## ***The International Court of Justice and the Western Tradition of International Law***

1987-08-25

the rise of globalization and the persistence of global poverty are straining the territorial paradigm of human rights this book asks if states possess extraterritorial obligations under existing international human rights law to respect and ensure economic social and cultural rights and how far those duties extend taking a departure point in theory and practice the book is the first of its kind to analyze the principal cross cutting legal issues at stake the legal status of obligations jurisdiction causation division of responsibility and remedies and accountability the book focuses specifically on the role of states but also addresses their duties to regulate powerful nonstate actors the authors demonstrate that many key issues have been resolved or clarified in international law while others remain controversial or await the development of further practice particularly the scope of jurisdiction and the quantitative dimension of extraterritorial obligations to fulfil

## **Textbook on International Law**

1990

revised and expanded for the fifth edition this text provides an academic reference on the subject of land lockedness as it relates to economic development international law

transport economies international organizations and political and economic geography

## Private International Law

1950

this unique book examines the role and impact of human rights norms in international courts other than human rights courts it covers a whole range of courts and jurisdictions looking at the practice of prominent international courts such as the international court of justice and the international criminal court as well as various fora of economic adjudication including the world trade organisation regional integration organisations in europe and africa and investment arbitration the book systematically explores the role of human rights norms at the international tribunal for the law of the sea thereby providing an insight into the future evolution of environmental law towards judicial enforcement at the international level within each jurisdiction under study the respective authors who all are experts within their fields address the role of different categories of human rights as well as the range of available modes of operation of human rights norms

the fifth edition of cases and materials on international law is a topical and engaging companion for study placing international law directly in the context of contemporary debate dixon mccorquodale williams offers broad coverage of international law and is an appropriate match for a range of courses and teaching styles

## ***Human Rights Norms in 'Other' International Courts***

2019-07-31

examines the role and impact of human rights norms in international courts other than human rights courts

## **Public International Law**

1997

there is a growing discrepancy between the output of human rights courts which protect the individual and traditional international institutions which protect the interests of states this volume provides the first systematic analysis of the impact of international human rights courts on more traditional international institutions

## ***The International Court of Justice and the Western Tradition of International Law***

1987

this monograph provides a contemporary analysis of the frictions between peacemaking and international human rights law based on the cases of postconflict power sharing in lebanon and bosnia herzegovina in this context it evaluates the long standing debate in the united nations and human rights bodies about the imperfect peace written from a practitioner scholarly viewpoint and drawing from new authentic sources the book describes the mechanisms used in peace agreements and post conflict constitutions for managing ethnic or religious diversity explains their legal limits under international human rights law and provides a conceptual framework for analysing the nexus between law and peacemaking the book argues that the relationship between the content of peace agreements and post conflict constitutions their negotiation process and the element of time needs to be untangled to better understand the legal limits of statebuilding in the aftermath of armed conflict it is a key resource for scholars in human rights law and peace and conflict studies advisers in peace processes constitution makers and peace mediators

## **Challenging Human Rights Violations: Using International Law in U.S. Courts**

2021-10-25

this important book offers an ambitious and interdisciplinary vision of how private international law or conflict of laws can and must be at the centre of re working both our general understandings of law and concrete legal norms in directions that respond to ever deepening global ecological crises the author demonstrates why paradoxically it is this field of law s specific frontier location at the outpost of the law where it is

viewed from the outside as a mysterious obscurity and from the inside as a self contained normative world that generates its potential power to transform law generally and globally combining pragmatic and pluralist theory with an excavation of shadow ecological dimensions of law the author a recognised global expert offers a truly transnational view put simply it is a generational magnum opus all international and transnational lawyers be they in the private and public field should read this book

## **Cases and Materials on International Law**

2011

the constitution as treaty addresses u s constitutional interpretation from a novel yet originalist perspective the u s constitution is a treaty as a treaty the constitution must be construed in conformity with the united states international legal obligations this book specifically examines how federal courts are international courts and as international courts how they can directly apply international law and construe federal law in conformity with international law most importantly the constitution as treaty demonstrates that the federal courts authority to review the constitutionality of federal and state law is based on international law

## ***Human Rights Norms in 'Other' International Courts***

2019-07-25

why there should be a larger role for the judiciary in american foreign relations in the past several decades there has been a growing chorus of voices contending that the supreme court and federal judiciary should stay out of foreign affairs and leave the field to congress and the president challenging this idea restoring the global judiciary argues instead for a robust judicial role in the conduct of u s foreign policy with an innovative combination of constitutional history international relations theory and legal doctrine martin flaherty demonstrates that the supreme court and federal judiciary have the power and duty to apply the law without deference to the other branches turning first to the founding of the nation flaherty shows that the constitution s original commitment to separation of powers was as strong in foreign as domestic matters not least because the document shifted enormous authority to the new federal government this initial conception eroded as the nation rose from

fledgling state to superpower fueling the growth of a dangerously formidable executive that today asserts near plenary foreign affairs authority flaherty explores how modern international relations makes the commitment to balance among the branches of government all the more critical and he considers implications for modern controversies that the judiciary will continue to confront at a time when executive and legislative actions in the name of u s foreign policy are only increasing restoring the global judiciary makes the case for a zealous judicial defense of fundamental rights involving global affairs

## ***The Impact of Human Rights Law on General International Law***

2009-02-05

international law holds a paradoxical position with territory most rules of international law are traditionally based on the notion of state territory and territoriality still significantly shapes our contemporary legal system at the same time new developments have challenged territory as the main organising principle in international relations three trends in particular have affected the role of territoriality in international law the move towards functional regimes the rise of cosmopolitan projects claiming to transgress state boundaries and the development of technologies resulting in the need to address intangible non territorial phenomena yet notwithstanding some profound changes it remains impossible to think of international law without a territorial locus if international law is undergoing changes this implies a reconfiguration of territory but not a move beyond it the netherlands yearbook of international law was first published in 1970 it offers a forum for the publication of scholarly articles of a conceptual nature in a varying thematic area of public international law

## **International Law and Diplomacy**

2004

this book distills the essential elements of world politics both the enduring characteristics as well as the revolutionary changes that may be altering the very fabric of the centuries old state system author j martin rochester explores all the

important topics that one would expect to find in an ir text war diplomacy foreign policy international law and organization the international economy and more but injects fresh perspectives on how globalization and other contemporary trends are affecting these issues in addition the author does so through a highly engaging lively writing style that will appeal to today s students fundamental principles of international relations is a tightly woven treatment of international politics past and present drawing on the latest academic scholarship while avoiding excessive jargon and utilizing pedagogical aids while avoiding clutter rochester ultimately challenges the reader to think critically about the future of a post cold war and post 9 11 world that is arguably more complex if not more dangerous than some previous eras with the potential for promise as well as peril

## ***Peacemaking, Power-sharing and International Law***

2019-09-05

the doctrine of intertemporality prohibits the retroactive application of norms of international law in contentious proceedings and obliges the deciding court to positively ascertain the applicable historic rules in situations in which the historic interaction between a european and a non european entity needs to be litigated problems arise international law is lacking a universally recognised methodology particularly regarding its unwritten rules also the historic non european peoples were often relied on oral tradition and did not produce any documentary evidence of their historic legal orders historically different regions of the world produced independent legal regimes meta law governing the interactions between entities of different regimes was non existent since no regional order did claim global rule hence there were no rules governing the interactions between european and non european entities the applicable historic law is presently ascertained by recourse to specific european phenomena in contentious proceedings this methodology leads to a situation of differend a situation in which the method of solving the dispute already vindicates the position of one of the parties to the dispute

## ***The Law's Ultimate Frontier: Towards an Ecological***

# Jurisprudence

2023

the book is a comparative study in the status of international human rights norms in the domestic law of all the nordic countries and the three baltic states estonia latvia and lithuania an amazingly rapid development towards direct applicability of international human rights treaties has taken place in recent years in all the countries in question this book provides in depth analysis of the situation in the eight countries each country specific chapter is followed by a document section depending on the country in question the documents include constitutional texts incorporation enactments of human rights treaties court rulings etc the english translations of the constitutions of estonia latvia and lithuania are given in full the book includes a foreword by dr ole espersen the council of the baltic sea states commissioner on democratic institutions and human rights including the rights of persons belonging to minorities

## The Constitution as Treaty

2007-09-24

this book offers a broad perspective of revolutionary territorial politics by putting secession in the context of other forms of revolutionary territorial politics this allows for a more complex and profound account of secession and offers the reader a conceptual approach to politics of revolutionary discontent with territorial status quo second the book provides a multidiscursive approach which combines the efforts of constitutional and comparative constitutional law scholars with international lawyers eu lawyers and specialists in international relations this allows for multifaceted and in that regard more adequate balanced and rich analysis of secession and the other forms of revolutionary territorial politics

## Restoring the Global Judiciary

2022-05-17

this book collects works by the late professor martin wight 1913 1972 an historian and

scholar of international relations he conducted research on many topics including british colonial history european studies international institutions and the history and sociology of states systems he is nonetheless best known for his teaching about the political philosophy of international relations at the london school of economics 1949 1961 and the university of sussex 1961 1972 he is widely regarded as an intellectual ancestor and path breaker of the english school of international relations even though this term only gained currency nine years after his death while there is no generally accepted definition of the english school it is usually construed as signifying an approach to the study of international relations more rooted in historical and humanistic learning than in the social sciences wight s achievements are consistent with this broad definition this volume includes works in four categories a traditions of thinking about international relations since the sixteenth century b the causes and functions of war c international and regime legitimacy and d fortune and irony in international politics in addition to classic essays such as why is there no international theory and western values in international relations that complement his posthumous 1991 book international theory the three traditions this volume includes previously unpublished works on international legitimacy and the causes of war wight s analysis of legitimacy examines the evolution of thinking from dynastic to popular approaches while his work on the causes of war builds on thucydides and hobbes

## **Netherlands Yearbook of International Law 2016**

2017-12-13

the international community has generated several hundred multilateral environmental agreements yet it has been far less successful in developing means to ensure that contracting parties honour them in practice the subject of law enforcement has traditionally attracted relatively little attention amongst international policy makers at the formation stage of a multilateral environmental accord commonly the question of how to secure collective adherence to environmental treaty regimes might well only be considered in depth at a much later stage of an environmental agreement s evolution if at all at the same time the significance of the issue of enforcement has gradually received more considered attention by states and international institutions providing an analysis of the nature extent and current state of the international legal framework concerned with enhancing effective implementation of international environmental law this book considers the scope and

impact of international rules of law whose remit is to require or promote compliance by states with their international environmental legal obligations

## **Fundamental Principles of International Relations**

2010-10

this book considers the international law applicable to maritime interception operations mio conducted on the high seas and within the context of international peace and security mio being a much used naval operational activity employed within the entire spectrum of today s conflicts the book deals with the legal aspects flowing from the boarding and searching of foreign flagged vessels and the possible arrest of persons and confiscation of goods and analyses the applicable law with regard to maritime interception operations through the legal bases and legal regimes considered are mio undertaken based on for instance the un collective security system maritime embargo operations self defence and ad hoc consent and within the context of legal regimes various views are provided on the right of visit the use of force and the use of detention this volume which has contemporary naval operations as its central focus and structures the analysis as a sub discipline of the international law of military operations will be of great interest both to academics practitioners and policy advisors working or involved in the field of military and naval operations and to those professionals wanting to learn more about the international law of military operations naval operations and the law of the sea and maritime security martin fink is a naval and legal officer in the royal netherlands navy

## ***The Application of the Doctrine of Intertemporality in Contentious Proceedings***

2021

international human rights and humanitarian law treaties cases and analysis introduces the reader to the international legal instruments and case law governing the substantive and procedural dimensions of international human rights and humanitarian law including economic social and cultural rights the book which was originally published in 2006 also discusses the history and organisational structure of human rights and humanitarian law enforcement mechanisms a chapter is devoted a

chapter to the issues surrounding the incorporation of international law into u s law including principles of constitutional and statutory interpretation conflict rules and the self execution doctrine questions and comments sections provide critical analyses of issues raised in the materials the last chapter addresses theoretical issues facing contemporary international human rights and humanitarian law and its enforcement
