transform your e book aspirations your success awaits in the 1930 s and 1940 s the prevalent american view of china was that of a friendly democratic and increasingly christian state in many ways akin to the united states this view was fostered by a wide range of literary political and business leaders including pearl s buck franklin d roosevelt wendell willkie joseph stillwell claire chennault and most notably the powerful publisher of life and time henry r luce this book shows how the notion of the chinese as aspiring americans helped shape american opinions and policies toward asia for almost twenty years this notion derived less from the reality of chinese historical or cultural similarities than from a projection of american values and culture in the american view fueled by various political economic and religious interests china was less a geographical entity than a symbol of american hopes and fears one of the more important consequences was the idealization of china and the demonization of japan practical advice on how to start and run a successful business including information on the real estate market and cultivating personal relationships in the twentieth century marxism challenged laissez faire economics psychoanalysis reinterpreted the processes of thought and evolution discredited the idea of creation these changes profoundly affected american protestantism ferré examines the belief system that underlies what middle class protestants chose to read educating the germans examines the role of the british in the reconstruction of education in occupied germany from

1945 to 1949 it covers war time planning for a future role in overseeing education at all levels in germany looks at policy and its implementation describes the british personnel involved and their interaction with german authorities and assesses the lasting effects of the british effort in securing the future development of education from kindergarten to university in the emerging federal republic thoroughly researched and employing a wide range of sources in britain and germany this is an important study for anyone looking to further their understanding of germany and britain s relationship with germany in the immediate post war era bringin together key theoretical texts from respected names in the field including andre bevin walter benjamin and vivian sobchack this book examines more than a century of writing on film and technology andrew l yarrow tells the story of look magazine one of the greatest mass circulation publications in american history and the very different united states in which it existed the all but forgotten magazine had an extraordinary influence on mid twentieth century america not only by telling powerful thoughtful stories and printing outstanding photographs but also by helping to create a national conversation around a common set of ideas and ideals yarrow describes how the magazine covered the united states and the world telling stories of people and trends injustices and triumphs and included essays by prominent americans such as martin luther king jr and margaret mead it did not shy away from exposing the country s problems but it always believed

that those problems could be solved look which was published from 1937 to 1971 and had about 35 million readers at its peak was an astute observer with a distinctive take on one of the greatest eras in u s history from winning world war ii and building immense increasingly inclusive prosperity to celebrating grand achievements and advancing the rights of black and female citizens because the magazine shaped americans beliefs while guiding the country through a period of profound social and cultural change this is also a story about how a long gone form of journalism helped make america better and assured readers it could be better still reprint of the original first published in 1880 this textbook is an interdisciplinary collection of scholarly and religious articles about asian american christianity its four sections contexts sites identity and voices offer in depth understanding of both catholic and protestant traditions practices theologies and faith communities it also highlights diversity and complexity across lines of gender generation denomination race and ethnicity in asian american christianity
