this guide contains a new approach to looking at and appreciating art one not found elsewhere it makes you aware of abilities you already have to see things in various ways the key to these abilities is what i call the visual ego the place between your eyes from which you see the world the guide then describes a series of particular ways of seeing and making works of art

finally it applies these ways which i call perspectives to works of art painting sculpture architecture and the decorative arts covering a period of some seventy thousand years the results i find to be amazing including new understandings and appreciation of many works of art and artists and their place in the history of art
