ireland is implementing labour market and skills policy and putting measures in place at the local level to stimulate quality employment inclusion and growth this report looks at a range of local employment and economic development issues in saskatchewan and the yukon canada with a focus on indigenous peoples this report delivers evidence based and practical recommendations on how to better support employment and economic development in canada covid 19 is likely to leave long lasting effects on local labour markets it is accelerating a pre existing trend towards automation as firms look even more to new technologies to pandemic proof their operations covid 19 has led to a labour market shock in canada and is likely to generate a profound reflection on production and consumption habits covid 19 is also likely to accelerate automation as firms look to new technologies to pandemic proof their operations montreal has huge potential to become one of the most dynamic cities across oecd countries thanks to its talented and creative population yet the city has not demonstrated outstanding results in terms of job creation and collective wealth generation in the past few years this report examines over the last years creating shared value has become a much discussed concept in business practice as well as in management theory and especially in the context of corporate social responsibility this book offers a contribution to the current academic discussions on the well received article of michael porter and marc kramer in harvard business review in 2011 in the light of the increasing references to the shared value concept it develops a critical discussion on its fundamentals and its implications for the relationship between economy and society by that the book seeks to shed light on the understanding of the role and the nature of the firm in a globalized economy the result is a collection of interdisciplinary academic reviews which offer interdisciplinary reflections on creating shared value to illuminate theoretical conceptual and practical challenges of the topic within the fields of business ethics theory of the firm management and philosophy researcher students and practitioners will be given a deeper insight on how to approach to the concept in a conceptional and philosophical way this new edition contains updated information including inserting hot graphics photos and movie clips and using sound and music to make pages more interesting the book covers page formatting and frames and includes fun design ideas for use on readers sites emphasis is on creating new pages with attention paid to maintaining previously existing content 150 illustrations the concept of creating shared value csv creating economic value in a way that also creates value for the whole of society has risen in prominence as a corporate policy

and a strategy in recent years mainly for third sector or development organisations however while it has received considerable interest among business leaders and practitioners it has also sparked a bitter debate among academics proponents and sceptics of the idea starting from this argument the book develops a meta critical examination of the hidden presuppositions of both supporters and critics of creating shared value particular in relation to the concept of value it is argued that there are not two separate types of value i e an economic value and a social value but only a unique one which essentially means the creation of well being if anything the distinction that is drawn relates to the value capture how the value created is distributed among different stakeholders and not to value creation additions to potential well being since the notion of value itself is univocal behind the debate are two implicit opposed viewpoints on the philosophy of history an antagonistic pessimistic and a cooperative optimistic view the authors are thus led to a discussion of which of the two visions appears to be the most rational in today's world the book is addressed to readers with an interest in the core concept of value primarily in economics strategic management and philosophy build a life that delivers success and is deeply fulfilling what you choose on this day will be a pivotal point that will change your life forever will you take the challenge to improve your life can you take the first step to create your very own wonderful life do you want to have truly effective communication skills a positive mind and resilient outlook make the right choices even in demanding and stressful situations know how to create robust and realistic goals and then plan manage and review your progress towards your goals and importantly make adjustments to achieve your goals develop your own personal and powerful winners strategy if you answer yes to these questions creating a wonderful life the book is for you written in an uncomplicated style and jargon free enabling you to easily take the actions required to create your own wonderful life the book also includes highlighted insights for some key learning points making it exceptionally easy for you to capture the important points you'll find examples from real life experiences diagrams and easy to follow instructions and lots of actions to take want to build the masterpiece that is you this is the book that will change your life forever take the first step into your wonderful life now and buy creating a wonderful life today

Creating Shared Value - Concepts, Experience, Criticism

2017-01-05

the concept of creating shared value csv creating economic value in a way that also creates value for the whole of society has risen in prominence as a corporate policy and a strategy in recent years mainly for third sector or development organisations however while it has received considerable interest among business leaders and practitioners it has also sparked a bitter debate among academics proponents and sceptics of the idea starting from this argument the book develops a meta critical examination of the hidden presuppositions of both supporters and critics of creating shared value particular in relation to the concept of value it is argued that there are not two separate types of value i e an economic value and a social value but only a unique one which essentially means the creation of well being if anything the distinction that is drawn relates to the value capture how the value created is distributed among different staekholders and not to value creation additions to potential well being since the notion of value itself is univocal behind the debate are two implicit opposed viewpoints on the philosophy of history an antagonistic pessimistic and a cooperative optimistic view the authors are thus led to a discussion of which of the two visions appears to be the most rational in today s world the book is addressed to readers with an interest in the core concept of value primarily in economics strategic management and philosophy
