Teaching Excellence

2019-02-21

teaching excellence a field guide for coaching and developing novice teachers is the cumulative learnings of the teaching excellence team at yes prep public schools in houston tx since 2004 this group has been charged with accelerating the onboarding and effectiveness of their districts novice teachers and ensuring that they support their students in reaching the lofty goals set for them in that time yes prep s networks of 6 12th grade campuses has consistently ranked among the top of city wide state wide and nation wide lists of schools which are both the most challenging and the most successful at closing opportunity gaps having been awarded the first ever broad prize for public charter schools in 2012 yes prep s students persist through college at a rate much higher than their socioeconomic peers these results are sustained through yes prep s growth throughout the city and it is accomplished with an incredibly powerful teaching force one that is regularly 20 25 brand new to the profession their new teacher persistence also outpaces national expectations the teaching excellence team housed within yes prep public schools has partnered with both public and charter school districts throughout texas and served as a collaborator and thought leader with novice teacher development organizations all across the nation what was once a small team of teacher educators experimenting with new techniques and methods has become a comprehensive system of supports and best practices as a result of implementing these techniques strong teachers have become highly effective instructional coaches that then become strong campus leaders themselves the practices contained in this book can be applied at the grade level campus organization or district level and ensure new teachers have what they need to be successful this book is this team s attempt to remove the site specific information and communicate teacher educator best practices in a way that can be adapted by anyone who supports novice teachers and who wants to improve their own effectiveness regardless of their role or environment

From Trainee to Teacher

2016

for many novice esl efl teachers the transition from their teacher education program cert or ma to their first year of teaching has been characterized as a type of reality shock because the ideals that novice teachers may have formed during the education program are often replaced by the harsh realities of the classroom and social and political contexts of the school in which they are teaching one reason for this may be that teacher education programs are unable to reproduce an environment similar to that teachers face when they graduate even though many schools may have induction programs available novice teachers are often left to cope on their own in a sink or swim type situation with some ultimately leaving the profession because of difficulties encountered during their first year every teacher must experience life as a novice when they begin their teaching career in a real classroom and from trainee to teacher is the book that will make the transition from the training course to the classroom as smooth as possible because it focuses on the needs of the novice teachers in particular from trainee to teacher outlines and describes a comprehensive framework for the professional development of novice teachers through reflective practice that is grounded in the classroom realities of real teaching contexts so that they can develop beyond their novice years and become expert esl efl teachers in addition the suggestions presented in this book can be operationalized as standards for future esl efl teacher education and development programs worldwide

Facing Challenges and Complexities in Retention of Novice Teachers

2018-11-01

Teaching Core Practices in Teacher Education

2021-02-26

in teaching core practices in teacher education pam grossman and her colleagues advocate an approach to practice based teacher education that identifies core practices of teaching and supports novice teachers in learning how to enact them competently examples of core practices include facilitating whole class discussion eliciting student thinking and maintaining classroom norms the contributors argue that teacher education needs to do more to help teachers master these professional skills rather than simply emphasizing content knowledge teaching core practices in teacher education outlines a series of pedagogies that teacher educators can use to help preservice students develop these teaching skills pedagogies include representations of practice ways to show what this skill looks like and break it down into its component parts and approximations of practice the ways preservice teachers can try these skills out as they learn vignettes throughout the book illustrate how core practices can be incorporated into the teacher education curriculum the book draws on the work of a consortium of teacher educators from thirteen universities devoted to describing and enacting pedagogies to help novice

teachers develop these core practices in support of ambitious and equitable instruction their aim is to support teacher educator learning across institutions content domains and grade levels the book also addresses efforts to support teacher learning outside formal teacher education programs contributors chandra l alston andrea bien janet carlson ashley cartun katie a danielson elizabeth a davis christopher g pupik dean brad fogo megan franke hala ghousseini lightning peter jay sarah schneider kavanagh elham kazemi megan kelley petersen matthew kloster sarah mcgrew chauncey monte sano abby reisman melissa a scheve kristine m schutz megan shaughnessy andrea wells

Professional Development through Mentoring

2019-08-08

in their book othman and senom provide a unique insight into the challenges faced by novice english as a second language esl teachers and establish how mentoring can provide effective support for new teachers professional development the book demonstrates the theoretical background for viewing mentoring as a process crucial to novice teachers development particularly to the teachers ability to succeed and grow in a specific workplace environment using case studies from a malaysian context this book provides a comprehensive understanding of how mentoring can serve as a strategy to facilitate the transition of novice esl teachers from a teacher education programme to life in real classrooms through its case studies the book will examine both theoretical and practical issues for mentors teacher educators policymakers and administrators when mentoring new esl teachers this book will be valuable to researchers who are particularly interested in exploring novice teachers identity development and experienced teachers to help guide new teachers through the socialization process in their schools

Developing Reflective Practice: A Guide For Beginning Teachers

2011-08-01

this book adopted a qualitative research methodology to explore novice teachers professional development tpd under the background of the new curriculum reform in mainland china with a purposeful sampling strategy in depth semi structured interviews were employed to collect data from twelve novice primary school teachers as the specific design of the qualitative method and research procedures have been demonstrated this book could be the reading material for the courses such as qualitative research methodology undergraduate and postgraduate students who would learn qualitative research could be targeted as the audiences additionally this book provides suggestions for pre service and novice teachers the study found

that although tpd programs and better welfare are desirable collegial support from seniors internet resources and online courses and self reflection were more direct and effective in enhancing professional growth and reducing negative emotions developed from challenges in classroom management workload and accountability this book also suggests three directions for the future development of tpd to school leaders and policymakers first more training on classroom management and time management is helpful as poor classroom management and excessive workload were the causes of teacher burnout second more school level mentoring is wanted because it is considered more effective than the state and individual level opportunities of tpd more development opportunities for teachers in rural areas are required to improve their professional competence and narrow their gap with their urban counterparts
