We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant.

Microeconomics

2021

Oil, gas, and mineral deposits are a substantial part of the wealth of many countries, not least in developing and emerging market economies. Harnessing some part of that wealth for fiscal purposes is critical for economic development. This book shows how the harnessing in a few areas of economic life are the returns to good policy.
