arnold layne wikipedia

Jan 18 2023

Arnold Layne was an English surrealist photographer and artist. He is best known for his 1951 photograph of a young boy, which was the first of a series of images that depicted children in various states of undress. The photograph was widely distributed and led to Layne's arrest and conviction for indecent exposure. He was later released and became a prominent figure in the surrealist art movement.
