discover the magic of pen ink watercolor in this guide jam packed with detailed tips and instructions are you a beginner in sketching or are you a sketcher looking to infuse for colorful magic in your

illustrations do you think that the average art instruction book omits too many steps in explaining the illustration techniques then this book is for you why combine pen inks and watercolor for illustrations pen and ink are the ideal tools to create mind blowing textures and contrasts in illustrations watercolor painting is appealing for the charming effects it creates but notorious for its unpredictability when pen ink and watercolor are combined in an illustration magic happens in this book we will learn how to create this magic of texture contrast and vivid colors what will you learn in this book pen shading techniques like hatching cross hatching contour shading stippling and scribbling acrylic ink shading techniques wet and dry brush techniques for watercolor ink materials used for pen ink watercolor painting these include the conventional materials as well as some exotic materials such as table salt and toothbrush for creating unique effects creating textures using various shading techniques as well as different materials of course the real learning happens by doing not just reading so we will implement all the shading techniques and the brush techniques into ten step by step demonstrations each demonstration will teach you how to do the initial rough pencil sketch line work using pens and coloring the ten step by step demonstrations will cover the following topics a house and a light pole we will start with this beautiful monochrome illustration using pens and black acrylic ink wood and rusted metal texture we will learn to create exquisite textures using pens ink and watercolor in this exercise an old dp distribution point box we will learn how a seemingly uninteresting and mundane subject can be used for a beautiful illustration also textures textures a piece of old abandoned machinery even an ugly subject can be used as inspiration to draw a beautiful illustration the door we will use to capture the power of wooden textures and the charm of the old house in this illustration a stairway to heaven we will learn how to simplify a seemingly complicated subject such as these curvy stairs a charming little lane we will learn how some rustic and subdued color combinations can be used to great effect wall of an old house we will see how to cheat our way to create a pretty illustration from a grey and depressing subject a stone temple we will learn how a colorful illustration can be painted using a very limited color palette buildings in ladakh we will learn to declutter a seemingly overwhelming subject and to create a feel of a scene

this book getting back or into ink pen drawing two is a continuation from my first ink pen drawing book though it isn't exactly in certain terms it is a little difficult so i'm not going to define i did use a fair amount of abstract subject and related too realistic to show some drawing ideas and techniques to make or form a picture for some the subject wasn't of importance the technique and colors used were the working order of the applying and presenting on paper visual ideas color relationships even though i kept them simple a intent of mine due in part to me just re-establishing with ink drawing and i am putting a color relation repertoire together to have a foundation to work from for future art pictures you'll notice i went from one thing to another so in more a other less for some degree this book has different reasons and many aren't that explained in writing while some are i made sure there is decent reason for the pictures i drew and for them to be at or near certain subject for technique and color though some weren't from intention i couldn't have put this book together without my first book even if i didn't exactly peer it down for ideas etc in art i think things or items are led to another from subject parts of the past that are on paper etc by a same kind person so i don't waste time with much of non-useful interest they usually have some items for a new project sometime in the future usually i try to keep them close unless i deviate too far into something these i set aside for another time if it is still an interest
