language the writing system is outlined though all examples and texts are given in Roman script and where appropriate the international phonetic alphabet the volume includes a comprehensive bibliography

The Oxford Handbook of Compositionality 1999-01-01 for students this updated guide teaches test taking strategies and tests all the skills needed to do well on the SAT for parents there is a 24 page parent's guide that provides information on financial aid and scholarships

Tibetan 2009-06-15 this book is based on the results of research in language typology and motivated by the need for a theory to explain them the essence of the approach is a that almost all aspects of grammatical structure are language specific and b that language universals are to be found in conceptual structure and in the mapping of conceptual structure on to linguistic form it proposes intimate links between syntactic and semantic structures and argues that the basic elements of any language are not syntactic but syntactic semantic Gestalts Professor Croft puts forward a new approach to syntactic representation and a new model of how language and languages work he covers a wide range of syntactic phenomena illustrating these with examples that show the varied grammatical structures of the world's languages the book will be accessible all linguists at graduate level and beyond

Master The SAT - 2010 2001-10-25 lock down the score you need to get the job you want the bestselling ASVAB for Dummies is back with an updated and expanded annual edition joining the military want to maximize your score and your job flexibility Dummies to the rescue with 2022 2023 ASVAB for Dummies you've got access to an insane amount of test prep and study material including 7 online practice tests flashcards hundreds of practice questions right in the book and a lot more military recruiters trust the #1 bestselling ASVAB study guide on the market to help their prospective enlistees score high on the test check out these insider tips and tricks for test day success from an expert author and practice with example problems until you feel confident learn at your own pace it's all possible next stop basic training learn what the ASVAB is all about including all 10 test sections practice with 7 online practice tests and countless more questions identify the score you need to get the job you want then get that score work through at your own pace and emphasize the areas you need ASVAB for Dummies is a reliable study guide with proven results you don't need anything else get studying recruit

Radical Construction Grammar 1889 this volume as a sequel to fossilization in adult second language acquisition by Han 2004 brings together a collection of most recent theoretical and empirical studies on fossilization a classic problem of second language acquisition it covers a wide range of perspectives and issues the analyses discussed herein address key concerns of many second language researchers and teachers with regard to just how far anyone can go in learning a new language
