important using the practice tests will help you prepare for this taking as many of the practice tests as possible and making sure to time yourself will help you become accustomed to the time constraints repeating this process will help you develop speed in answering the questions because you will become more familiar with the format first make sure you know how much time you have to complete each section second read the directions to each section so that you understand it completely third you should become familiar with the three parts of the elpt these sections are part a listening comprehension rejoinders in this section which makes up 17 percent of the test your ability to respond to and understand spoken english will be tested a tape recording of conversations will be played for you you will then have seven seconds to choose the answer that would best continue the conversation the questions the conversations and the answer choices will not appear in your test booklet when you take the sample tests take part a for tests 1 4 by using the provided tapes students will be given 10 minutes to complete the 14 questions in part a to study for this section turn to the listening comprehension review rejoinders part b reading comprehension realia this section which makes up 50 percent of the test will test your ability to understand written english through published material such as signs advertisements directions menus labels tickets and street signs the items in this section will include a piece of realia and test the students ability to understand its content students will be given 30 minutes to complete the 42 questions in part b to study for this section turn to the reading comprehension review realia part c listening comprehension narratives and dialogues this part which makes up 33 percent of the test will have several spoken announcements or conversations which the students listen to and then answer questions about the content or main points of what was said on the tape the students will be given 12 seconds to complete each question part c has 28

questions that must be completed in 20 minutes to study for this section turn to the listening comprehension review narratives and dialogues about the review sections our reviews are written to help you understand the concepts behind the questions which will be asked in the elpt they will help you to prepare for the actual test they contain study tips on how to choose the best answer quickly and accurately also there will be many drills which will help you in studying for the elpt you should use the reviews in conjunction with the diagnostic test and its cross referencing table which can show you what areas you need to study the most the three review sections in this book correspond to the test sections of the official elpt listening comprehension reviews both listening comprehension parts of the elpt rejoinders and narratives and dialogues will be discussed in great detail in this review it will illustrate for you the different forms of questions that may appear in those parts of the elpt through using this review you will learn how to listen for key words and phrases a number of study tips have been included to help you concentrate more effectively and choose the correct answer quickly reading comprehension review this review will describe for you the realia that will be presented in part b of the elpt the review will help you learn how to understand the content of various signs menus directions etc studying for the elpt at first glance the elpt may appear to be primarily a test of written english however the elpt not only tests your written english ability but it also tests your ability to understand spoken english by using the tests contained in this book you will be able to develop your abilities in both of these areas it is important for you to discover the time and place that works best for you some students may set aside a certain number of hours every morning to study while others may choose to study at night before going to sleep other students may study during the day while waiting on line or they may even listen to english tapes while doing chores only

you can determine when and where your study time will be most effective the most important factor to keep in mind is consistency work out a study routine and stick to it you may want to follow a schedule similar to the one presented at the beginning of this book depending on how long before the exam you begin to study you may want to add to this schedule or condense it be sure to take the first practice test before you begin studying the reviews in this book by taking the practice test before studying you will determine your strengths and weaknesses enabling your studying to be more concise and effective when you take the practice tests you should sit down at a quiet table and time yourself try to make the conditions as much like a test center as possible by removing all distractions afterwards you should check each answer and thoroughly review the reasoning behind each question that you missed you should not review too much at one time concentrate on each of your problem areas individually until you feel comfortable with your ability in each of those areas write in the margins and spaces of this book when practicing and write in the test booklet when taking the test you should use this space to make notes to yourself especially notes to go back to a certain question you should also cross out answers that you know are incorrect although you can write in your test booklet make sure you do not write anything on your answer sheet except to mark the answer you chose keep track of your scores you will be able to gauge your progress and discover general weaknesses in particular sections you may find it very helpful to work with someone else if possible you should find a friend or classmate who is also taking the test you may even find it convenient to ask a native speaker of english to help you practice elpt test taking tips you may be unfamiliar with standardized tests such as the elpt there are many ways to acquaint yourself with this type of examination listed below are points to help you become familiar with the elpt

some of which may be applied to other standardized tests how to beat the clock become comfortable with the format of the exam when you are practicing to take the elpt pretend that you are under the same time constraints as you would during the test stay calm pace yourself and pay attention to the clock practice these techniques thoroughly after simulating the test only a few times you will be better able to sit down for the actual elpt much more confidently and boost your chances of doing well become familiar with the directions make sure you understand them before you take the exam so that you do not waste valuable time on the exam know the format for each section before you actually take the test this will not only save you valuable time but also ensure that you are familiar enough with the exam to avoid nervousness and the mistakes that come from being nervous work on the easier questions first mark the very difficult questions in the test booklet not on the answer sheet and continue remember only correct answers will be counted in your score you will not be penalized for guessing so when you have either answered or marked all of the questions go back and answer any of the difficult questions that you may have skipped if you find yourself working too long on one question mark it and go on be sure that you are marking your answer in the space that corresponds to the number of the question in the test booklet know how much time is allowed for each section remember that you are racing against the clock this is why you should not spend too much time on a single question budget your time every question has the same value whether it is difficult or easy so it is important to move on if a question becomes too time consuming pace yourself and make sure to check your time periodically to make sure that you are moving at a good rate should i guess if you don't know the answer to a question guess cross out and eliminate answers in the test booklet that you know are wrong and then pick the best answer from the ones that are left even if you can't eliminate

---

any answers guess anyway remember that there is no penalty for guessing and only correct answers are counted if you guess you may increase your number of correct answers the day of the test on the day of the test you should wake up early hopefully after a decent night s rest and have a good breakfast make sure you dress comfortably so that you are not distracted by being too hot or too cold while taking the exam you should plan to arrive at the test site early by being early you will spare yourself the anxiety of being late for the test it will also allow you to collect your thoughts and to relax before taking the exam before you leave your home make sure you have all the necessary information to be admitted into the test site you should consult your elpt handbook for exact requirements make sure you bring at least two sharpened 2 or hb pencils with erasers to the exam the pencils should be medium soft with black lead you may want to wear a watch to the test site however only ordinary watches will be permitted watches with alarms calculator functions flashing lights beeping sounds etc will not be allowed in the test site no food will be allowed into the examination room during the test when you arrive at the test center you will be assigned a seat in the examination room by a member of the test site staff you will not receive a break during the examination if you need to use the rest room or if you become ill you may leave the examination room but you must first give the test supervisor your identification documents before you leave the room if you do leave the room you will not be allowed to make up any lost time once you enter the test site follow all the instructions given by the test supervisor if you do not you risk being dismissed from the examination or having your elpt scores voided they will not be scored your answer sheet will not be scored and your test payment will not be refunded if you try to remove a test booklet an answer sheet or any tape from the test center all the test materials are the property of educational testing service and legal

action may be taken against you if you try to take home test materials or copy them in any way there are also regulations that if not followed will void your answer sheet and then your test payment will not be refunded for any reason check your elpt handbook for a list of these regulations when all of the test materials have been passed out the test instructor will give you directions for filling out one side of your answer sheet you must fill out this sheet carefully since this information will be printed on your score report fill out your name exactly as it appears on your identification documents unless otherwise instructed remember to write in the margins and spaces of your test booklet leaving notes for yourself to return to a question or just to cross out incorrect answers make sure you do not write on your answer sheet except to fill in the oval corresponding to the answer you chose you will be marking your answers on the side two of your answer sheet each numbered row will contain four ovals corresponding to each answer choice for that question fill in the oval which corresponds to your answer darkly completely and in a neat manner you can change your answer but remember to completely erase your old answer only one answer should be marked this is very important as your answer sheet will be scored by machine and stray lines or unnecessary marks may cause the machine to score your answers incorrectly only work on the section of the test which the test instructor has instructed you to work on you should begin only when instructed to do so and stop immediately when instructed to end do not turn to the next section of the test until you are told to do so when all of the sections have been completed you should remain seated until all of the test materials have been collected you will have to wait for your test results to arrive in the mail which usually takes about one month
