

Free read Motorcycle labor guide Copy

labor guide to labor law is a comprehensive survey of labor law in the private sector written from the labor perspective for labor relations students and for unions and their members this thoroughly revised and updated fifth edition covers new statutes current issues and the latest developments in labor and employment law the text emphasizes issues of greatest importance to unions and employees where the law permits a union to make certain tactical choices those choices are pointed out material is included on internal union matters that tend to be ignored in management texts bruce s feldacker and michael j hayes cover applicable labor law principles from a union s initial organizing campaign to the mature bargaining relationship including such subjects as the employee right to engage in protected concerted activity the duty to bargain labor arbitration the use of strikes picketing and other economic weapons in resolving a labor dispute the duty of fair representation internal union regulation and employment discrimination this book is also a useful reference and review for full time union officers and representatives who have a working knowledge of labor law but wish to brush up on certain points as needed in their work both authors have extensive experience in the construction field and they have been careful to include material on those aspects of labor law that are unique to that field labor guide to labor law is structured to present an unbiased and comprehensive explanation of labor law principles for anyone interested in the field thus labor relations educators as well as practitioners in the field representing labor management or individual employees should also find the text suitable for their use each chapter includes a summary review questions and answers a restatement of basic legal principles with citations to key cases and a bibliography for additional research an essential resource for workers navigating their retirement and pension options from the labor organizer s perspective researching retirement plans should not take the rest of your life even if deciphering the relevant paperwork seems to have become a full time job deliberately elaborate legalese is obscuring the efforts of financial elites to seize control of workers collective retirement savings and the labor guide to retirement plans is here to translate neoliberal retirement reforms have escalated elites efforts to replace guaranteed workplace retirement plans with weak 401 k like savings accounts and risky stock market investment schemes the result is arguably the largest source of labor value expropriation over the last four decades in light of all this what do workers need to know as they assess their future prospects especially in terms of the security their retirement plans may or may not bring what should union activists keep in mind as they push for the national and workplace reforms needed to produce greater retirement security this nuts and bolts book provides a much needed demystification of the retirement system even more than that the labor guide to retirement plans enables us to take charge of our own personal futures as a first step towards taking back what belongs to us all annotated bibliography and guide to information sources on labour economics evidence based policy making in labor economics distills and condenses the best thinking and research on labor economic issues to enable decision makers make better informed policy decisions written by well known labor economists worldwide research findings on key policy issues are presented in a compact and readable format as distillations of comprehensive evidence based research with concise policy recommendations designed to act as a quick reference this guide brings together summaries of over 100 articles published on iza world of labor to give busy policymakers and political advisors worldwide instant access to reliable and up to date guidance on key policy topics including asylum and immigration policy youth unemployment and life long learning innovation and technological change providing an insightful analysis of the key issues and significant trends relating to labour within the platform economy this modern guide considers the existing comparative evidence covering all world regions it also provides an in depth look at digital labour platforms in their historical economic and geographical contexts worker centers are becoming an important element in labor and community organizing and the struggle for fair pay and decent working conditions for low wage workers especially immigrants there are currently more than two hundred worker centers in the country and more start every month most of these centers struggle as they try to raise funds maintain stable staff and build a membership base for this

book kim bobo and marién casillas pabellón two women with extensive experience supporting and leading worker centers have interviewed staff at a broad range of worker centers with the goal of helping others understand how to start and build their organizations this book is not theoretical but rather is designed to be a practical workbook for staff boards and supporters of worker centers geared toward groups that want to build worker centers this book discusses how to survey the community take on an initial campaign recruit leaders and raise seed funds bobo and casillas pabellón also provide a wealth of advice to help existing centers become stronger and more effective the worker center handbook compiles best practices from around the country on partnering with labor enlisting the assistance of faith communities and lawyers raising funds developing a serious membership program integrating civic engagement work and running major campaigns the authors urge center leaders to both organize and build strong administrative systems full of concrete examples from worker centers around the country the handbook is practical and honest about challenges and opportunities whether you are a supervisor a business owner or an hr professional it is essential that you understand the laws and rules governing how one treats employees and interacts with unions in a comprehensive and accessible format labor law a basic guide to the national labor relations act provides a practice oriented foundation on labor law the book sheds light on one of america s most important laws and one which is also perhaps the most misunderstood this book presents an overview of labor and employment laws such that managers may understand their rights as employers as well and their employees rights it covers an introduction to the topic of labor and employment law as well as a brief history within the united states other chapters deal with unions and union relations collective bargaining agreements grievances labor arbitration unfair labor practice proceedings and strikes and lockouts the author does not focus on complex regulations and convoluted case law but distills them to reveal the essence of the nlra and how it works as important as it is at times labor law can seem counter intuitive written by a highly experienced labor lawyer this book contains concise explanations in an easy to use format clearly delineating a process that can be fraught with traps for the unwary it supplies a quick reference that can be used in a crisis situation to understand the parameters of what you can and cannot do this publication sets out a practical framework for specific measures for trade union involvement at the local national and international levels to protect against the use of child labour based on the variety of approaches taken by workers organisations around the world the book summarises the nature and extent of the child labour problem gives examples of trade union activities in the campaign against child labour sets out a framework for action based on these case studies and examines the international response to child labour this brief but indispensable book outlines in practical language the appropriate behaviors a supervisor should display during a labor organizing campaign to protect the rights of the company the employees and the union supervisors must know exactly how to act this vault career guide provides an inside look at careers in the field of labor and employment law including compensation and lifestyle information for the practice area iza world of labor provides a reliable and concise guide to the best thinking and research on labor economics for decision makers advisors and interested citizens concerned with labor market issues worldwide written by well known labor economists this volume presents research findings on key policy issues in a compact and readable format as distillations of comprehensive evidence based research with concise policy recommendations designed to act as a quick reference this guide brings together summaries of over 100 articles published on the iza world of labor website to give busy policy advisors journalists researchers policymakers and concerned citizens in every country around the world instant access to authoritative guidance on key policy topics these include summaries of the current state of specific country labor markets the effects of climate change part time employment multiple job holding motherhood wage penalty big data and labor market outcomes of trans people
